RISK IN RELATION TO THE FIRST OFFER

This being the first public offer of our Company, there has been no formal market for the securities of the Company. The face value of the Equity Shares is ₹ 10 and the Offer Price is [●]. The Offer Price is determined and justified by our Company in consultation with the Lead Manager as stated in “Basis for Offer Price” on page 103 and should not be taken to be indicative of the market price of the Equity Shares after the Equity Shares are listed. No assurance can be given regarding an active or sustained trading in the Equity Shares or regarding the price at which the Equity Shares or regarding the price at which the Equity Shares will be traded after listing.

GENERAL RISKS

Investments in equity and equity-related securities involve a degree of risk and investors should not invest any funds in this Offer unless they can afford to take the risk of losing their entire investment. Investors are advised to read the risk factors carefully before taking an investment decision in the Offer. For taking an investment decision, investors must rely on their own examination of our Company and the Offer including the risks involved. The Equity Shares issued in the Offer have not been recommended or approved by the Securities and Exchange Board of India (“SEBI”), nor does SEBI guarantee the accuracy or adequacy of this Draft Prospectus. Specific attention of the investors is invited to the section “Risk Factors” on page 28.

The words and expressions used but not defined in this Draft Prospectus will have the same meaning as assigned to such terms under the Companies Act, 2013, the Securities and Exchange Board of India Act, 1992 (the “**SEBI Act**”), the SCRA, SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018 the Depositories Act and the rules and regulations made thereunder.

CERTAIN CONVENTIONS, PRESENTATION OF FINANCIAL, INDUSTRY AND MARKET DATA AND CURRENCY OF PRESENTATION

Certain Conventions

All references to “India” contained in this Draft Prospectus are to the Republic of India and its territories and possessions. All references to the “Government”, “Indian Government”, “GOI”, “Central Government” or the “State Government” are to the Government of India, central or state, as applicable. All references to the “U.S.”, “US”, “U.S.A” or “United States” are to the United States of America and its territories and possessions.

Unless otherwise specified, any time mentioned in this Draft Prospectus is in Indian Standard Time (“IST”). Unless indicated otherwise, all references to a year in this Draft Prospectus are to a calendar year. Further, unless stated otherwise, all references to page numbers in this Draft Prospectus are to the page numbers of this Draft Prospectus.

Financial Data

Unless the context requires otherwise, the financial information in this Draft Prospectus is derived from our Restated Consolidated Financial Statements. Our Company’s financial year commences on April 1 of the immediately preceding calendar year and ends on March 31 of that particular calendar year, so all references to a particular financial year or fiscal are to the 12-month period commencing on April 1 of the immediately preceding calendar year and ending on March 31 of that particular calendar year. Unless the context requires otherwise, all references to a year in this Draft Prospectus are to a calendar year and references to a Fiscal/Fiscal Year are to the year ended on March 31, of that calendar year.

The degree to which the Restated Consolidated Financial Statements for the financial years ended March 31, 2024, 2023 and 2022 and for the three months period ended June 30, 2024 included in this Draft Prospectus will provide meaningful information is entirely dependent on the reader’s level of familiarity with Indian accounting policies and practices, Indian GAAP, the Companies Act and SEBI ICDR Regulations. Any reliance by persons not familiar with the aforementioned policies and laws on the financial disclosures presented in this Draft Prospectus should be limited. There are significant differences between Indian GAAP, U.S. GAAP and IFRS. Our Company does not provide a reconciliation of its financial statements with Indian GAAP, IFRS or U.S. GAAP requirements. Our Company has not attempted to explain those differences or quantify their impact on the financial data included in this Draft Prospectus and it is urged that you consult your own advisors regarding such differences and their impact on our financial data.

Any percentage amounts, as set forth in “*Risk Factors*”, “*Our Business*”, “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” and elsewhere in this Draft Prospectus unless otherwise indicated, have been calculated on the basis of the Company’s Restated Consolidated Financial Statements prepared in accordance with the applicable provisions of the Companies Act, Indian GAAP and restated in accordance with SEBI ICDR Regulations, as stated in the report of our Statutory Auditor, set out in chapter titled “*Restated Consolidated Financial Statements*” on page 190.

Currency and Units of Presentation

All references to “**Rupees**” or “**₹**” or “**Rs.**” are to Indian Rupees, the official currency of the Republic of India.

All references to “**US\$**”, “**US Dollar**”, or “**USD**” are to United States Dollars, the official currency of the United States of America.

All references to “**Euro**” or “**€**” are to Euro, the official currency of the European Union.

In this Draft Prospectus, our Company has presented certain numerical information. All figures have been expressed in lakhs. One lakh represents ‘lakh’ or 1,00,000 and one million represents ‘million’ or 10,00,000. However, where any figures that may have been sourced from third-party industry sources are expressed in denominations other than million, such figures appear in this Draft Prospectus expressed in such denominations as provided in their respective sources.

In this Draft Prospectus, any discrepancies in any table between total and the sum of the amounts listed are due to rounding-off. All figures in decimals have been rounded off to the second decimal and all percentage figures have been rounded off to two decimal places. In certain instances, (i) the sum or percentage change of such numbers may not conform exactly to the total figure given; and (ii) the sum of the numbers in a column or row in certain tables may not conform exactly to the total figure given for that column or row.

Definitions

For definitions, please see “*Definitions and Abbreviations*” on page 5. In the Section titled “*Main Provisions of the Articles of Association of Our Company*” on page 275, defined terms have the meaning given to such terms in the Articles of Association.

Non-GAAP measures

Certain Non-GAAP Measures and certain other statistical information relating to our operations and financial performance like EBITDA, EBITDA Margin, PAT Margin, and others, have been included in this Draft Prospectus. We compute and disclose such Non-GAAP measures and such other statistical information relating to our operations and financial performance as we consider such information to be useful measures of our business and financial performance. Further, these Non-GAAP Measures are not a measurement of our financial performance or liquidity under Ind AS or IFRS and should not be considered in isolation or construed as an alternative to cash flows, profit / (loss) for the year / period or any other measure of financial performance or as an indicator of our operating performance, liquidity, profitability or cash flows generated by operating, investing or financing activities derived in accordance with Ind AS, or IFRS. These Non-GAAP measures and other statistical and other information relating to our operations and financial performance may not be computed on the basis of any methodology that is applicable across the industry and therefore may not be comparable to financial measures and statistical information of similar nomenclature that may be computed and presented by other companies and are not measures of operating performance or liquidity defined by the accounting standards and may not be comparable to similarly titled measures presented by other companies. Other companies may calculate the Non-GAAP Measures differently from us, limiting their usefulness as a comparative measure. Although the Non-GAAP Measures are not a measure of performance calculated in accordance with applicable accounting standards, we compute and disclose them as our Company’s management believes that they are useful information in relation to our business and financial performance.

For the risks relating to Non-GAAP Measures, see “*Risk Factors – We have in this Draft Prospectus included certain Non-GAAP Measures that may vary from any standard methodology that is applicable across the industries in which we operate and may not be comparable with financial information of similar nomenclature computed and presented by other companies.*” on page 50.

Exchange Rates

This Draft Prospectus contains conversion of certain other currency amounts into Indian Rupees that have been presented solely to comply with the SEBI ICDR Regulations. These conversions should not be construed as a representation that these currency amounts could have been, or can be converted into Indian Rupees, at any particular rate or at all.

Unless otherwise stated, the exchange rates referred to for the purpose of conversion of foreign currency amounts into Indian Rupee, are as follows.

(in ₹)

Currency	Exchange Rate as on

(1) All figures are rounded up to two decimals.

(2) If the RBI reference rate is not available on a particular date, exchange rates of the previous working day have been disclosed.

Industry and Market Data

Unless stated otherwise, industry data used throughout the Draft Prospectus has been obtained or derived from industry and government publications, publicly available information and sources. Industry publications generally state that the information contained in those publications has been obtained from sources believed to be reliable but that their accuracy and completeness are not guaranteed and their reliability cannot be assured. Although our Company believes that industry data used in the Draft Prospectus is reliable, it has not been independently verified.

Further, the extent to which the industry and market data presented in the Draft Prospectus is meaningful depends on the reader's familiarity with and understanding of, the methodologies used in compiling such data. There are no standard data gathering methodologies in the industry in which we conduct our business, and methodologies and assumptions may vary widely among different industry sources.

FORWARD-LOOKING STATEMENTS

This Draft Prospectus contains certain “forward-looking statements”. These forward-looking statements generally can be identified by words or phrases such as “aim”, “anticipate”, “believe”, “expect”, “estimate”, “intend”, “likely to”, “seek to”, “shall”, “objective”, “plan”, “propose”, “project”, “will”, “will continue”, “will pursue” or other words or phrases of similar import but are not the exclusive means of identifying such statements. Similarly, statements that describe the strategies, objectives, plans or goals of our Company are also forward-looking statements. All statements regarding our expected financial conditions, results of operations, business plans and prospects are forward-looking statements. These forward-looking statements include statements as to our business strategy, plans, revenue and profitability (including, without limitation, any financial or operating projections or forecasts) and other matters discussed in this Draft Prospectus that are not historical facts. However, these are not the exclusive means of identifying forward-looking statements.

These forward-looking statements are based on our current plans, estimates and expectations and actual results may differ materially from those suggested by such forward-looking statements. All forward-looking statements are subject to risks, uncertainties, expectations and assumptions about us that could cause actual results to differ materially from those contemplated by the relevant forward-looking statement. For the reason described below, we cannot assure investors that the expectations reflected in these forward-looking statements will prove to be correct. Therefore, investors are cautioned not to place undue reliance on such forward-looking statements and not to regard such statements as a guarantee of future performance.

Actual results may differ materially from those suggested by forward-looking statements due to risks or uncertainties associated with expectations relating to and including, regulatory changes pertaining to the industries in India in which we operate and our ability to respond to them, our ability to successfully implement our strategy, our growth and expansion, technological changes, our exposure to market risks, general economic and political conditions in India which have an impact on its business activities or investments, the monetary and fiscal policies of India, inflation, deflation, unanticipated turbulence in interest rates, foreign exchange rates, equity prices or other rates or prices, the performance of the financial markets in India and globally, changes in domestic laws, regulations and taxes and changes in competition in the industries in which we operate.

Certain important factors that could cause actual results to differ materially from our expectations include, but are not limited to, the following:

- Our registered office and our warehouse are on lease arrangement and further there exists an ongoing litigation with respect to our assembling unit;
- Dependency on the states of Haryana and Uttar Pradesh for generating significant portion of our revenue;
- Non-execution of any long-term agreements with our distributors;
- Reliance on our top ten customers from whom we derive a significant portion of our revenue;
- We have significant working capital requirements;
- Reliance on third parties for the supply of our raw materials for Home UPS Systems and Solar Inverters/Solar Power Conditioning Units (PCUs);
- Reliance on third parties for the supply of batteries and solar panels for our trading business;
- Dependency on sale of Home UPS Systems, Solar Inverter / Solar Power Conditioning Units and Batteries for generating significant portion of our revenues;
- Dependency on Nigeria and West Africa for generating significant portion of our revenue from exports;
- Our investment in purchase of movable assets of the production line of battery manufacturing unit, are subject to the risk of unanticipated delays in implementation and may be less profitable or may be loss-making;
- Our expansion plans are subject to the risk of unanticipated delays in implementation; operations and cost overruns;
- Our success depends on stable and reliable logistics and transportation;
- Operating in a highly competitive industry; and
- Change in technology, evolving customer requirements and emerging industry.

For details regarding factors that could cause actual results to differ from expectations, see “*Risk Factors*”, “*Our Business*” and “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*”, on pages 28, 127 and 193, respectively. By their nature, certain market risk disclosures are only estimates and could be materially different from what actually occurs in the future. As a result, actual gains or losses could materially differ from those that have been estimated.

There can be no assurance to investors that the expectations reflected in these forward-looking statements will prove to be correct. Given these uncertainties, investors are cautioned not to place undue reliance on such forward-looking statements and not to regard such statements to be a guarantee of our future performance.

The forward-looking statements reflect current views as on the date of this Draft Prospectus and are not a guarantee of future performance. These statements are based on our management's beliefs and assumptions, which in turn are based on currently available information. Although we believe the assumptions upon which these forward-looking statements are based are reasonable, any of these assumptions could prove to be inaccurate, and the forward-looking statements based on these assumptions could be incorrect.

Neither our Company or our Promoters or Directors or our officers or Lead Manager or Underwriter nor any of their respective affiliates have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition. In accordance with SEBI requirements, our Company, and the Lead Manager will ensure that investors in India are informed of material developments until such time as the grant of listing and trading permission by the Stock Exchange for the Equity Shares allotted pursuant to this Offer. The Promoter Selling Shareholders will ensure that investors in India are informed of material developments in relation to the statements relating to and undertakings confirmed or undertaken by the Promoter Selling Shareholders and their respective portion of the Offered Shares in this Draft Prospectus, from the date thereof, until the receipt of final listing and trading approvals from the Stock Exchange.

SUMMARY OF THE OFFER DOCUMENT

The following is a general summary of the terms of the Offer included in this Draft Prospectus and is not exhaustive, nor does it purport to contain a summary of all the disclosures in this Draft Prospectus when filed, or all details relevant to prospective investors. This summary should be read in conjunction with, and is qualified in its entirety by, the more detailed information appearing elsewhere in this Draft Prospectus, including the sections titled “Risk Factors”, “The Offer”, “Capital Structure”, “Objects of the Offer”, “Industry Overview”, “Our Business”, “Our Promoters and Promoter Group”, “Restated Consolidated Financial Statements”, “Outstanding Litigation and Other Material Developments” and “Offer Procedure” on pages 28, 60, 75, 89, 113, 127, 182, 190, 215 and 247 respectively.

SUMMARY OF BUSINESS

We are engaged into designing and assembling of power back-up and advanced solar power products such as Home UPS systems, solar inverters, solar power conditioning units (PCUs), solar charge controllers. We are also engaged in the trading of solar panels and batteries. We sell our products through our distributors within India. We also export our products except solar panels outside India. Currently, our Company is operating in 23 states and 2 union territories within India and has also established global footprint in over 17 countries which includes Middle East, Africa, and South Asia region.

For further details, see “Our Business” on page 127.

SUMMARY OF INDUSTRY

The Home Uninterruptible Power Supply (UPS) market in India is a dynamic and rapidly evolving sector, which is fuelled by the increasing need for reliable power in the face of frequent outages, as well as the nation's surge in digitalisation and offsite work opportunities. India's Home Uninterruptible Power Supply (UPS) market is fundamentally driven by the need for resilience against power instability. Lead acid batteries strike a balance between affordability and performance, making them accessible to a broad customer base. Their established reliability and long-standing presence in the power backup industry further contribute to their popularity.

For more details, see “Industry Overview” on page 113.

SECTION II- RISK FACTORS

An investment in the Equity Shares involves a high degree of risk. Prospective investors should carefully consider all the information in this Draft Prospectus, including the risks and uncertainties described below, before making an investment in our Equity Shares.

The risks described in this section are those that we consider to be the most significant to our business, results of operations, cash flow and financial condition as of the date of this Draft Prospectus. The risks described below may not be exhaustive or the only ones relevant to us, the Equity Shares or the industry sectors in which we currently operate. Additional risks and uncertainties, not presently known to us or that we currently do not deem material may arise or may become material in the future and may adversely affect our business, results of operations, cash flows and/or financial condition. Unless specified or quantified in the relevant risk factors below, we are not in a position to quantify the financial implication of any of the risks mentioned below. If any or a combination of the following risks, or other risks that are not currently known or are not currently deemed material, actually occur, our business, results of operations, cash flows, prospects and financial condition could be adversely affected, the trading price of, and the value of your investment in our Equity Shares could decline, and you may lose all or part of your investment. Furthermore, some events may be material collectively rather than individually.

In order to obtain a more detailed understanding of our Company and our business, prospective investors should read this section in conjunction with “Our Business”, “Management’s Discussion and Analysis of Financial Condition and Results of Operations” and “Restated Consolidated Financial Statements” on pages 127, 193 and 190, respectively, as well as the other financial and statistical information included in this Draft Prospectus. In making an investment decision, prospective investors must rely on their own examination of our Company and our business and the terms of the Offer including the merits and risks involved. Potential investors should consult their tax, financial and legal advisors about the particular consequences of investing in the Offer. Potential investors should pay particular attention to the fact that our Company is incorporated under the laws of India and is subject to legal and regulatory environment which may differ in certain respects from that of other countries. Some of the information in the following section, including information with respect to our plans and strategies, contains forward-looking statements that involve risks, assumptions, estimates and uncertainties and other factors, many of which are beyond our control. Potential investors should read “Forward-Looking Statements” on page 20 for a discussion of the risks and uncertainties related to those statements.

Unless otherwise indicated or the context otherwise requires, the financial information included herein is derived from the “Restated Consolidated Financial Statements” on page 190. Our financial year ends on March 31 of each year, and references to a particular year are to the 12 months ended March 31 of that year.

We have also included various operational and financial performance indicators in this Draft Prospectus, some of which have not been derived from our Restated Consolidated Financial Statements. The manner of calculation and presentation of some of the operational and financial performance indicators, and the assumptions and estimates used in such calculation, may vary from that used by other companies in India and other jurisdictions.

Materiality

The Risk factors have been determined on the basis of their materiality. The following factors have been considered for determining the materiality.

- 1. Some events may not be material individually but may be material when considered collectively.*
- 2. Some events may have an impact which is qualitative though not quantitative.*
- 3. Some events may not be material at present but may have a material impact in the future.*

Classification of Risk Factors

Unless specified or quantified in the relevant risk factors below, we are not in a position to quantify the financial or other implications of any of the risks described in this section. Unless the context requires otherwise, the financial information of our Company has been derived from the Restated Consolidated Financial Statements.

The risk factors are classified as under for the sake of better clarity and increased understanding.

INTERNAL RISKS

- 1. We do not own the premises in which our registered office and our warehouse are located and the same are on lease arrangement and further there exists an ongoing litigation with respect to our assembling unit. Any termination of such lease/license and/or non-renewal thereof and attachment by property owner could adversely affect our operations.***

As on the date of this Draft Prospectus, the entire premise located at 374, Pace City-2, Sector-37, Gurgaon-122001, Haryana has been taken on lease basis including our Registered Office which is located at 374, 1st Floor Pace City-2, Sector-37, Gurgaon-122001, Haryana (“**Registered Office**”) from where we carry out back-end operations such as sales, marketing, accounts, human resource, customer service, and transformer assembling, ensuring smooth running of all business operations. We also carry out our operational functions at Plot no. 521, Sector 37, Pace City – 2, Gurgaon -122001, Haryana (“**Assembling Unit**”) for key activities such as operations management, quality checks, R&D, purchasing, manufacturing and the storage of raw materials. Additionally, we operate a dedicated 7,500 sq. ft. warehouse, which has been taken on a lease basis, situated at Khasra No. 1395, 37th Milestone, near Hero Honda Chowk, National Highway 8, Gurgaon-122002, Haryana (“**Warehouse**”) providing logistics access for the storage and dispatch of finished goods, which allows our Company to efficiently manage large-scale shipments for both domestic and international markets.

However, the premise located at 374, Pace City-2, Sector-37, Gurgaon -122001, Haryana (including the Registered Office), Assembling Unit and Warehouse are taken on lease by our Company and are not owned by the Company. Therefore, unless it is renewed, upon termination of the lease, we are required to return these premises to the lessor. There can be no assurance that the term of the agreements will be renewed on commercially acceptable terms and in the event the lessor terminates or does not renew the agreements, we are required to vacate the said premises where operational activities are carried out.

Further, the registered offices of our Subsidiary Company and our Group Company are also situated at Plot No. 374, Pace City-2, Sector-37, Gurgaon -122001, Haryana which has been permitted by the owner of the said property upon execution of the no-objection certificate to use its premises for official purposes, however there is no rent or lease agreement entered between the parties for the same. There can be no assurance that the owner of the said premises will continue to allow our Subsidiary Company and our Group Company to use the premises. Further, a termination of the lease agreement for the said premises would also materially adversely impact our Subsidiary Company and our Group Company.

Additionally, there exists an ongoing litigation relating to the leased premises at Plot no. 521, Sector 37, Pace City – 2, Gurgaon –122001 with respect to vacating the Assembling Unit. Although our Company has filed a suit bearing case number CS/1701/2023 before the Hon’ble Civil Judge (Junior Division), Gurgaon (“**Hon’ble**

Court) on June 06, 2023 seeking permanent injunction against the general power of attorney (“GPA”) holder of the owner of the property who had issued legal notice on April 17, 2024 to our Company to vacate the premises before the expiry of the lease deed i.e. February 16, 2025, however a stay order has been granted in favour of our Company in this matter directing the GPA holder from forcibly dispossessing our Company from the said premises. The matter is currently pending in the Hon’ble Court. In response to this case, the owner of the said premises has filed a rent petition bearing number RP/68/2023 before the Hon’ble Court of Rent Controller, Gurgaon seeking eviction of the Company from the Assembling Unit. Presently, both the matters are pending before the Hon’ble Court. We cannot assure you that the final verdict of the Hon’ble Court would be in our favour or that such verdict will not be contested in a higher court, which may have an adverse effect on cash flows, results of operations and financial condition.

Our Company in order to mitigate the risk of disruption in business due to vacation of the Assembling Unit due to ongoing litigation and/or Registered Office (in future) have identified and taken alternative premises having a 3892.94 sq. mts. being an owned facility at Plot no. 3, Street no. 2, Sector 7A, Model Economic Township, Jhajjar, Haryana (“**New Facility**”) which is currently under construction and is expected to become operational in H1 of Fiscal 2025-2026. Upon completion of the construction, our Company will relocate its entire operations from Gurgaon to Jhajjar, Haryana which will further enhance our production capacity in order to meet future growth demands. While the construction of the New Facility is underway, however we cannot assure that there would not be any delay in construction which could have a material adverse effect on our business, financial condition, results of operations and cash flows of our Company.

2. A significant portion of our revenue is derived from the states of Haryana and Uttar Pradesh, and any adverse developments in these states could adversely affect our business.

Our Company generates a significant portion of our revenue from the states of Haryana and Uttar Pradesh, making our business vulnerable to regional economic fluctuations and regulatory changes. Any adverse developments in these states such as economic downturns, changes in local laws, or increased competition could lead to a substantial loss of revenue. Additionally, natural disasters or unforeseen events in these regions may further disrupt our operations and impact our financial performance. This geographical concentration poses a risk to our overall business stability, and any significant loss of revenue from these key areas could have a material adverse effect on our financial condition and results of operations. Enhanced Uninterrupted Power Supply in these regions on a sustained basis could also impact the demand for our products.

The details of our geography-wise revenue from operations for the periods indicated are as follows:

3. We have not entered into any long term agreements with our distributors. Our inability to maintain relationships with our distributors may adversely affect our business, results of operations, cashflow and profitability.

We sell our products to customers through our distributors, on a non-exclusive basis. We rely on our distributors with whom we do not have any long term arrangements. Our ability to expand and grow our brands reach significantly depends on the reach and effective management of our distributor network. We continuously seek to increase the penetration by appointing new distributors to enhance our distribution network targeted at different consumers and areas. While we have not faced any issues with our distribution network in the past, we cannot assure you that we will be able to successfully identify or appoint new distributors or effectively manage our existing distribution network. As we sell and distribute our products through such distributors, any one of the following events could cause fluctuations or declines in our revenue and could have an adverse effect on our financial condition, cash flows and results of operations:

- inability to timely identify and appoint additional or replacement distributors upon the loss of one or more of our distributors;
- failure to receive timely payments from new or existing distributors;
- reduction, delay or cancellation of orders from one or more of our new or existing distributors; and
- disruption in delivering of our products by new or existing distributors.

Further, we do not have exclusive long term arrangements with our distributors, which allows them to engage with our competitors. We face competition for distributors from other companies in similar industries, which may have greater brand recognition, financial resources, and broader product portfolios. If our competitors offer better incentives, our distributors may prioritize their products over ours, potentially affecting our market share and revenue.

4. Our top ten customers contribute approximately 41.31%, 42.29%, 37.74% and 44.82% of our revenues from operations for the three months period ended June 30, 2024 and the financial year ended March 31, 2024, March 31, 2023 and March 31, 2022 respectively. Any loss of business from one or more of them may adversely affect our revenues and profitability.

We rely on our top ten customers from whom we derive a significant portion of our revenue, contributing approximately 41.31%, 42.29%, 37.74% and 44.82% of our revenues from sale of products based on the Restated Consolidated Financial Statements for the three months period ended June 30, 2024 and for the financial year ended March 31, 2024, March 31, 2023 and March 31, 2022 respectively. Our reliance on such customers for our business exposes us to risks, that may include, but are not limited to, reductions, delays or cancellation of orders from our significant customers, a failure to negotiate favorable terms with our key customers or the loss of these customers, all of which would have a material adverse effect on the business, financial condition, results of operations, cash flows and future prospects of our Company.

The following table sets forth the details of revenue from operations from our top customers for the periods mentioned:

We rely and expect that we will continue to be reliant on our top 10 customers for a substantial portion of our revenue. However, there is no guarantee that we will retain the business of our existing key customers or maintain the current level of business with each of these customers. In order to retain some of our existing customers, we may also be required to offer terms to such customers which may place restraints on our resources. Additionally, our revenues may be adversely affected if there is an adverse change in any of our customers' supply chain strategies or a reduction in their outsourcing of products we offer, or if our customers decide to choose our competitors over us or if there is a significant reduction in the volume of our business with such customers.

In the past, there have been instances where there has been loss of material customers who were collectively contributing approximately 14% of our revenue in Fiscal 2022. However we have been able to identify and replace such customers with additional/ new customers resulting in no material adverse effect on our revenue. The details of the material customers who are no longer associated with our Company are as follows:

We cannot assure you that we will be able to maintain historic levels of business and/or negotiate and execute agreements on terms that are commercially favorable with our significant customers or that we will be able to significantly reduce customer concentration in the future. Further, the sales volume may vary due to our customers' attempts to manage their inventory, market demand, product and supply pricing trends, change in customer preferences etc., which may result in decrease in demand or lack of commercial success of our products, which could reduce our sales and adversely affect our business, cash flows, results of operations and financial condition.

5. We have significant working capital requirements. If we experience insufficient cash flows to meet our working capital requirements, our business, results of operations and cashflows could be adversely affected.

Our business is working capital-intensive, and we fund our working capital requirements in the ordinary course of business from our internal accruals and financing from banks. The Company will meet the requirement to the extent of ₹ 2,200.00 Lakhs in Fiscal 2026 from the Net Proceeds of the Offer and balance from borrowings and internal accruals. The working capital requirements of our Company for the three months period ended June 30, 2024, Financial Years ended March 31, 2022, March 31, 2023 and March 31, 2024 respectively is set forth below:

(₹ in Lakhs)				
Particulars	For the three months period ended June 30, 2024	Financial Year ended March 31, 2024	Financial Year ended March 31, 2023	Financial Year ended March 31, 2022
Net Working capital requirements	2,547.30	2,437.92	1,243.63	399.37

Notes: Net working capital requirement = Current Assets (excluding cash and cash equivalents and bank balances) – Current Liabilities (excluding current borrowings).

Currently, we meet our working capital requirements through a mix of internal accruals and working capital facilities from banks. We expect a further increase in the working capital requirements in view of current and potential operations. Accordingly, we have proposed using ₹ 2,200.00 Lakhs in Fiscal 2026 out of the Offer Proceeds to meet the working capital requirements. For further details, see "Objects of the Offer" on page [●].

Our future success depends on our ability to continue to secure and successfully manage sufficient amounts of working capital. If we are unable to manage our working capital requirements, our business, results of operations and cash flows could be adversely affected. We cannot assure that we will be able to effectively manage our working capital. Should we fail to effectively implement sufficient internal control procedures and management systems to manage our working capital and other sources of financing, we may have insufficient capital to maintain and grow our business. While there have been no instances for the three months period ended June 30, 2024 and last three Financial Years ended March 31, 2024, 2023 and 2022 where we had faced working capital deficit, we cannot assure that we will be able to adequately maintain our working capital requirements. If we experience insufficient cash flows to meet our working capital requirements, our business, results of operations and cashflows could be adversely affected.

6. We rely on third parties for the supply of our raw materials for Home UPS Systems and Solar Inverters/Solar Power Conditioning Units (PCUs), and in the event such suppliers fail to meet their obligations, we may face material adverse effect on our business, results of operations and financial condition.

We generate majority of our revenue from sale of Home UPS Systems and Solar Inverters/Solar Power Conditioning Units (PCUs) and we rely on our suppliers for supply of its raw materials in order to cater to our assembling business. Non-availability or inadequate quantity of raw material or use of substandard quality raw materials in the Home UPS Systems and Solar Inverters/Solar Power Conditioning Units with respect to our

assembling business could have a material adverse effect on our business. While our Company has not faced any significant instances of delay and failures of suppliers in the past to supply the raw materials as our Company have several suppliers to mitigate the risk of dependency, however we cannot assure that there will be no such instances of delay and failures of suppliers to supply the raw materials in future, which could have a material adverse effect on our business, financial condition, results of operations, cash flows and future prospects of our Company.

7. We rely on third parties for the supply of batteries and solar panels for our trading business, and in the event such suppliers fail to meet their obligations, we may face material adverse effect on our business, results of operations and financial condition.

We generate significant portion of our revenue from sale of batteries and solar panels and we rely on our suppliers for supply of the same in order to cater to our trading business. We rely on our top five suppliers from whom we derive a significant portion of our purchases, contributing approximately 92.59%, 92.47%, 85.48%, and 95.77% of our purchases related to trading business for the three months period ended June 30, 2024 and for the financial year ended March 31, 2024, March 31, 2023 and March 31, 2022 respectively.

Non-availability or inadequate quantity of batteries and solar panels or use of substandard quality of batteries and solar panels with respect to our trading business could have a material adverse effect on our business. While our Company has not faced any significant instances of delay and failures of suppliers in the past to supply the batteries and solar panels, as our Company has several suppliers to mitigate the risk of dependency, however we cannot assure that there will be no such instances of delay and failures from our suppliers to supply the batteries and solar panels in future, which could have a material adverse effect on our business, financial condition, results of operations, cash flows and future prospects of our Company. Further, our Company has entered into an asset purchase agreement dated September 19, 2024 with Su-Urja Solar Systems Private Limited, our top supplier of batteries to acquire the movable assets of a battery manufacturing unit located at Baddi, Himachal Pradesh to reduce our dependence on external suppliers for the supply of batteries. For further details, see “Our Business” on page 127.

8. Significant portion of our revenues is dependent upon sale of Home UPS Systems, Solar Inverter / Solar Power Conditioning Units and Batteries. The loss in sales of our assembled or traded products or a decrease in the demand or volume of such products, will materially and adversely affect our revenues and profitability.

Our Company predominantly deals in Home UPS Systems, Solar inverter/solar power conditioning units and batteries which constitute a significant portion of our revenues which makes us vulnerable to potential disruptions, whether in the form of supply chain challenges, regulatory changes, or shifts in market dynamics. Our Company has utilized more than 75% of assembling capacity aggregating to 600 units per day for the Fiscal 2024, Fiscal 2023 and Fiscal 2022. We cannot assure you that we will be able to significantly reduce our dependence upon such products in the future. While we have not encountered any loss or decrease in the supply or demand in the past, however, any loss or decrease in the supply or demand for these products in the future could significantly impact our business prospects and results of operations.

The product wise bifurcation of revenue from sale for the three months period ended June 30, 2024 and for financial year ended March 31, 2024, March 31, 2023, March 31, 2022 was as follows:

9. A significant portion of our revenue from exports is dependent on Nigeria and West Africa. Any change in foreign policies and import-export regulations could have a material adverse effect on our business, financial condition, results of operations and cash flows of our Company.

We derive a significant portion of our export revenue from Nigeria and West Africa. Any changes in foreign policies and import-export regulations can significantly impact our Company's ability to conduct international trade, affecting its export operations. Shifts in trade agreements, tariffs, quotas, and diplomatic relations between countries can lead to disruptions in supply chains, increased costs, or limited market access for exported goods.

Additionally, increased trade barriers, such as higher tariffs or stricter import/export regulations, can reduce competitiveness in foreign markets, leading to lower demand for products or services. Similarly, changes in foreign policies that affect diplomatic or economic relations could create challenges in maintaining stable trade routes, payment processes, or overall business operations which could have a material adverse effect on our business, financial condition, results of operations and cash flows of our Company. Exports contributed 34.34% of revenue from operations for the three months period ended June 30, 2024, 35.70% for Financial year ended March 31, 2024, 31.73% for Financial year ended March 31 2023 and 32.20% for Financial year ended, March 31, 2022, respectively. 10. Our investment in purchase of movable assets of the production line of battery manufacturing unit are subject to the risk of unanticipated delays in implementation and may be less profitable or may be loss-making.

Our Company has entered into an Asset Purchase Agreement on September 19, 2024 with Su-Urja Solar Systems Private Limited ("Su-Urja") ("Agreement") for the purchase of movable assets of the production line of battery manufacturing unit located at land admeasuring an area of 03 Bigha 14 Biswa (74 Biswa) bearing Khatauni No. 281/321 Min, Kh No. 1979/446/2 MSRG 3-14 Bigha located at Village Bhatolikalan, Tehsil Baddi, Himachal Pradesh ("Manufacturing Facility") for a total purchase consideration of ₹ 418.90 Lakhs inclusive of applicable GST (the "Purchase Consideration"), which is expected to be completed by June 30, 2025. In accordance with the terms of the Agreement, the Company has made an upfront payment of ₹ 75.00 Lakhs on September 25, 2024

for which our Company is seeking a reimbursement from Net Proceeds. The acquisition of the movable assets is being undertaken to facilitate the Company's foray into lead-acid battery manufacturing operations and to ensure a smoother and more reliable supply of batteries to the Company. Our Company currently sources a significant portion of its lead-acid battery requirements from Su-Urja. Acquiring Su-Urja's running production line would ensure consistent product quality, with the potential for further improvement. Additionally, our Company would secure exclusive rights to 60% of the production capacity and associated manpower by paying 60% of the purchase price excluding GST within 15 business days post completion of listing of equity shares. The remaining balance of the purchase consideration shall be paid as per the terms set forth in the Agreement.

Although we follow a careful plan and strategy to purchase the movable assets of the battery manufacturing unit, the purchase is subject to risks including, but not limited to, our failure to meet competition and our failure to comply with the terms of the Agreement. Any unanticipated delay in purchase of the movable assets of the production line of battery manufacturing unit may have a material adverse effect on our business, results of operations and financial condition.

Additionally, our Company does not have any prior experience in the manufacturing of batteries and is currently focused solely on the trading of battery-related products. As a result, the Company may face significant challenges in operating a battery manufacturing business. This includes potential difficulties in sourcing raw materials, optimizing production processes, managing quality control, adhering to regulatory standards, and ensuring efficient supply chain management. Any failure to successfully transition into manufacturing or to meet the required production and quality standards could adversely affect the Company's financial performance, operational capabilities, and growth prospects. Furthermore, the Company's lack of experience in battery manufacturing may expose it to operational risks. Though our Company intends to acquire a pre-existing functional battery manufacturing unit in order to mitigate such risks, we cannot assure that there will be no such instances in future, which could have a material adverse effect on our business, financial condition, results of operations, cash flows and future prospects of our Company.

Further, we will also be required to obtain various approvals including approvals which are routine in nature in due process of time. In the unforeseen event of any unanticipated delay in receipt of such approvals, expanding our current operations can be risky and expensive, and we cannot assure you that we may be successful in meeting the desired cost-efficiencies and any consequent growth in our business. Accordingly, manufacturing of batteries may not be successful for these and other unforeseen reasons. Further, our investments in manufacturing batteries, may be less profitable than what we have experienced historically by trading batteries procured by suppliers under the Company's brand name, may be loss-making, may consume substantial financial resources and/or may divert management's attention from existing operations, all of which could materially and adversely affect our business, results of operations and financial condition.

11. Our expansion plans are subject to the risk of unanticipated delays in implementation and cost overruns. If we are unable to implement the expansion plans at the planned cost, it could materially and adversely impact our business, results of operations and financial condition.

Currently, the Registered Office of our Company which has been taken on lease basis is situated at 374, 1st Floor Pace City-2, Sector - 37, Gurgaon, Haryana- 122001, Haryana within the land admeasuring 450 sq. mts., from where we carry out back-end operations such as sales, marketing, accounts, human resource, customer service, and transformer assembling, ensuring smooth running of all business operations. We also carry out our assembling activities at our leased premise located at Plot no. 521, Sector 37, Pace City – 2, Gurgaon-122001, Haryana admeasuring 22,500 sq. ft. for key activities such as operations management, quality checks, R&D, purchasing, manufacturing, and the storage of raw materials. Additionally, we operate a dedicated 7,500 sq. ft. warehouse situated at Khasra No. 1395, 37th Milestone, Near Hero Honda Chowk, National Highway 8, Gurugram-122002, Haryana providing logistics access for the storage and dispatch of finished goods, which allows our Company to efficiently manage large-scale shipments for both domestic and international markets.

We are also in the process of expanding our infrastructure with 3892.937 sq. mtrs. owned facility at Plot no. 3, Street no. 2, Sector 7A, Model Economic Township, Jhajjar, Haryana ("New Facility") that is currently under construction which will enhance logistical efficiency and access to key markets. The proposed New Facility is expected to become operational in H1 of Fiscal 2026 which will enhance our production capacity from 600 units per day to 1,200 units per day by incorporating advanced manufacturing process, R&D and storage capabilities in order to meet future growth demands.. Out of the total Net Proceeds, ₹ 200.96 Lakhs is proposed to be allocated towards the payment for construction work, and ₹ 175.13 Lakhs is proposed to be utilized towards the supply of pre-fabricated steel building at the aforementioned manufacturing unit. For details, see "Objects to the Offer" on page 89.

Our expansion plans are subject to the potential problems and uncertainties including cost overruns or delays. Problems that could adversely affect expansion plans include increased costs of equipment or manpower,

inadequate performance of the equipment and machinery installed in our New Facility, delays in completion, the possibility of unanticipated future regulatory restrictions, labour shortages, delays in receiving governmental, statutory and other regulatory approvals as we apply for them at various stages, incremental pre-operating expenses, unforeseen taxes and duties, interest and finance charges, environment and ecology costs and other external factors which may not be within the control of our management.

There can be no assurance that our expansion plans will be completed as planned or on schedule, and if they are not completed in a timely manner, or at all, our budgeted costs may be insufficient to meet our proposed capital expenditure requirements. If our actual capital expenditures significantly exceed our budget, or even if our budget were sufficient to cover our backward integration project and expansion plans, we may not be able to achieve the intended economic benefits of these backward integration project and expansion plans, which in turn may materially and adversely affect our financial condition, results of operations, cash flows, and prospects. There can be no assurance that we will be able to complete the aforementioned backward integration project and expansion plans in accordance with the proposed schedule of implementation and any delay could have an adverse impact on our business, results of operations and financial condition.

12. There are outstanding legal proceedings against our Company, Promoters, and certain of our Directors. Any adverse decision in such proceedings may render us/them liable to liabilities/penalties and may adversely affect our business, results of operations and financial condition.

A summary of pending legal proceedings and other material litigations involving our Company, Promoters, Directors, Subsidiary Company and Group Company as disclosed in “**Outstanding Litigation and Material Developments**” on as on the date of this Draft Prospectus is provided below:

For further details, see “**Outstanding Litigations & Material Developments**” on page 215.

We cannot assure you that any of the outstanding litigation matters will be settled in our favour or in the favour of our Promoter or Director or that there will not be any litigation proceedings against our Company, Promoters, Directors, Subsidiary Company and Group Company or any litigation matters, if initiated, will be settled in our favour, or that no (additional) liability will arise out of such proceedings. Further, such proceedings could divert management time and attention and consume financial resources in their defence. In addition to the foregoing, we could also be adversely affected by complaints, claims or legal actions brought by persons, before various forums

such as courts, tribunals, consumer forums or sector-specific or other regulatory authorities in the ordinary course or otherwise, in relation to our products, our technology, our branding or our policies or any other acts/omissions. Further, we may be subject to legal action by our employees and/or ex-employees in relation to alleged grievances such as termination of their employment with us. There can be no assurance that such complaints or claims will not result in investigations, enquiries or legal actions by any courts, tribunals or regulatory authorities against us.

13. We have had negative cash flows from operating activities in the past and may, in the future, experience similar negative cash flows.

We have in the past, and may in the future, experience negative cash flows from operating, investing and financing activities. The following table sets forth our net cash inflow/ (outflow) from operating, investing and financing activities for the periods/years indicated:

(₹ in Lakhs)

Particulars	For the period ended June 30, 2024	Financial year ended		
		March 31, 2024	March 31, 2023	March 31, 2022
Net Cash from Operating Activities	280.29	16.34	(253.77)	262.53
Net Cash Used for Investing Activities	(1.15)	(149.91)	(35.42)	(241.45)
Net Cash from Financing Activities	(164.33)	194.70	208.52	51.76

Negative cash flows over extended periods, or significant negative cash flows in the short term, could materially impact our ability to operate our business and implement our growth plans. As a result, our business, financial condition and results of operations could be materially and adversely affected.

Any negative cash outflows from operating activities over extended periods, or significant cash outflows in the short term from investing and financing activities, could have an adverse impact on our cash flow requirements, business operations and growth plans. As a result, our cash flows, business, future financial performance and results of operations could be adversely affected. For further details, see “*Management's Discussion and Analysis of Financial Condition and Results of Operations*” on page 193.

14. We operate in competitive markets and our inability to compete effectively may lead to lower market share or reduced operating margins, and adversely affect our results of operations.

India is our primary market and we face high competition in our business from local as well as national players in our industry. Our key products are available from a large number of players providing same or similar products in our industry. Thus, factors affecting our competitive success include, amongst other things, price, demand for our product and/or services, brand recognition and reliability. As a result, to remain competitive in our market, we must continuously invest in our brand awareness, increase our distribution channel, strive to reduce our raw material costs and improve our operating efficiencies. If we fail to do so, our competitors may be able to provide their products at prices lower than our prices, which would have an adverse effect on our market share and financial health of the company. Our competitors vary in size, and may have better financial, marketing personnel and other resources than our company and few of our competitors have a longer history and reputation in the Indian market as compared to us. Our failure to compete effectively, including any delay in responding to changes in the industry and market, together with increased spending on advertising, may affect the competitiveness of our services, which may result in a decline in our revenues and profitability.

15. We may not be able to maintain our current levels of profitability due to increased costs or reduced trading spreads or margins.

Our business strategy involves a relatively high level of ongoing interaction with our customers. We believe that this involvement is an important part of developing our relationship with our customers, identifying new cross selling opportunities and monitoring our performance. However, this level of involvement also entails higher levels of costs and also requires a relatively higher gross spread, or margin, on the various goods we offer in order to maintain profitability. Further, our Company has entered into an Asset Purchase Agreement on September 19, 2024 with Su-Urja Solar Systems Private Limited (“**Su-Urja**”) (“**Agreement**”) for the purchase of movable assets of the production line of battery manufacturing unit located at land admeasuring an area of 03 Bigha 14 Biswa (74 Biswa) bearing Khatauni No. 281/321 Min, Kh No. 1979/446/2 MSRG 3-14 Bigha located at Village Bhatolikalan, Tehsil Baddi, Himachal Pradesh (“**Manufacturing Facility**”) for a total purchase consideration of ₹ 418.90 Lakhs inclusive of applicable GST (the “**Purchase Consideration**”), which is expected to be completed by June 30, 2025. In accordance with the terms of the Agreement, the Company has made an upfront payment of ₹ 75.00 Lakhs on September 25, 2024 for which our Company is seeking a reimbursement from Net Proceeds. The acquisition of the movable assets is being undertaken to facilitate the Company’s foray into lead-acid battery

manufacturing operations and to ensure a smoother and more reliable supply of batteries to the Company. Our Company currently sources the majority of its lead-acid battery requirements from Su-Urja. Acquiring Su-Urja's running production line would ensure consistent product quality, with the potential for further improvement. Additionally, our Company would secure exclusive rights to 60% of the production capacity and associated manpower by paying 60% of the purchase price excluding GST within 15 business days post completion of listing of equity shares. The remaining balance of the purchase consideration shall be paid as per the terms set forth in the Agreement. There can be no assurance that we will be able to maintain our current levels of profitability and our investments in manufacturing batteries may be less profitable than what we have experienced historically by trading batteries all of which could materially and adversely affect our business, results of operations and financial condition.

16. In the event there is any delay in the completion of the Offer, there would be a corresponding delay in the completion of the objects / schedule of implementation of this Offer which would in turn affect our revenues and results of operations.

The funds that we receive would be utilized for the Objects of the Offer as has been stated in the Chapter “*Objects of the Offer*” on page 89. The proposed schedule of implementation of the objects of the Offer is based on our management's estimates. If the schedule of implementation is delayed for any other reason whatsoever, including any delay in the completion of the Offer, we may have to revise our business, development and working capital plans resulting in unprecedented financial mismatch and this may adversely affect our revenues and results of operations.

17. Our business is subject to seasonal volatility due to variation in demand during summer seasons and winter seasons as per industry practices.

Our Company's sales are at peak in summer seasons and lower in winter seasons as per industry practices because of which our Company stocks up inventory in the last quarter of the year. This is also the reason for our increased working capital requirements. However, our Company is also engaged in sales to vendors and exports, therefore ensuring continuous revenue throughout any Financial Year. In case of any variation in our sales number for any quarter or half year may not reflect true affairs of our company and any reliance placed on it might affect investors and other stake holders in general.

18. We propose to use a part of the Net Proceeds of the Issue towards funding capital expenditure requirement of our Company however we are yet to place orders for machineries. Delay in procurement of the same may adversely affect our business, financial condition, results of operations

Our Company proposes to utilize the Net Proceeds aggregating to ₹ 446.15 Lakhs towards capital expenditure at its owned new manufacturing unit situated at Plot No. 3, Street No. 2, Sector 7A, Model Economic Township (MET), Jhajjar, Haryana (“**Manufacturing Unit**”). The Manufacturing Unit is aimed at production of Home UPS/Inverters incorporating modern manufacturing techniques to increase the capacity from 600 units to 1,200 units per day, R&D and storage capabilities to meet future growth demands. Out of the total Net Proceeds, ₹200.96 Lakhs is proposed to be allocated towards the payment for construction work, and ₹ 175.13 Lakhs is proposed to be utilized towards the supply of pre-fabricated steel building at the aforementioned manufacturing unit. Additionally, the Company intends to deploy ₹ 70.07 Lakhs towards the purchase of new machinery. This is expected to result in improved operational efficiency, inventory management and facilitating the timely distribution of goods. For further details, see “*Objects of the Offer*” on page 89.

Our Company has already entered into an agreement for the civil work and for pre-fabricated steel building. Our Company has also obtained quotations from few suppliers, however, we are yet to place orders for machineries. Such quotations are subject to change due to various factors such as change in supplier of material, change in the government regulation and policies, change in management's view of desirability of the current plans, possible cost overruns, etc. Since, our Company has not yet placed orders for the same, we cannot assure that we will be able to procure the same in a timely manner and at the same price at which the quotations have been received. Delay in procurement of the same can compel our Company to procure machineries at a higher price, thus causing the budgeted cost to vary. As a result, our business, financial condition, results of operations, prospects and ability to execute strategic initiatives could be materially and adversely affected.

19. Our success largely depends upon the knowledge and experience of our Promoters, Directors, Key Managerial Personnel and Senior Management Personnel as well as our ability to attract and retain personnel with technical expertise. Our inability to retain our Promoters, Directors, Key Managerial Personnel and Senior Management or our ability to attract and retain other personnel with technical expertise could adversely affect our business, results of operations and financial condition.

Our Company is promoted by four individual Promoters namely Arun Bhardwaj, Rajnish Sharma, Ravi Dutt,

Tirath Singh Khaira with a motive of providing efficient and low-cost power solutions by assembling and trading various products such as Home UPS systems, solar inverters, solar power conditioning units (PCUs), solar charge controllers, solar panels and batteries. Our Promoters have an average experience of more than two decades in the power-backup industry. We believe that the collective experience and capabilities of our Promoters and management team and strong workforce enable us to understand and anticipate market trends and manage our business operations and growth.

Any loss of our Promoters, Directors, Key Managerial Personnel and Senior Management or our ability to attract and retain them and other skilled personnel could adversely affect our business, results of operations and financial condition. We depend on the management skills and guidance of our Promoters and Board of Directors for development of business strategies, monitoring their successful implementation and meeting future challenges. Further, we also significantly depend on the expertise, experience and continued efforts of our Key Managerial Personnels and Senior management Personnels. Our future performance will depend largely on our ability to retain the continued service of our management team. If one or more of our Key Managerial Personnel or Senior Management Personnels are unable or unwilling to continue in his or her present position, it could be difficult for us to find a suitable or timely replacement and our business, results of operations and financial condition could be adversely affected.

In addition, we may require a long period of time to hire and train replacement personnel when personnel with technical expertise terminate their employment with us. We may also be required to increase our levels of employee compensation more rapidly than in the past to remain competitive in attracting and retaining personnel with technical expertise that our business requires. The loss of the services of such persons could have an adverse effect on our business, results of operations, cash flows and financial condition.

There is significant competition for management and other skilled personnel in our industry in which we operate, and it may be difficult to attract and retain the personnel we require in the future, while the attrition rate for our employees since incorporation is not high and these positions have been appropriately filled and we have not faced any impact due to the resignations, we cannot assure that future resignations will not have impact the Company's business, financial condition, results of operations and prospects.

20. We may not be able to maintain our current levels of profitability due to increased costs or reduced trading spreads or margins.

Our business strategy involves a relatively high level of ongoing interaction with our customers. We believe that this involvement is an important part of developing our relationship with our customers, identifying new cross selling opportunities and monitoring our performance. However, this level of involvement also entails higher levels of costs and also requires a relatively higher gross spread, or margin, on the various goods we offer in order to maintain profitability. Further, our Company has entered into an Asset Purchase Agreement on September 19, 2024 with Su-Urja Solar Systems Private Limited ("**Su-Urja**") ("**Agreement**") for the purchase of movable assets of the production line of battery manufacturing unit located at land admeasuring an area of 03 Bigha 14 Biswa (74 Biswa) bearing Khatauni No. 281/321 Min, Kh No. 1979/446/2 MSRG 3-14 Bigha located at Village Bhatolikalan, Tehsil Baddi, Himachal Pradesh ("**Manufacturing Facility**") for a total purchase consideration of ₹ 418.90 Lakhs inclusive of applicable GST (the "**Purchase Consideration**"), which is expected to be completed by June 30, 2025. In accordance with the terms of the Agreement, the Company has made an upfront payment of ₹ 75.00 Lakhs on September 25, 2024 for which our Company is seeking a reimbursement from Net Proceeds. The acquisition of the movable assets is being undertaken to facilitate the Company's foray into lead-acid battery manufacturing operations and to ensure a smoother and more reliable supply of batteries to the Company. Our Company currently sources the majority of its lead-acid battery requirements from Su-Urja. Acquiring Su-Urja's running production line would ensure consistent product quality, with the potential for further improvement. Additionally, our Company would secure exclusive rights to 60% of the production capacity and associated manpower by paying 60% of the purchase price excluding GST within 15 business days post completion of listing of equity shares. The remaining balance of the purchase consideration shall be paid as per the terms set forth in the Agreement. There can be no assurance that we will be able to maintain our current levels of profitability and our investments in manufacturing batteries may be less profitable than what we have experienced historically by trading batteries all of which could materially and adversely affect our business, results of operations and financial condition.

21. Our Company will not receive any proceeds from the Offer for Sale portion of the Offer.

The Offer includes an Offer for Sale of up to 9,99,600 equity shares of face value of ₹ 10 each, in the aggregate, by the Promoter Selling Shareholders. Our Company will not receive any proceeds of the Offer for Sale by the Promoter Selling Shareholders. However, in the event that the Offer is withdrawn or not completed for any reason

whatsoever, all the Offer related expenses will be exclusively borne by our Company. The expenses of the Promoter Selling Shareholders will, at the outset, be borne by our Company and each Promoter Selling Shareholder will reimburse our Company for such expenses incurred by our Company on behalf of such Promoter Selling Shareholder, in relation to the Offer, upon successful completion of the Offer in the manner as prescribed under applicable law or in any other manner as maybe agreed amongst the Company and the Promoter Selling Shareholders. For further details, see “*Objects of the Offer*” on page 89.

22. Lead and Acid, raw materials used in the manufacture of batteries, traded by our Company and used in Inverters and Home UPS systems, assembled by our Company, are hazardous in nature and such batteries could also catch fire. Any accidents involving hazardous material at our Company’s facilities could lead to property damage, production loss and accident claims and have a material adverse effect on our financials, revenue from operations, cash flows, etc.

We store Lead-Acid batteries and Inverters and Home UPS systems which consist of such batteries at our facilities. Improper or negligent handling/ storage of such batteries and inverters, Home UPS and other products using such hazardous and flammable substances could lead to personal injury, property damage, production loss, etc. While we have implemented safety procedures related to the handling of the batteries, any mishandling of them could lead to a safety issue or a fire which could disrupt our operations. Such damage or injury could lead to suspension of operations which would have material adverse effect on our financials, revenue from operations, cash flows, etc. and imposition of civil or criminal liabilities. While such instances have not occurred in the past, however occurrence of any such events could expose us to the risks of facing claims and litigation, filed on behalf of persons alleging injury predominantly as a result of occupational exposure to hazards at our facilities. If these claims and lawsuits, individually or in the aggregate, are resolved against us, our business, results of operations and financial condition could be adversely affected.

23. If we are unable to establish and maintain an effective system of internal controls and compliances, our business and reputation could be adversely affected.

We manage our internal compliance by monitoring and evaluating internal controls and ensuring all relevant statutory and regulatory compliances. Although, we have not faced any deficiency in our internal control system till date, however, there can be no assurance that deficiencies in our internal controls will not arise or that we will be able to implement and continue to maintain adequate measures to rectify or mitigate any such deficiencies in our internal controls, in a timely manner or at all. If we are unable to establish and maintain an effective system of internal controls and compliances, our business and reputation could be adversely affected.

24. Failure to manage our inventory could have an adverse effect on our net sales, profitability, cash flow and liquidity.

The results of operations of our business are dependent on our ability to effectively manage our inventory and stocks. To effectively manage our inventory, we must be able to accurately estimate customer demand and supply requirement accordingly. If our management estimates on expected customer demand are erroneous, it could adversely impact the results by causing either a shortage of products or an accumulation of excess inventory.

25. Orders placed by customers may be delayed, modified or cancelled, which may have an adverse effect on our business, financial condition and results of operations. Further any defaults or delays in payment by a significant portion of our customers, may have an adverse effect on cash flows, results of operations and financial condition.

We may encounter problems in executing the orders in relation to our products or executing it on a timely basis. Moreover, factors beyond our control or the control of our customers may postpone the delivery of such products or cause its cancellation. Due to the possibility of cancellations or changes in scope and schedule of delivery of such products, resulting from our customers discretion or problems we encounter in the delivery of such products or reasons outside our control or the control of our customers, we cannot predict with certainty when, if or to what extent we may be able to deliver the orders placed. Additionally, delays in the delivery of such products can lead to customers delaying or refusing to pay the amount, in part or full, that we expect to be paid in respect of such products. In addition, even where a delivery proceeds as scheduled, it is possible that the customers may default or otherwise fail to pay amounts owed.

26. Change in technology, evolving customer requirements and emerging industry trends may affect our

business, may render our current technologies obsolete and may require us to make substantial capital investments.

Our ability to respond to technological advances, evolving customer requirements, and emerging industry standards and practices in a cost-effective and timely manner is critical to our future success. The development and implementation of such technology entails significant technical and business risk, as well as significant implementation costs. We cannot guarantee that new technologies will be successfully implemented or that our processing systems will be able to adapt to changing customer requirements or emerging industry standards. Technological advancements may make newer solutions more competitive than ours, or they may necessitate additional capital expenditures to upgrade our facilities and technology. If we are unable, for technical, legal, financial or other reasons, to adapt in a timely manner to changing market conditions, evolving customer requirements or technological changes, our business, financial condition and results of operations could be materially and adversely affected.

27. There have been instances of discrepancies/errors/delayed filings and statutory non compliances in the past. We may be subject to legal proceedings or regulatory actions by statutory authorities and our business, financial condition and reputation may be adversely affected.

There have been certain discrepancies/ inadvertent clerical errors in certain forms filed with the RoC from time to time and the secretarial records and corporate records maintained by us. For instance, the number of shares subscribed by the subscribers was incorrectly mentioned in the Memorandum of Association filed with the ROC, non-disclosure of certain related party transactions and other items in the Directors' Report. Our Company has undertaken corrective measures to rectify the errors/discrepancies which could be rectified in the ROC filings. Further, in the past, there have been certain instances of delays in filing statutory forms as per the reporting requirements under the Companies Act and FEMA Regulations which have been subsequently rectified by filing such forms with an additional fee as specified by the respective authorities. Whilst due care has been taken in maintaining statutory records and compliances, we cannot assure you that that there will be no such instances in the future, or there would not be any further delays or defaults in relation to its reporting requirements.

While on the date of this Draft Prospectus, there is no legal proceedings or regulatory action that has been initiated against our Company in relation to such non-compliances or instances of incorrect filings or delays in filing statutory forms, we cannot assure you that such legal proceedings or regulatory actions will not be initiated against our Company in future and we cannot assure you that we will not be subject to any legal proceedings or regulatory actions, including monetary penalties by statutory authorities on account of any future inadvertent discrepancies in our secretarial filings and/or corporate records in the future, which may adversely affect our business, financial condition and reputation. There can be no assurance that such lapses will not occur in the future, or that we will be able to rectify or mitigate such lapses in a timely manner, or at all.

28. We have not identified any alternate source of funding and hence any failure or delay on our part to mobilize the required resources or any shortfall in the Offer proceeds may delay the implementation schedule.

The proposed fund requirement for purchase of the battery manufacturing facility to facilitate backward integration in our business process and funding working capital requirements, as detailed in the section titled "*Objects of the Offer*" is to be funded from the proceeds of this Offer. We have not identified any alternate source of funding and hence any failure or delay on our part to mobilize the required resources or any shortfall in the Offer proceeds may delay the implementation schedule. We, therefore, cannot assure that we would be able to execute our future plans/strategy within the given timeframe. For further details, see "*Objects of the Offer*" on page 89.

29. Our growth will depend on our ability to build our brand and failure to do so will negatively impact our ability to effectively compete in this industry.

Our Company has a trademark registration for our brand logo  which reinforces our identity within the power solutions market. The trademark, listed under Trademark No. 2799169, covers a broad range of product categories in Class 9, which includes inverters, UPS systems, solar charge controllers, solar panels, and batteries, among others, ensuring brand protection across our extensive product lineup. The trademark registration prevents unauthorized use of Smarten's brand identity and bolsters its position, enabling it to expand confidently under a protected and recognized brand. Additionally, we have secured the design registrations with the Government of India's Patent Office for the unique design of its Inverter front cover which safeguards the distinctive shape, configuration, and surface pattern of our product, ensuring exclusive rights over this design and preventing imitation by competitors. This registered design not only adds to the brand's visual identity but also enhances

product recognition and customer trust in Smarten's commitment to quality and innovation. For details regarding the Trademark and Patent registrations, see "Government and other Approvals" at page 221.

We believe that we need to continue to build our brand, which will be critical for achieving wide spread recognition of our services. Promoting and positioning our brand will depend largely on the success of our marketing efforts and our ability to provide high quality services. The brand promotion activities that we may undertake may not yield increased revenues, and even if they do, any increased revenues may not offset the expenses we incur in building our brand. If we are unable to promote and maintain our brand, our business, financial condition and results of operations could be adversely affected.

30. We have incurred indebtedness, and an inability to comply with repayment and other covenants in our financing agreements could adversely affect our business and financial condition.

As on November 30, 2024, we have outstanding borrowings amounting to ₹ 840.42 Lakhs. Additionally, out of the total borrowing of ₹ 840.42 Lakhs, 43.83% amounting to ₹ 368.36 Lakhs (Overdraft Facility) is repayable on demand. For details on our total borrowings, see "Financial Indebtedness" on page 210.

Our financing agreements governing our borrowings include conditions that require us to obtain consents from lender prior to carrying out specified activities or entering into certain transactions.

We cannot assure you that we will be able to obtain consent as and when required or to comply with covenants in the future. Further, we typically secure these debt obligations with a combination of security interests over our assets and hypothecation of movables and future receivables. The security allows our lender to sell the relevant assets in the event of our default and to exercise other related rights. Under such financing agreements, we are also required to comply with certain financial covenants, such as maintaining prescribed financial ratios at all times.

Further, if we incur more debt or if there is an increase in the applicable interest rates for our existing debt, our interest payment obligations will increase and we may become subject to additional conditions from lender, including additional restrictions on the operation of our business. The financing agreements that we are party to, or which we may enter into in the future, may be unilaterally terminated by our lender or the lender could decline to lend to us under such agreements. Under some of the credit facilities availed by us, our lender are entitled to terminate the credit facility in the event of any default committed by us under other loan facilities.

In case we default in any of our outstanding borrowings, we may not be able to declare or issue dividends, without the approval of our lender. The lender may change the applicable banking policies, increase interest rates or levy penal interest for non-compliances, if any. Inability to effectively service our borrowings, comply with or obtain waivers of applicable loan covenants, as the case may be, may adversely affect our business, results of operations and financial conditions.

31. There have been instances of delay in repayment of loans in the past. Any such delay in the future may adversely affect our business, results of operations and financial conditions.

There have been instances of delayed repayment of borrowings in the past. The details of the same have been provided below:

Name of the Lender	Details of Loan availed	No. of Loans	Financial Year in which default occurred	No. of default instances	Total Amount not paid on due date (in ₹)
HDFC Bank Limited	Vehicle Loan	2	2021-2022	11	2,13,660
Volkswagen Financial Services	Vehicle Loan	1	2021-2022	9	1,02,498
Kotak Mahindra Bank Limited	Foreign Currency Loan	1	2021-2022	2	2,56,348
HDFC Bank Limited	Vehicle Loan	2	2022-2023	4	1,38,030
Volkswagen Financial Services	Vehicle Loan	1	2022-2023	12	1,49,128

Non-Payment of Instalments

Name of the Lender	Nature of Borrowing	Loan Payment Due Date	Financial Year in which default occurred	Instalments Amount inclusive of interest (in ₹)	Overdue days of default as of end of Financial Year
HDFC Bank Limited	Vehicle Loan	June 04, 2021	2022-2023	21,757	723
HDFC Bank Limited	Vehicle Loan	July 05, 2021	2022-2023	21,757	693

While the amounts of default were not significant and the loans were subsequently repaid without any material adverse action by the lenders, we cannot assure you that there will not be any future instances in delay or default in repayment of borrowings or request our lenders to reschedule of our loans. Occurrence of any of the aforementioned events, could affect our cash flows, financial condition and business operations.

32. Our success depends on stable and reliable logistics and transportation. Disruption of logistics and transportation services could impair the ability of our suppliers to deliver raw materials or our ability to deliver products to our customers and/ or increase our transportation costs, which may adversely affect our operations.

We utilize third party transportation services for transportation of raw materials and our products from/ to our suppliers and customers. Any disruption in services by such third-party transportation provider could impact our business operations and delivery of our products to our customers. Further, transportation strikes could also have an adverse effect on supplies and deliveries to and from our customers and suppliers. Although during the three months period ended June 30, 2024, Fiscal 2024, Fiscal 2023 or Fiscal 2022, we did not face any significant disruptions due to use of third-party transportation and logistics service providers, any disruptions of logistics in the future could impair our ability to deliver our products on time, which could materially and adversely affect our business, results of operations and financial condition. To ensure timely delivery of our products, we may also be required to maintain relatively high level of inventory of raw materials and this may also resultantly increase our cost.

33. Our insurance coverage may not be adequate to protect us against certain operating hazards and this may have a material adverse effect on our business.

Our operations are subject to risks inherent to our business such as risk of equipment failure, work accidents, fire, earthquakes, flood and other force majeure events, acts of terrorism and explosions including hazards that may cause injury and loss of life, severe damage to and the destruction of property and equipment and environmental damage. Our significant insurance policies consist of united value udyam suraksha policy, burglary policy and marine cargo open policy. While we believe that we maintain insurance coverage in adequate amounts consistent with size of our business, our insurance policies do not cover all risks, specifically risks such as machinery breakdown, goods in transit, product liability insurance and insurance in respect of assets situated at Administration office. Failure to effectively cover ourselves against the associated risks may potentially lead to material losses. While our Company has not claimed any insurance in the past, however there can be no assurance that our insurance policies will be adequate to cover the losses/ damages suffered or that such insurance coverage will continue to be available on reasonable terms or will be available in sufficient amounts to cover one or more large claims, or that the insurer will not disclaim coverage as to any future claim. If we suffer a significant uninsured loss or if insurance claim in respect of the subject matter of insurance is not accepted or any insured loss suffered by us significantly exceeds our insurance coverage, our business, financial condition and results of operations may be materially and adversely affected.

Further, we are required to renew these insurance policies from time to time and in the event we fail to renew the insurance policies within the time period prescribed in the respective insurance policies or not obtain at all, we may face significant uninsured losses. If we suffer a large uninsured loss or if any insured loss suffered by us significantly exceeds our insurance coverage, our business, financial condition and results of operations may be adversely affected.

34. Our Company has entered into related party transactions in the past and may continue to do so in the future. There can be no assurance that such transactions, individually or in the aggregate, will not have an adverse effect on our Company's financial condition and results of operations.

As on June 30, 2024, we have entered into related party transactions with our Promoters, Directors, members of Promoter Group and our Group Company. Whilst these related party transactions have been disclosed in our financial statements as per AS-18, and are in compliance with the relevant provisions of the Companies Act, 2013, Accounting Standards and other applicable laws, While our Company believes that all such transactions have been

conducted on the arm's length basis, there can be no assurance that it could not have been achieved on more favourable terms had such transactions not been entered into with related parties. Further, it is likely that we may enter into related party transactions in the future and such transactions may potentially involve conflicts of interest. In terms of the Companies Act and SEBI LODR Regulations, we are required to adhere to various compliance requirements such as obtaining prior approvals from our Audit Committee, Board and Shareholders for certain related party transactions that such related party transactions shall not be done against the interests of the Company and its shareholders as prescribed in the SEBI LODR Regulations. There can be no assurance that such transactions, individually or in the aggregate, will not have an adverse effect on our financial condition and results of operations.

35. Common pursuits exists between our Company, Subsidiary Company and our Group Company which could create conflicts of interest between us and our Promoters.

There are common pursuits amongst our Company, Subsidiary Company namely Smart Store International Private Limited and our Group Company and Promoter Group Entity namely Nitant Global Private limited by virtue of engagement in similar business activities. Our Company holds 100% equity shares in our Subsidiary Company and our Promoters are also directors on the board of our Subsidiary Company and our Promoters collectively hold 80.00% equity shares in Nitant Global Private Limited. We have not entered into any non-compete agreement with the said entities. As a result, conflicts of interests can arise on account of common suppliers/customers and in allocating business opportunities. These overlapping directorships and shareholding could create conflicts of interest between us and the Promoters. We also have related party transactions with the aforesaid entities. For details in regard to such transactions, see “*Restated Consolidated Financial Statements –Annexure XXXIII - Related Party Disclosures*” on page F24. Any such present and future conflicts may have an adverse effect on our reputation, business and results of operations. Our Company will adopt necessary procedures and practices as permitted by law to address any situations of conflict of interest, if and when they arise.

36. Our Promoters have extended personal guarantees with respect to loan facilities availed by our Company. Revocation of any or all of these personal guarantees may adversely affect our business operations and financial condition.

Our Promoters have extended personal guarantees in favour of certain banks with respect to the loan facilities availed by our Company from them. In the event any of these guarantees are revoked, our lender may require us to furnish alternate guarantees or an additional security or may demand a repayment of the outstanding amounts under the said facilities sanctioned or may even terminate the facilities sanctioned to us. There can be no assurance that our Company will be able to arrange such alternative guarantees in a timely manner or at all. If the guarantees are withdrawn, the ability of our Company to continue its business operations could be adversely affected. If our

lender enforce these restrictive covenants or exercise their options under the relevant debt financing agreements, our operations and use of assets may be significantly hampered, and lender may demand the payment of the entire outstanding amount and this in turn may also affect our further borrowing abilities thereby adversely affecting our business and operations.

The details of the personal guarantees given by our Promoters with reference to the loans taken by our company are as follows:

37. We do not have an information security and disaster recovery system in place. Further any failure or disruption of our IT systems may adversely affect our business, results of operations and financial condition.

We have implemented various information technology (“IT”) solutions to cover key areas of our operations and accounting. However, we do not have an information security and disaster recovery system in place. In addition, IT is important to our assembling processes. Our IT solutions are potentially vulnerable to damage or interruption from a variety of sources, which could result from (among other causes) cyberattacks on or failures of such infrastructure or compromises to its physical security, as well as from damaging weather or other acts of nature. A significant or large-scale malfunction or interruption of one or more of our IT systems or manufacturing IT systems, could adversely affect our ability to keep our operations running efficiently and affect product availability, particularly in the country, region or functional area in which the malfunction occurs, and wider or sustained disruption to our business cannot be excluded. In addition, it is possible that a malfunction of our data system security measures could enable unauthorized persons to access sensitive business data, including information relating to our intellectual property or business strategy or those of our customers. While we have not faced significant disruptions in past, any such malfunction or disruptions in future could cause economic losses for which we could be held liable or cause damage to our reputation. Any of these developments, alone or in combination, could have a material adverse effect on our business, results of operations and financial condition. Although we have had no incidents during the three months period ended June 30, 2024, Fiscal 2024, Fiscal 2023 or Fiscal 2022, the unavailability of, or failure to retain, well trained employees capable of constantly servicing our IT may lead to inefficiency or disruption of our operations and thereby adversely affecting our business, results of operations and financial condition.

38. Fraud, theft, employee negligence or similar incidents may adversely affect our results of operations and financial condition.

Our operations may be subject to incidents of theft or damage to inventory in transit, prior to or during godown stocking and display. The industry also typically encounters some inventory loss on account of employee theft, shoplifting, vendor fraud, credit card fraud and general administrative error. Although till date we have never experienced any such instance, there can be no assurance that we will not experience any fraud, theft, employee negligence, security lapse, loss in transit or similar incidents in the future, which could adversely affect our results of operations and financial condition. Additionally, losses due to theft, fire, breakage or damage caused by other casualties, could adversely affect our results of operations and financial condition.

39. The average cost of acquisition of Equity Shares by our Promoters is lower than the offer price.

Our Promoters' average cost of acquisition of Equity Shares in our Company is lower than the Offer Price of the shares proposed to be offered through this Draft Prospectus. For further details, please refer the below mentioned table:

(in ₹)

Name of the Promoter	No. of shares held	Average cost of acquisition**
Arun Bhardwaj	3,666,510	0.67
Rajnish Sharma	3,666,495	0.67
Ravi Dutt	3,666,495	0.67
Tirath Singh Khaira	2,750,475	0.67

*As certified by Mahesh Yadav & Co., Chartered Accountants, Statutory Auditor pursuant to their certificate dated December 27, 2024

40. There have been instances of non-payment and delay in payment of statutory dues in the past under the statutory provisions of the Central Goods and Services Tax Act, 2017, the Employees Provident Funds and Miscellaneous Provisions Act, 1952 and the Employees State Insurance Act, 1948. Such non-compliance and delayed compliance may attract penalties against our Company which could impact the financial position of us to that extent.

There have been few instances of delays and non-filings by our Company in the past in filing statutory forms with government authorities such as Central Goods and Services Tax Act, 2017, the Employees Provident Funds and Miscellaneous Provisions Act, 1952 and the Employees State Insurance Act, 1948. There have been delays in deposit of GST amounts and such inadvertent delays were mainly on account of delays on the company's part in preparation of information required for filing such returns. The following delays have been regularized and the interest / late fees has been paid to the relevant authority in the following manner:

Sr. No.	Financial Year	Return Type	Number of Delayed Filings
1.	2021-2022	GSTR1	5
2.	2022-2023	GSTR1	1
3.	2021-2022	GSTR3B	5
4.	2022-2023	GSTR3B	1

In addition to the above, there were instances of delayed compliance with respect to payment of provident fund under the Employees Provident Funds and Miscellaneous Provisions Act, 1952 and under the Employees State Insurance Act, 1948 on account of technical issues, as mentioned below:

Sr. No.	Financial Year	Total number of Filings	Number of Delayed Filings
Employees Provident Funds and Miscellaneous Provisions Act, 1952			
1.	2021-2022	12	2
2.	2022-2023	12	Not traceable*
The Employees State Insurance Act, 1948			
1.	2021-2022	12	1

*The challans and details of 4 payments are not traceable. The remaining 8 payments were made on time.

While our Company has already regularized the aforesaid delays, however, there can be no assurance that the regulator may not initiate proceedings against us or that we will be able to sufficiently defend against any action initiated by regulators in relation to regulatory compliances for all instances and periods. Any adverse order passed, or penalty imposed by regulators on us may adversely affect our business and results of operations

41. Our Company's failure to maintain the quality standards of our products or keep pace with the technological developments could adversely impact our business, results of operations and financial condition.

Our products depend on customer's expectations and choice or demand of the customers. Any failure to maintain the quality standards may affect our business. Although we have put in place quality control procedures, we cannot assure that our products will always be able to satisfy our customers' quality standards. Any negative publicity regarding our Company, or products, including those arising from any deterioration in quality of our products from our vendors, or any other unforeseen events could adversely affect our reputation, our operations and our results from operations. Also, change in our customers' expectation on account of changes in technology or

introduction of new products or for any other reason and failure on our part to meet their expectation could adversely affect our business, result of operations and financial condition. Our failure to anticipate or to respond adequately to changing technical, market demands and/or client requirements could adversely affect our business and financial results.

42. We have issued Equity Shares during the last one year at a price that may be below the Offer Price.

Our Company has not issued any Equity Shares during a period of one year preceding the date of this Draft Prospectus at a price lower than the Offer Price, except the bonus issue made on October 24, 2024.

43. After the completion of the Offer, our Promoters will continue to collectively hold substantial shareholding in our Company.

Currently, our Promoters own an aggregate of 91.67% of our issued, subscribed and paid-up Equity Share capital. Following the completion of the Offer, our Promoters will continue to hold approximately [•] % of our post-Offer Equity Share capital. For details of their shareholding pre and post-Offer, see “*Capital Structure*” on page 75. By virtue of their shareholding, our Promoters will have the ability to exercise significant control over the outcome of the matters submitted to our shareholders for approval, including the appointment of Directors, the timing and payment of dividends, the adoption of and amendments to our Memorandum and Articles of Association, the approval of a merger or sale of substantially all of our assets and the approval of most other actions requiring the approval of our shareholders. The interests of our Promoters in their capacity as our Shareholders could be different from the interests of our other shareholders. Any such conflict may adversely affect our ability to execute our business strategy or to operate our business.

44. We are required to obtain, renew or maintain certain statutory and regulatory permits and approvals required to operate our business and if we fail to do so in a timely manner or at all and our business, financial conditions, results of operations, and cash flows may be adversely affected.

We require certain statutory and regulatory licenses, registrations and approvals to operate our business, some of which our Company has either received, applied for or is in the process of application. Many of these approvals are granted for fixed periods of time and need renewal from time to time. Non-renewal of the said permits and licenses would adversely affect our operations, thereby having a material adverse effect on our business, results of operations and financial condition. There can be no assurance that the relevant authorities will renew such licenses, registrations and approvals in a timely manner or at all. Further, these licenses, registrations and approvals are subject to several conditions, and we cannot assure that we will be able to continuously meet such conditions or be able to prove compliance with such conditions to statutory authorities, and this may lead to cancellation, revocation or suspension of relevant licenses, approvals and registrations. Failure by us to renew, maintain or obtain the required licenses or approvals, or cancellation, suspension, or revocation of any of the licenses, approvals and registrations may result in the interruption of our operations and may have a material adverse effect on our business, results of operations and financial condition. For further details, see “*Government and Other Approvals*” on page 221.

45. Any slowdown or shutdown in our business operations or strikes, work stoppages or increased wage demands by our employees that could interfere with our operations could have an adverse effect on our business, financial condition and results of operations.

As of November 30, 2024, we have 238 full-time employees. We have no employees who belong to labour unions, and we have had no instances of strikes or labour unrest since we began operations. However, we cannot guarantee that our employees will not join labour unions in the future, and as a result, we may experience operational disruptions due to labour disputes or other issues with our workforce. Further, it may happen in future that employees want to increase their wages or terms of the employment contract and if the Company not satisfied with the demand then the employees might not work but till date we did not face any such issue which will disrupt the business of the Company. If the abovementioned events occurs then it will have materially negative impact on our business, financial condition, and results of operations.

Additionally, our Company has entered into an Asset Purchase Agreement to purchase the movable assets of a battery manufacturing unit and our business will be dependent upon our ability to manage such manufacturing facility, including productivity of our workforce, which are subject to various operating risks, including those beyond our control, such as the breakdown, failure of equipment or industrial accidents, severe weather conditions and natural disasters. Any significant malfunction or breakdown of our machinery, our equipment, our reactors, our automation systems, our IT systems or any other part of our manufacturing processes or systems (together, our “**Manufacturing Assets**”) may entail significant repair and maintenance costs and cause delays in our operations. While we have never experienced any malfunction or breakdown of our Manufacturing Assets,

however, we cannot assure you that we shall not experience any malfunction or breakdown of our Manufacturing Assets in the future. If we are unable to repair Manufacturing Assets in a timely manner or at all, our operations may need to be suspended until we procure the appropriate Manufacturing Assets to replace them.

Further, there can be no assurance that in future, if we suffer accidents or if we are subject to shutdowns due to malfunctions, that we would be able to recover insurance costs covering all losses. Further, our Company does not have any disaster recovery plan. Any uninsured losses in the future would adversely impact our results of operations and profitability. Additionally, any regulatory notices received indicating shortfall in quality or inadequacies of quality control measures or in our products could require us to make unplanned shutdowns in the future, resulting in losses and operational difficulties. In addition, we may be required to carry out planned shutdowns of our facility for maintenance, statutory inspections, customer audits and testing, and equipment upgrades.

We may be subject to disruptions due to contraventions by us of any of the conditions of our regulatory approvals, which may require our manufacturing facility to cease, or limit, production until the disputes concerning such approvals are resolved. Although we have not experienced any significant disruptions at our manufacturing facility in the past, we cannot assure you that there will not be any disruptions in our operations in the future. Our inability to effectively respond to such events and rectify any disruption, in a timely manner and at an acceptable cost, could lead to the slowdown or shutdown of our operations or the under-utilization of our manufacturing facility, which in turn may have an adverse effect on our business, financial condition and results of operations.

46. We are subject to foreign currency exchange rate fluctuations which could have a material and adverse effect on our results of operations and financial conditions.

Our Company exports products outside India in countries like Nigeria and West African Countries, Nepal, UAE, Qatar, Myanmar, etc. These exports are denominated in USD and Euro.

The following table sets forth the details of revenue from operations from exports:

(₹ in Lakhs unless stated in %)

Sr. No	Countries*	As on June 30, 2024		As at Fiscal 2024		As at Fiscal 2023		As at Fiscal 2022

#% being derived from the total Revenue generated from Exports

*As certified by Mahesh Yadav & Co., Chartered Accountants, Statutory Auditor pursuant to their certificate dated December 27, 2024

Exports contributed 34.34% of revenue from operations for the three months period ended June 30, 2024, 35.70% for Financial year ended March 31, 2024, 31.73% for Financial year ended March 31 2023 and 32.20% for Financial year ended, March 31, 2022 , respectively.

Accordingly, we have currency exposures to currencies other than the Rupee. Changes in the value of currencies with respect to the Rupee may cause fluctuations in our operating results expressed in Rupees. The exchange rate between the Rupee and other currencies is variable and may continue to fluctuate in future. Fluctuation in the exchange rates may affect us to the extent of sales in foreign currency terms. In particular, our business, results of operations and financial condition may be adversely affected by fluctuations in the value of the Indian Rupee against the U.S. Dollar or other foreign currencies.

The details of foreign exchange exposure and hedging on a consolidated basis are as follows:

Particulars	As at June 30, 2024	As at March 31, 2024	As at March 31, 2023	As at March 31, 2022
Total USD receivable from debtors outstanding as on balance sheet date	\$ 11,06,372.29	\$ 7,75,555.83	\$ 4,15,362.59	\$ 7,02,823.51

Foreign Currency Gains/(Losses) as per Profit & Loss A/c (₹ in Lakhs)	13.33	37.55	87.31	68.97
--	-------	-------	-------	-------

Our Company has not executed any contracts for hedging foreign currency exposure in any of the aforesaid periods. Volatility in foreign exchange rates could adversely affect our business, financial condition and results of operation and the price of our Equity Shares.

47. The deployment of funds raised through this Offer shall not be subject to any Monitoring Agency and shall be purely dependent on the discretion of the management of our Company.

Since, the Proceeds from Offer is less than ₹ 10,000 Lakhs, there is currently no mandatory requirement of appointing an Independent Monitoring Agency for overseeing the deployment of utilization of funds raised through this Offer. However, as per Section 177 of the Companies Act, 2013 and applicable laws, the Audit Committee of our Company would be monitoring the utilization of the Offer Proceeds. The deployment of these funds raised through this Offer, is hence, at the discretion of the management and the Board of Directors of our Company and will not be subject to monitoring by any independent agency. Any inability on our part to effectively utilize the Offer proceeds could adversely affect our financials.

48. Our Directors may have interests other than reimbursement of expenses incurred and normal remuneration or benefits in our Company.

Our Directors may be interested in our Company, in addition to regular remuneration, sitting fees or benefits and reimbursement of expenses, to the extent of the Equity Shares held by them in our Company, and bonuses, dividend payable or other distributions on such Equity Shares. Our directors may be regarded as interested in the Equity Shares held by them or by their relatives, if any, or that may be subscribed by or allotted to them or the companies, firms and trusts, in which they are interested as directors, members, partners, trustees and promoter, pursuant to this Offer. We cannot assure you that our directors or promoters would always exercise their rights as Shareholders to the benefit and best interest of our Company. As a result, our directors or Promoter will continue to exercise significant control over our Company, including being able to control the composition of our board of directors and determine decisions requiring simple or special majority voting, and our other Shareholders may be unable to affect the outcome of such voting. For details relating to interests and reimbursement of expenses to some of our directors, see “Our Management”, “Our Promoters and Promoter Group and Annexure XXXIII - “Related Party Transaction in “Restated Consolidated Financial Statements” on page 166, 182 and F24. Further, our Promoters are interested in promotion and formation of the Company.

49. We have not been able to obtain certain records of the past experiences of our Directors and Senior Management Personnel.

We have not been able to obtain certain records, such as relieving letters or appointment letters of the past experiences of Tirath Singh Khaira, our Promoter and Whole Time Director for a period of eight (8) years and Tejas Pralhad Karhadkar, Chairman and Non-Executive Independent Director, for a period of 2 years. Past experience records for Sanjay Agrawal and Devender Singh, Senior Management Personnel of our Company are also not available and we have relied on the declaration furnished by such Directors and Senior Management Personnel for details of their profile included in this Draft Prospectus. Therefore, our Company and the Lead Manager have been unable to independently verify these details prior to inclusion of these details in the brief profile provided in this Draft Prospectus.

50. Our funding requirements and the proposed deployment of Net Proceeds have not been appraised by any bank or financial institution or any other independent agency and our management will have broad discretion over the use of the Net Proceeds.

We intend to utilize the Net Proceeds of the Offer as set forth in “Objects of the Offer” on page 89. The funding requirements mentioned as a part of the objects of the Offer are based on internal management estimates and have not been appraised by any bank or financial institution. This is based on current conditions and is subject to change in light of changes in external circumstances, costs, business initiatives, other financial conditions or business strategies. Various risks and uncertainties, including those set forth in this section, may limit or delay our efforts to use the Net Proceeds to achieve profitable growth in our business.

Accordingly, use of the Net Proceeds for other purposes identified by our management may not result in actual growth of our business, increased profitability or an increase in the value of our business and your investment.

51. *Our future funds requirements, in the form of fresh issue of capital or securities and/or loans taken by us, may be prejudicial to the interest of the shareholders depending upon the terms on which they are eventually raised.*

We may require additional capital from time to time depending on our business needs. Any fresh issue of shares or convertible securities would dilute the shareholding of the existing shareholders and such issuance may be done on terms and conditions, which may not be favorable to the then existing shareholders. If such funds are raised in the form of loans or debt, then it may substantially increase our interest burden and decrease our cash flows, thus prejudicially affecting our profitability and ability to pay dividends to our shareholders.

52. *We have in this Draft Prospectus included certain Non-GAAP Measures that may vary from any standard methodology that is applicable across the industries in which we operate and may not be comparable with financial information of similar nomenclature computed and presented by other companies.*

Certain Non-GAAP Measures and certain other statistical information relating to our operations and financial performance like EBITDA, EBITDA Margin, PAT Margin, and others, have been included in this Draft Prospectus, see “*Certain Conventions, Presentation of Financial, Industry and Market Data and Currency of Presentation — Non-GAAP Measures*”, on page 19. We compute and disclose such Non-GAAP measures and such other statistical information relating to our operations and financial performance as we consider such information to be useful measures of our business and financial performance. Further, these Non-GAAP Measures are not a measurement of our financial performance or liquidity under Ind AS or IFRS and should not be considered in isolation or construed as an alternative to cash flows, profit / (loss) for the year / period or any other measure of financial performance or as an indicator of our operating performance, liquidity, profitability or cash flows generated by operating, investing or financing activities derived in accordance with Ind AS, or IFRS. These Non-GAAP measures and other statistical and other information relating to our operations and financial performance may not be computed on the basis of any methodology that is applicable across the industry and therefore may not be comparable to financial measures and statistical information of similar nomenclature that may be computed and presented by other companies and are not measures of operating performance or liquidity defined by the accounting standards and may not be comparable to similarly titled measures presented by other companies. Other companies may calculate the Non-GAAP Measures differently from us, limiting their usefulness as a comparative measure. Although the Non-GAAP Measures are not a measure of performance calculated in accordance with applicable accounting standards, we compute and disclose them as our Company’s management believes that they are useful information in relation to our business and financial performance.

53. *Certain data mentioned in this Draft Prospectus has not been independently verified.*

We have not independently verified data from industry publications contained herein and although we believe these sources to be reliable, we cannot assure that they are complete or reliable. Such data may also be produced on a different basis from comparable information compiled with regard to other countries. Therefore, discussions of matters relating to India and its economy are subject to the limitation that the statistical and other data upon which such discussions are based have not been verified by us and may be incomplete or unreliable.

RISKS RELATED TO OUR EQUITY SHARES AND EQUITY SHARE HOLDERS

54. *The Offer Price of our Equity Shares may not be indicative of the market price of our Equity Shares after the Offer.*

The Offer Price of the Equity Shares will be determined by our Company in consultation with the Lead Manager through the Fixed Price Process. This price will be based on numerous factors, as described under the chapter “*Basis for Offer Price*” on page 103 and may not be indicative of the market price for the Equity Shares after the Offer. The market price of the Equity Shares could be subject to significant fluctuations after the Offer and may decline below the Offer Price. We cannot assure you that you will be able to resell their Equity Shares at or above the Offer Price.

55. *The Equity Shares have never been publicly traded, and, after the Offer, the Equity Shares may experience price and volume fluctuations, and an active trading market for the Equity Shares may not develop. Further, the price of the Equity Shares may be volatile, and you may be unable to resell the Equity Shares at or above the Offer Price, or at all.*

Prior to the Offer, there has been no public market for the Equity Shares, and an active trading market on the Stock Exchanges may not develop or be sustained after the Offer. Listing and quotation do not guarantee that a market for the Equity Shares will develop, or if developed, the liquidity of such market for the Equity Shares. The Offer Price of the Equity Shares is proposed to be determined in consultation with Lead Manager in accordance

with the SEBI ICDR Regulations and may not be indicative of the market price of the Equity Shares at the time of commencement of trading of the Equity Shares or at any time thereafter. The market price of the Equity Shares may be subject to significant fluctuations in response to, among other factors, variations in our operating results of our Company, market conditions specific to the industry we operate in, developments relating to India, volatility in securities markets in jurisdictions other than India, variations in the growth rate of financial indicators, variations in revenue or earnings estimates by research publications, and changes in economic, legal and other regulatory factors.

56. The price of our Equity Shares may be volatile, or an active trading market for our Equity Shares may not develop.

Prior to this Offer, there has been no public market for our Equity Shares [●] is acting as Market Maker for the Equity Shares of our Company. However, the trading price of our Equity Shares may fluctuate after this Offer due to a variety of factors, including our results of operations and the performance of our business, competitive conditions, general economic, political and social factors, the performance of the Indian and global economy and significant developments in India's fiscal regime, volatility in the Indian and global securities market, performance of our competitors, the Indian Capital Markets, changes in the estimates of our performance or recommendations by financial analysts and announcements by us or others regarding contracts, acquisitions, strategic partnerships, joint ventures, or capital commitments. In addition, if the stock markets experience a loss of investor confidence, the trading price of our Equity Shares could decline for reasons unrelated to our business, financial condition or operating results. The trading price of our Equity Shares might also decline in reaction to events that affect other companies in our industry even if these events do not directly affect us. Each of these factors, among others, could materially affect the price of our Equity Shares. There can be no assurance that an active trading market for our Equity Shares will develop or be sustained after this Offer, or that the price at which our Equity Shares are initially offered will correspond to the prices at which they will trade in the market subsequent to this Offer. For further details of the obligations and limitations of Market Makers, see 'General Information' on page 67.

57. There is no guarantee that our Equity Shares will be issued pursuant to the Offer will be listed on the EMERGE Platform of NSE in a timely manner or at all.

In accordance with Indian law and practice, permission for listing and trading of the Equity Shares issued pursuant to the Offer will not be granted until after the Equity Shares have been issued and allotted. Approval for listing and trading will require all relevant documents authorizing the issuance of Equity Shares to be submitted. There could be a failure or delay in listing the Equity Shares on the Emerge Platform of NSE. Any failure or delay in obtaining the approval would restrict your ability to dispose of your Equity Shares.

58. The requirements of being a public listed company may strain our resources and impose additional requirements.

With the increased scrutiny of the affairs of a public-listed company by shareholders, regulators and the public at large, we will incur significant legal, accounting, corporate governance and other expenses that we did not incur in the past. We will also be subject to the provisions of the listing agreements signed with the Stock Exchange which requires us to file unaudited financial results on a half-yearly basis. In order to meet our financial control and disclosure obligations, significant resources and management supervision will be required. As a result, management's attention may be diverted from other business concerns, which could have an adverse effect on our business and operations. There can be no assurance that we will be able to satisfy our reporting obligations and/or readily determine and report any changes to our results of operations in a timely manner as other listed companies. In addition, we will need to increase the strength of our management team and hire additional legal and accounting staff with appropriate public company experience and accounting knowledge, and we cannot assure that we will be able to do so in a timely manner.

59. There are restrictions on daily movements in the price of the Equity Shares, which may adversely affect a shareholder's ability to sell, or the price at which it can sell, Equity Shares at a particular point in time.

Once listed, we would be subject to circuit breakers imposed by the stock exchange, which does not allow transactions beyond specified increases or decreases in the price of the Equity Shares. This circuit breaker operates independently of the index-based market-wide circuit breakers generally imposed by SEBI on Indian stock exchanges. The percentage limit on circuit breakers is set by the stock exchanges based on the historical volatility in the price and trading volume of the Equity Shares. This circuit breaker limits the upward and downward movements in the price of the Equity Shares. As a result of this circuit breaker, no assurance may be given regarding your ability to sell your Equity Shares or the price at which you may be able to sell your Equity Shares at any particular time.

60. Investors will not be able to sell immediately on Stock Exchange any of the Equity Shares you purchase in the Offer until the Offer receives appropriate trading permissions.

The Equity Shares will be listed on the Stock Exchange. Pursuant to Indian regulations, certain actions must be completed before the Equity Shares can be listed and trading may commence. We cannot assure you that the Equity Shares will be credited to investor's demat accounts, or that trading in the Equity Shares will commence, within the time periods specified in the Draft Prospectus. Any failure or delay in obtaining the approval would restrict your ability to dispose of the Equity Shares. In accordance with the Companies Act, 2013, in the event that the permission of listing the Equity Shares is denied by the stock exchange, we are required to refund all the monies collected to investors.

61. We cannot assure payment of dividends on the Equity Shares in the future.

Our Company has a formal dividend policy as on the date of this Draft Prospectus. Our Company, however, has not declared dividends on our Equity Shares during the current Fiscal Year and the last three Fiscal Years. Our ability to pay dividends in the future will depend upon our dividend policy, future results of operations, financial condition, cash flows, working capital requirements and capital expenditure requirements and other factors considered relevant by our directors and shareholders. Our ability to pay dividends may also be restricted under certain financing arrangements that we may enter into. We cannot assure you that we will be able to pay dividends on the Equity Shares at any point in the future. For details pertaining to dividend policy, see "Dividend Policy" on page 189.

62. Investors may be subject to Indian taxes arising out of capital gains on sale of Equity Shares.

Under current Indian tax laws and regulations, unless specifically exempted, capital gains arising from the sale of equity shares in an Indian company are generally taxable in India. A securities transaction tax ("STT") is levied on and collected by an Indian stock exchange on which equity shares are sold. Any capital gain exceeding ₹100,000, realized on the sale of equity shares held for more than 12 months immediately preceding the date of transfer, which are sold using any other platform other than on a recognized stock exchange and on which no STT has been paid, are subject to long-term capital gains tax in India.

The Finance Act, 2019 amended the Indian Stamp Act, 1899 with effect from July 1, 2020, and clarified that, in the absence of a specific provision under an agreement, the liability to pay stamp duty in case of sale of securities through stock exchanges will be on the buyer, while in other cases of transfer for consideration through a depository, the onus will be on the transferor. The stamp duty for transfer of securities other than debentures on a delivery basis is specified at 0.015% and on a non-delivery basis is specified at 0.003% of the consideration amount. The Finance Act, 2020, has, among others things, provided a number of amendments to the direct and indirect tax regime, including, without limitation, a simplified alternate direct tax regime and that dividend distribution tax will not be payable in respect of dividends declared, distributed or paid by a domestic company after March 31, 2020, and accordingly, that such dividends not be exempt in the hands of the shareholders, both resident as well as non-resident, and that such dividends likely be subject to tax deduction at source.

The Company may or may not grant the benefit of a tax treaty (where applicable) to a non-resident shareholder for the purposes of deducting tax at source from such dividend. Investors should consult their own tax advisors about the consequences of investing or trading in the Equity Shares. Further, any gain realized on the sale of listed equity shares held for a period of 12 months or less will be subject to short term capital gains tax in India. In cases where the seller is a non-resident, capital gains arising from the sale of the equity shares will be partially or wholly exempt from taxation in India in cases where the exemption from taxation in India is provided under a treaty between India and the country of which the seller is resident. Historically, Indian tax treaties do not limit India's ability to impose tax on capital gains. As a result, residents of other countries may be liable for tax in India as well as in their own jurisdiction on a gain upon the sale of the equity shares.

Further, we cannot predict whether any tax laws or other regulations impacting it will be enacted or predict the nature and impact of any such laws or regulations or whether, if at all, any laws or regulations would have a material adverse effect on our business, financial condition, results of operations and cash flows. The Government of India had announced the union budget for financial year 2025 and the Finance Act, 2024 received assent from the President of India on February 15, 2024. There is no certainty on the impact that the Finance Act, 2024 may have on our business and operations or in the industry we operate in.

63. Holders of Equity Shares could be restricted in their ability to exercise pre-emptive rights under Indian law and could thereby suffer future dilution of their ownership position.

Under the Companies Act, a company having share capital and incorporated in India must offer holders of its Equity Shares pre-emptive rights to subscribe and pay for a proportionate number of Equity Shares to maintain their existing ownership percentages prior to the issuance of any new equity shares, unless the pre-emptive rights have been waived by the adoption of a special resolution by holders of three-fourths of the Equity Shares who have voted on such resolution. However, if the laws of the jurisdiction that holders are in does not permit the exercise of such pre-emptive rights without us filing an offering document or registration statement with the applicable authority in such jurisdiction, the holders will be unable to exercise such pre-emptive rights unless we make such a filing. The Company may elect not to file a registration statement in relation to pre-emptive rights otherwise available by Indian law to the holders. To the extent that the holders are unable to exercise pre-emptive rights granted in respect of the Equity Shares, they may suffer future dilution of their ownership position and their proportional interests in our Company would be reduced.

64. Sale of Equity Shares by our Promoters or other significant shareholder(s) may adversely affect the trading price of the Equity Shares.

Any instance of disinvestments of equity shares by our Promoters or by other significant shareholder(s) may significantly affect the trading price of our Equity Shares. Further, our market price may also be adversely affected even if there is a perception or belief that such sales of Equity Shares might occur.

EXTERNAL RISK FACTORS

65. Political instability and significant changes in Government policy could adversely affect economic conditions in India generally and our business in particular.

The Indian economy and its securities markets are influenced by economic developments and volatility in securities markets in other countries. Investors' reactions to developments in one country may have adverse effects on the market price of securities of companies located elsewhere, including India. Adverse economic developments, such as rising fiscal or trade deficit, in other emerging market countries may also affect investor confidence and cause increased volatility in Indian securities markets and indirectly affect the Indian economy in general. Any of these factors could depress economic activity and restrict our access to capital, which could have an adverse effect on our business, financial condition and results of operations and reduce the price of our Equity Shares. Any financial disruption could have an adverse effect on our business, future financial performance, shareholders' equity and the price of our Equity Shares.

We are dependent on domestic, regional and global economic and market conditions. Our performance, growth and market price of our Equity Shares are and will be dependent to a large extent on the health of the economy in which we operate. There have been periods of slowdown in the economic growth of India. Demand for our products may be adversely affected by an economic downturn in domestic, regional and global economies. Economic growth in India is also affected by various factors including domestic consumption and savings, balance of trade movements, namely export demand and movements in imports, global economic uncertainty and liquidity crisis, volatility in exchange currency rates, and annual rainfall which affects agricultural production. Consequently, any future slowdown in the Indian economy could harm our business, results of operations, financial condition and cash flows. Also, a change in the government or a change in the economic and deregulation policies could adversely affect economic conditions prevalent in the areas in which we operate in general and our business in particular and high rates of inflation in India could increase our costs without proportionately increasing our revenues, and as such decrease our operating margins. In addition, any deterioration in international relations, especially between India and its neighbouring countries, may result in investor concern regarding regional stability which could adversely affect the price of our Equity Shares.

66. Changing laws, rules and regulations and legal uncertainties, including adverse application of corporate and tax laws, may adversely affect our business, results of operations, financial condition, and prospects.

The regulatory and policy environment in which we operate is evolving and subject to change. Our business is subject to a significant number of state tax regimes and changes in legislations governing them, implementing them or the regulator enforcing them in any one of those jurisdictions could adversely affect our results of operations. The applicable categories of taxes and tax rates also vary significantly from state to state, which may be amended from time to time. The final determination of our tax liabilities involves the interpretation of local tax laws and related regulations in each jurisdiction as well as the significant use of estimates and assumptions regarding the scope of future operations and results achieved and the timing and nature of income earned, and

expenditures incurred. Changes in the operating environment, including changes in tax law, could impact the determination of our tax liabilities for any given tax year. Taxes and other levies imposed by the Government or State Governments that affect our industry include GST, income tax and other taxes, duties or surcharges introduced from time to time and any adverse changes in any of the taxes levied by the Government or State Governments could adversely affect our competitive position and profitability. Such changes, including the instances mentioned below, may adversely affect our business, results of operations, financial condition and prospects, to the extent that we are unable to suitably respond to and comply with any such changes in applicable law and policy.

Additionally, the GoI has introduced (a) the Code on Wages, 2019; (b) the Code on Social Security, 2020; (c) the Occupational Safety, Health and Working Conditions Code, 2020; and (d) the Industrial Relations Code, 2020 which consolidate, subsume and replace numerous existing central labour legislations. While the rules for implementation under these codes have not been notified, the implementation of such laws could increase our employee and labour costs, thereby adversely impacting our results of operations, cash flows, business and financial performance. The application of various Indian tax laws, rules and regulations to our business, currently or in the future, is subject to interpretation by the applicable taxation authorities.

For instance, companies can voluntarily opt in favour of a concessional tax regime (subject to no other special benefits/exemptions being claimed), which reduces the rate of income tax payable to 22% subject to compliance with conditions prescribed, from the erstwhile 25% or 30% depending upon the total turnover or gross receipt in the relevant period. Any such future amendments may affect our other benefits such as exemption for income earned by way of dividend from investments in other domestic companies and units of mutual funds, exemption for interest received in respect of tax-free bonds, and long-term capital gains on equity shares if withdrawn by the statute in the future, and the same may no longer be available to us.

Any adverse order passed by the appellate authorities/ tribunals/ courts would have an effect on our profitability. Further, the Government of India has announced the union budget for Fiscal 2025, pursuant to which the Finance Bill, 2024 (“**Finance Bill**”), has introduced various amendments. The Finance Bill has received assent from the President of India on February 15, 2024, and has been enacted as the Finance Act, 2024. We cannot predict whether any amendments made pursuant to the Finance Act, 2024 would have an adverse effect on our business, financial condition and results of operations. Furthermore, changes in capital gains tax or tax on capital market transactions or the sale of shares could affect investor returns. As a result, any such changes or interpretations could have an adverse effect on our business and financial performance.

There can be no assurance that the GoI will not implement new regulations and policies requiring us to obtain approvals and licenses from the GoI or other regulatory bodies or impose onerous requirements and conditions on our operations. Any such changes and the related uncertainties with respect to the applicability, interpretation and implementation of any amendment or change to governing laws, regulation or policy, including by reason of an absence, or a limited body, of administrative or judicial precedent in the jurisdictions in which we operate may be time consuming as well as costly for us to resolve and may impact the viability of our current business or restrict our ability to grow our business in the future.

It may also have a material adverse effect on our business, financial condition, cash flows and results of operations. In addition, we may have to incur expenditures to comply with the requirements of any new regulations, which could materially harm our results of operations or cash flows. Any unfavourable changes to the laws and regulations applicable to us could also subject us to additional liabilities.

We are unable to determine the impact of any changes in or interpretations of existing, or the promulgation of, new, laws, rules and regulations applicable to us and our business. If that was to occur it could result in us, our business, operations or group structure being deemed to be in contravention of such laws and/or may require us to apply for additional approvals. We may incur increased costs and other burdens relating to compliance with such new requirements, which may also require significant management time and other resources, and any failure to comply may adversely affect our business, results of operations and prospects. Uncertainty in the applicability, interpretation or implementation of any amendment to, or change in, governing law, regulation or policy, including by reason of an absence, or a limited body, of administrative or judicial precedent may be time consuming as well as costly for us to resolve and may impact the viability of our current business or restrict our ability to grow our business in the future.

67. Any future issuance of Equity Shares or convertible securities or other equity linked securities by our Company may dilute holders' shareholding and sales of the Equity Shares by our Promoters or other shareholders may adversely affect the trading price of the Equity Shares.

We may be required to finance our growth through future equity offerings. Any future equity issuances by us, including a primary offering, may lead to the dilution of investors' shareholdings in us. Any disposal of Equity Shares by our shareholders, or the perception that such issuance or sales may occur, including to comply with the minimum public shareholding norms applicable to listed companies in India may adversely affect the trading price of the Equity Shares, which may lead to other adverse consequences including difficulty in raising capital through offering of the Equity Shares or incurring additional debt. Additionally, the disposal, pledge or encumbrance of the Equity Shares by our Promoters or other shareholders, or the perception that such transactions may occur, may affect the trading price of the Equity Shares. There can be no assurance that we will not issue further Equity Shares or that the shareholders will not dispose of the Equity Shares. Such securities may also be issued at prices below the Offer Price.

68. Rights of shareholders under Indian law may be more limited than under the laws of other jurisdictions.

Our Articles and Indian law govern our corporate affairs. Legal principles relating to these matters and the validity of corporate procedures, directors' fiduciary duties and liabilities, and shareholders' rights may differ from those that would apply to a corporate entity in another jurisdiction. Shareholders' rights under Indian law may not be as extensive as shareholders' rights under the laws of other countries or jurisdictions. Investors may have more difficulty in asserting their rights as one of our Shareholders than as a shareholder of a corporate entity in another jurisdiction.

69. Non-resident investors are subject to investment restrictions under Indian laws, which limit the ability to attract foreign investors, which may adversely impact the market price of Equity Shares.

Foreign ownership of Indian securities is subject to Government regulation. Under the foreign exchange regulations currently in force in India, transfer of shares between non-residents and residents are freely permitted (subject to compliance with sectoral norms and certain other restrictions) if they comply with the pricing guidelines and reporting requirements specified by the RBI. If the transfer of shares, which are sought to be transferred, is not in compliance with such pricing guidelines or reporting requirements or does not fall under any of the exceptions specified by the RBI, then prior approval of the RBI will be required. Further, unless specifically restricted, foreign investment is freely permitted in all sectors of the Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. The RBI and the concerned ministries/departments are responsible for granting approval for foreign investment.

Additionally, shareholders who seek to convert the Indian Rupee proceeds from a sale of shares in India into foreign currency and repatriate that foreign currency from India require a no objection or a tax clearance certificate from the Indian income tax authority. We cannot assure investors that any required approval from the RBI or any other Indian government agency can be obtained on any particular terms, or at all.

Further, pursuant to Press Note No. 3 (2020 Series), dated April 17, 2020 issued by the DPIIT and the Foreign Exchange Management (Non-debt Instruments) Amendment Rules, 2020 which came into effect from April 22, 2020, any investment, subscription, purchase or sale of equity instruments by entities of a country which shares a land border with India or where the beneficial owner of an investment into India is situated in or is a citizen of any such country, can only be made through Government approval route, as prescribed in the Consolidated FDI Policy and the FEMA Rules. These investment restrictions shall also apply to subscribers of offshore derivative instruments. The Company cannot assure investors that any required approval from the RBI or any other government agency can be obtained on any particular terms, or at all. For further details, see "Restrictions on Foreign Ownership of Indian Securities" on page 274.

70. Subsequent to listing of the Equity Shares, we may be subject to pre-emptive surveillance measures like Additional Surveillance Measures and Graded Surveillance Measures by the Stock Exchanges in order to enhance market integrity and safeguard the interest of investors.

SEBI and the Stock Exchanges, in the past, have introduced various pre-emptive surveillance measures with respect to the shares of listed companies in India (the "Listed Securities") in order to enhance market integrity, safeguard the interests of investors and potential market abuses. In addition to various surveillance measures already implemented, and in order to further safeguard the interest of investors, the SEBI and the Stock Exchanges have introduced additional surveillance measures ("ASM") and graded surveillance measures ("GSM").

ASM is conducted by the Stock Exchanges on Listed Securities with surveillance concerns based on certain objective parameters such as price-to-earnings ratio, percentage of delivery, customer concentration, variation in volume of shares and volatility of shares, among other things. GSM is conducted by the Stock Exchanges on Listed Securities where their price quoted on the Stock Exchanges is not commensurate with, among other things, the financial performance and financial condition measures such as earnings, book value, fixed assets, net worth, other measures such as price-to-earnings multiple and market capitalization.

Upon listing, the trading of our Equity Shares would be subject to differing market conditions as well as other factors which may result in high volatility in price, and low trading volumes as a percentage of combined trading volume of our Equity Shares. The occurrence of any of the abovementioned factors or other circumstances may trigger any of the parameters prescribed by SEBI and the Stock Exchanges for placing our securities under the GSM and/or ASM framework or any other surveillance measures, which could result in significant restrictions on trading of our Equity Shares being imposed by SEBI and the Stock Exchanges. These restrictions may include requiring higher margin requirements, limiting trading frequency or freezing of price on the upper side of trading, as well as mentioning of our Equity Shares on the surveillance dashboards of the Stock Exchanges. The imposition of these restrictions and curbs on trading may have an adverse effect on the market price, trading and liquidity of our Equity Shares and on the reputation and conditions of our Company. Any such instance may result in a loss of our reputation and diversion of our management's attention and may also decrease the market price of our Equity Shares which could cause you to lose some or all of your investment.

71. QIBs and Non-Institutional Bidders are not permitted to withdraw or lower their Bids (in terms of quantity of Equity Shares or the Bid Amount) at any stage after submitting a Bid, and Retail Individual Bidders are not permitted to withdraw their Bids after Bid/Offer Closing Date.

Pursuant to the SEBI ICDR Regulations, QIBs and Non-Institutional Bidders are required to pay the Bid Amount on submission of the Bid and are not permitted to withdraw or lower their Bids (in terms of quantity of Equity Shares or the Bid Amount) at any stage after submitting a Bid. Retail Individual Bidders can revise their Bids during the Bid/Offer Period and withdraw their Bids until Bid/Offer Closing Date. While our Company is required to complete all necessary formalities for listing and commencement of trading of the Equity Shares on all Stock Exchanges where such Equity Shares are proposed to be listed including Allotment pursuant to the Offer within six Working Days from the Bid/Offer Closing Date, or such other time period as required under the applicable laws, events affecting the Bidders' decision to invest in the Equity Shares, including material adverse changes in macro-economic conditions, our business, results of operation or financial condition may arise between the date of submission of the Bid and Allotment. Our Company may complete the Allotment of the Equity Shares even if such events occur, and such events limit the Bidders' ability to sell the Equity Shares Allotted or cause the trading price of the Equity Shares to decline on listing.

72. If inflation were to rise in India, we might not be able to increase the prices of our products at a proportionate rate in order to pass costs on to our customers thereby reducing our margins.

Inflation rates in India have been volatile in recent years, and such volatility may continue in the future. India has experienced high inflation in the recent past. Increased inflation can contribute to an increase in interest rates and increased costs to our business, including increased costs of transportation, wages, raw materials and other expenses relevant to our business. High fluctuations in inflation rates may make it more difficult for us to accurately estimate or control our costs. Any increase in inflation in India can increase our expenses, which we may not be able to adequately pass on to our customers, whether entirely or in part, and may adversely affect our business and financial condition. In particular, we might not be able to reduce our costs or entirely offset any increases in costs with increases in prices for our products. In such case, our business, results of operations and financial condition may be adversely affected. Further, the Government has previously initiated economic measures to combat high inflation rates, and it is unclear whether these measures will remain in effect. There can be no assurance that Indian inflation levels will not worsen in the future.

73. The occurrence of natural or man-made disasters could adversely affect our results of operations, cash flows and financial condition. Hostilities, terrorist attacks, civil unrest and other acts of violence could adversely affect the financial markets and our business.

The occurrence of natural disasters, including cyclones, storms, floods, earthquakes, tsunamis, tornadoes, fires, explosions, pandemic and man-made disasters, including acts of terrorism and military actions, could adversely affect our results of operations, cash flows or financial condition. Terrorist attacks and other acts of violence or war may adversely affect the Indian securities markets. In addition, any deterioration in international relations, especially between India and its neighbouring countries, may result in investor concern regarding regional stability which could adversely affect the price of the Equity Shares. In addition, India has witnessed local civil disturbances in recent years, and it is possible that future civil unrest as well as other adverse social, economic or

political events in India could have an adverse effect on our business. Such incidents could also create a greater perception that investment in Indian companies involves a higher degree of risk and could have an adverse effect on our business and the market price of the Equity Shares.

74. A slowdown in economic growth in India could adversely affect our business.

The structure of the Indian economy has undergone considerable changes in the last decade. These include increasing importance of external trade and of external capital flows. Any slowdown in the growth of the Indian economy or any future volatility in global commodity prices could adversely affect our business, financial condition and results of operations. India's economy could be adversely affected by a general rise in interest rates, fluctuations in currency exchange rates, adverse conditions affecting housing, tourism and electricity prices or various other factors. Further, conditions outside India, such as slowdowns in the economic growth of other countries, could have an impact on the growth of the Indian economy and government policy may change in response to such conditions. The Indian economy and financial markets are also significantly influenced by worldwide economic, financial and market conditions. Any financial or political turmoil or war especially in the United States, Europe or China or Asian emerging market countries, may have an impact on the Indian economy. Although economic conditions differ in each country, investors' reactions to any significant developments in one country can have adverse effects on the financial and market conditions in other countries. A loss of investor confidence in the financial systems, particularly in other emerging markets, may cause increased volatility in Indian financial markets, and could have an adverse effect on our business, financial condition and results of operations and the price of the Equity Shares.

75. Any downgrading of India's sovereign debt rating by an international rating agency could have a negative impact on our business, results of operations and cash flows.

Our borrowing costs and our access to the debt capital markets depend significantly on the credit ratings of India. Any adverse revisions to credit ratings for India and other jurisdictions we operate in by international rating agencies may adversely impact our ability to raise additional financing and the interest rates and other commercial terms at which such funding is available. A downgrading of India's credit ratings may occur, for example, upon a change of government tax or fiscal policy, which is outside our control. This could have an adverse effect on our ability to fund our growth on favourable terms and consequently adversely affect our business and financial performance and the price of the Equity Shares.

76. The extent and reliability of Indian infrastructure, to the extent insufficient, could adversely impact our business, results of operations and financial condition.

India's physical infrastructure is less developed than that of many developed nations. Any congestion or disruption with its port, rail and road networks, electricity grid, communication systems or any other public facility could disrupt our normal business activity. Any deterioration of India's physical infrastructure would harm the national economy, disrupt the transportation of goods and supplies and add costs to doing business in India. These problems could interrupt our business operations, which could have adverse effect on our business, results of operations and financial condition.

77. We may be affected by competition law in India and any adverse application or interpretation of the Competition Act may in turn adversely affect our business.

The Competition Act, 2002, of India, as amended ("**Competition Act**"), regulates practices having an appreciable adverse effect on competition in the relevant market in India ("**AAEC**"). Under the Competition Act, any formal or informal arrangement, understanding, or action in concert, which causes or is likely to cause an AAEC, is considered void and may result in the imposition of substantial penalties. Further, any agreement among competitors which directly or indirectly involves the determination of purchase or sale prices, limits or controls production, supply, markets, technical development, investment, or the provision of services, or shares the market or source of production or provision of services in any manner, including by way of allocation of geographical area or number of customers in the relevant market or directly or indirectly results in bid-rigging or collusive bidding is presumed to have an AAEC and is considered void. The Competition Act also prohibits abuse of a dominant position by any enterprise.

On April 11, 2023, the Competition (Amendment) Bill 2023 received the assent of the President of India to become the Competition (Amendment) Act, 2023 ("**Competition Amendment Act**"), amending the Competition Act and giving the CCI additional powers to prevent practices that harm competition and the interests of consumers. It has been enacted to increase the ease of doing business in India and enhance transparency. The Competition Amendment Act, inter alia, modifies the scope of certain factors used to determine AAEC, reduces

the overall time limit for the assessment of combinations by the CCI and empowers the CCI to impose penalties based on the global turnover of entities, for anti-competitive agreements and abuse of dominant position.

The Competition Act aims to, among others, prohibit all agreements and transactions which may have an AAEC in India. Consequently, all agreements entered by us could be within the purview of the Competition Act. Further, the CCI has extraterritorial powers and can investigate any agreements, abusive conduct, or combination occurring outside India if such agreement, conduct, or combination has an AAEC in India. However, the impact of the provisions of the Competition Act on the agreements entered by us cannot be predicted with certainty at this stage. We may be affected, directly or indirectly, by the application or interpretation of any provision of the Competition Act, or any enforcement proceedings initiated by the CCI, or any adverse publicity that may be generated due to scrutiny or prosecution by the CCI or if any prohibition or substantial penalties are levied under the Competition Act, it would adversely affect our business, results of operations, cash flows, and prospects.

78. Investors may not be able to enforce a judgment of a foreign court against us.

Our Company is a company incorporated under the laws of India. Our Board of Directors comprises members all of whom are Indian citizens. All of our Key Managerial Personnel and Senior Management Personnel are residents of India and majority of the assets of our Company and such persons are located in India. As a result, it may not be possible for investors outside India to effect service of process upon our Company or such persons in India, or to enforce against them judgments obtained in courts outside India.

India has reciprocal recognition and enforcement of judgments in civil and commercial matters with only a limited number of jurisdictions, which includes, among others, the United Kingdom, Singapore, United Arab Emirates and Hong Kong. In order to be enforceable, a judgment from a jurisdiction with reciprocity must meet certain requirements of the Code of Civil Procedure, 1908. Judgments or decrees from jurisdictions, which do not have reciprocal recognition with India, cannot be executed in India. Therefore, a final judgment for the payment of money rendered by any court in a non-reciprocating territory for civil liability, whether or not predicated solely upon the general laws of the non-reciprocating territory, would not be enforceable in India. Even if an investor obtained a judgment in such a jurisdiction against us or our officers or directors, it may be required to institute a new proceeding in India and obtain a decree from an Indian court. However, the party in whose favour such final judgment is rendered may bring a new suit in a competent court in India based on a final judgment that has been obtained in a non-reciprocating territory within three years of obtaining such final judgment in the same manner as any other suit filed to enforce a civil liability in India. If, and to the extent that, an Indian court were of the opinion that fairness and good faith so required, it would, under current practice, give binding effect to the final judgment that had been rendered in the non-reciprocating territory, unless such a judgment contravenes principles of public policy in India. It is unlikely that an Indian court would award damages on the same basis or to the same extent as was awarded in a final judgment rendered by a court in another jurisdiction if the Indian court believed that the amount of damages awarded was excessive or inconsistent with Indian practice. In addition, any person seeking to enforce a foreign judgment in India is required to obtain prior approval of the RBI to repatriate any amount recovered pursuant to the execution of such a judgment.

79. Our business is affected by global economic conditions, which may have an adverse effect on our business, results of operations and financial condition.

The Indian economy and its securities markets are influenced by global economic developments and volatility in securities markets in other countries. Investors' reactions to developments in one country may have adverse effects on the market price of securities of companies located in other countries, including India. Negative economic developments, such as rising fiscal or trade deficits, or a default on national debt, in other emerging market countries may also affect investor confidence and cause increased volatility in Indian securities markets and indirectly affect the Indian economy in general. Any worldwide financial instability could also have a negative impact on the Indian economy, including the movement of exchange rates and interest rates in India and could then adversely affect our business, financial performance and the price of our Equity Shares.

China is one of India's major trading partners and there are rising concerns of a strained relationship with India, which could have an adverse impact on the trade relations between the two countries. Developments in the ongoing conflict between Russia and Ukraine, Israel and Hamas, Iran and the Houthi rebels and certain western countries, have resulted in and may continue to result in a period of sustained instability across global financial markets, induce volatility in commodity prices, adversely impact availability of natural gas, increase in supply chain, logistics times and costs, increase borrowing costs, cause outflow of capital from emerging markets and may lead to overall slowdown in economic activity in India.

If we are unable to successfully anticipate and respond to changing economic and market conditions, our business, results of operations and financial condition may be adversely affected.

80. Terrorist attacks, civil unrests and other acts of violence or war involving India or other countries could adversely affect the financial markets, our business, financial condition and the price of our Equity Shares.

Any major hostilities involving India or other acts of violence, including civil unrest or similar events that are beyond our control, could have a material adverse effect on India's economy and our business. Incidents such as the terrorist attacks in India, other incidents such as those in US, Indonesia, Madrid and London, and other acts of violence may adversely affect the Indian stock markets where our Equity Shares will trade. Such acts could negatively impact business sentiment as well as trade between countries, which could adversely affect our Company's business and profitability. Additionally, such events could have a material adverse effect on the market for securities of Indian companies, including the Equity Shares.

81. We cannot guarantee the accuracy or completeness of facts and other statistics with respect to India, the Indian economy and industry in which we operate contained in the Draft Prospectus.

While facts and other statistics in the Draft Prospectus relating to India, the Indian economy and the industry in which we operate has been based on various web site data that we believe are reliable, we cannot guarantee the quality or reliability of such materials. While we have taken reasonable care in the reproduction of such information, industry facts and other statistics have not been prepared or independently verified by us or any of our respective affiliates or advisors and, therefore we make no representation as to their accuracy or completeness. These facts and other statistics include the facts and statistics included in the chapter titled '*Industry Overview*' on page 113. Due to possibly flawed or ineffective data collection methods or discrepancies between published information and market practice and other problems, the statistics herein may be inaccurate or may not be comparable to statistics produced elsewhere and should not be unduly relied upon. Further, there is no assurance that they are stated or compiled on the same basis or with the same degree of accuracy, as the case may be, elsewhere.

Details of the Market Making arrangement for this Offer

Our Company and the Lead Manager have entered Market Making Agreement dated [●] with the following Market Maker, to fulfill the obligations of Market Making for this Offer:

Name	[●]
Correspondence Address	[●]
Tel No.	[●]
E-mail	[●]
Website	[●]
Contact Person	[●]
SEBI Registration No.	[●]
Market Maker Registration No.	[●]

The Market Maker shall fulfil the applicable obligations and conditions as specified in the SEBI ICDR Regulations, and its amendments from time to time and the circulars issued by the NSE and SEBI regarding this matter from time to time.

Following is a summary of the key details pertaining to the Market making arrangement:

The Market Maker(s) (individually or jointly) shall be required to provide a 2-way quote for 75% of the time in a day. The same shall be monitored by the stock exchange. Further, the Market Maker(s) shall inform the exchange in advance for each and every black out period when the quotes are not being issued by the Market Maker(s).

The minimum depth of the quote shall be ₹ 1,00,000. However, the investors with holdings of value less than ₹ 1,00,000 shall be allowed to Offer their holding to the Market Maker(s) (individually or jointly) in that scrip provided that he/she sells his/her entire holding in that scrip in one lot along with a declaration to the effect to the selling broker.

1. Execution of the order at the quoted price and quantity must be guaranteed by the Market Maker(s), for the quotes given by him.
2. After a period of 3 (three) months from the market making period, the market maker would be exempted to provide quote if the Shares of market maker in our Company reaches to 25% of Offer Size (Including the 5% of Equity Shares ought to be allotted under this Issue). Any Equity Shares allotted to Market Maker under this Offer over and above 25% Equity Shares would not be taken in to consideration of computing the threshold of 25% of Offer Size. As soon as the Shares of market maker in our Company reduce to 24% of Offer Size, the market maker will resume providing 2-way quotes.
3. There shall be no exemption/threshold on downside. However, in the event the Market Maker exhausts his inventory through market making process, NSE may intimate the same to SEBI after due verification.
4. There would not be more than five Market Makers for a script at any point of time and the Market Makers may compete with other Market Makers for better quotes to the investors.
5. On the first day of the listing, there will be pre-opening session (call auction) and there after the trading will happen as per the equity market hours. The circuits will apply from the first day of the listing on the discovered price during the pre-open call auction. In case equilibrium price is not discovered the price band in the normal trading session shall be based on Offer price.
6. The Market Maker may also be present in the opening call auction, but there is no obligation on him to do so.
7. There will be special circumstances under which the Market Maker may be allowed to withdraw temporarily/fully from the market – for instance due to system problems, any other problems. All controllable reasons require prior approval from the Exchange, while force-majeure will be applicable for non-controllable reasons. The decision of the Exchange for deciding controllable and non-controllable reasons would be final.
8. The Market Maker(s) shall have the right to terminate said arrangement by giving a One-month notice or on

mutually acceptable terms to the Merchant Banker, who shall then be responsible to appoint a replacement Market Maker(s)

9. In case of termination of the Market Making agreement prior to the completion of the compulsory Market Making period, it shall be the responsibility of the Lead Manager to arrange for another Market Maker in replacement during the term of the notice period being served by the Market Maker but prior to the date of releasing the existing Market Maker from its duties in order to ensure compliance with the requirements of regulation 261 of the SEBI ICDR Regulations. Further our Company and the Lead Manager reserve the right to appoint other Market Makers either as a replacement of the current Market Maker or as an additional Market Maker subject to the total number of Designated Market Makers does not exceed five or as specified by the relevant laws and regulations applicable at that particular point of time. The Market Making Agreement is available for inspection at our registered office from 11.00 a.m. to 5.00 p.m. on working days
10. Risk containment measures and monitoring for Market Makers: Emerge Platform of NSE will have all margins which are applicable on the Main Board viz., Mark-to-Market, Value-At-Risk (VAR) Margin, Extreme Loss Margin, Special Margins and Base Minimum Capital etc. NSE can impose any other margins as deemed necessary from time-to-time
11. Punitive Action in case of default by Market Makers: Emerge Platform of NSE will monitor the obligations on a real time basis and punitive action will be initiated for any exceptions and/or non-compliances. Penalties / fines may be imposed by the Exchange on the Market Maker, in case he is not able to provide the desired liquidity in a particular security as per the specified guidelines. These penalties / fines will be set by the Exchange from time to time. The Exchange will impose a penalty on the Market Maker in case he is not present in the market maker issuing two-way quotes) for at least 75% of the time. The nature of the penalty will be monetary as well as suspension in market making activities / trading membership.
12. The Department of Surveillance and Supervision of the Exchange would decide and publish the penalties / fines / suspension for any type of misconduct/ manipulation/ other irregularities by the Market Maker from time to time.
13. Price Band and Spreads: SEBI Circular bearing reference no: CIR/MRD/DP/ 02/2012 dated January 20, 2012, has laid down that for Offer size up to ₹ 250 crores, the applicable price bands for the first day shall be:
 - a) In case equilibrium price is discovered in the Call Auction, the price band in the normal trading session shall be 5% of the equilibrium price.
 - b) In case equilibrium price is not discovered in the Call Auction, the price band in the normal trading session shall be 5% of the Offer price.
 - c) Additionally, the trading shall take place in TFT segment for first 10 days from commencement of trading. The price band shall be 20% and the market maker spread (difference between the sell and the buy quote) shall be within 10% or as intimated by Exchange from time to time.
14. Pursuant to SEBI Circular number CIR/MRD/DSA/31/2012 dated November 27, 2012, limits on the upper side for market makers during market making process has been made applicable, based on the Offer size and as follows:

Offer Size	Buy quote exemption threshold (including mandatory initial inventory of 5% of the Offer Size)	Re-Entry threshold for buy quote (including mandatory initial inventory of 5% of the Offer Size)
Up to ₹ 20 Crore	25%	24%
₹ 20 to ₹ 50 Crore	20%	19%

9. Details of Promoter's Contribution locked in for three years:

Pursuant to Regulations 236 and 238 of SEBI ICDR Regulations, an aggregate of 20% of the post-Offer paid-up capital of our Company held by our Promoters, shall be considered as the minimum Promoters' contribution and locked-in for a period of three years from the date of Allotment ("**Promoters' Contribution**") and our Promoters' shareholding in excess of 20% shall be locked in for a period of one year from the date of Allotment.

The lock-in of the Promoters' Contribution would be created as per applicable law and procedures and details of the same shall also be provided to the Stock Exchanges before the listing of the Equity Shares.

Our Promoters have consented to the inclusion of such number of Equity Shares held by them, in aggregate, as may constitute 20% of the post-Offer Equity Share capital of our Company as Promoters' Contribution and have agreed not to sell, transfer, charge, pledge or otherwise encumber in any manner the Promoters' Contribution from the date of filing of this Draft Prospectus, until the commencement of the lock-in period specified above, or for such other time as required under the SEBI ICDR Regulations.

The details of Lock-in Period of existing Pre- IPO capital of Promoters for three years are as follows:

Date of allotment of the Equity Shares	Nature of Allotment	Number of Equity Shares	Face value (₹)	Issue / acquisition/ transfer price per Equity	Nature of consideration	Percentage of Pre-Issue Equity Share Capital (%)	Percentage of Post Offer Equity
--	---------------------	-------------------------	----------------	--	-------------------------	--	---------------------------------

				Share(₹)			Share Capital (%)
[•]	[•]	[•]	[•]	[•]	[•]	[•]	[•]

Note: The above details shall be filled in the Prospectus to be filed with the RoC.

The Promoters' Contribution has been brought into the extent of not less than the specified minimum lot and from persons defined as 'Promoters', as required under the SEBI ICDR Regulations.

The Equity Shares that are being locked-in are not ineligible for computation of Promoters' Contribution under the SEBI ICDR Regulations. In this computation, as per Regulation 239 of the SEBI ICDR Regulations, our Company confirms that the Equity Shares which are being locked-in do not, and shall not, consist of:

- Equity Shares acquired during the preceding three years (a) for consideration other than cash and revaluation of assets or capitalization of intangible assets is involved in such transactions; or (b) arising from bonus shares out of revaluation reserves or unrealized profits of our Company or bonus shares issued against Equity Shares which are otherwise ineligible for computation of Promoters' Contribution;
- Except the bonus issue made on October 24, 2024, no Equity Shares were acquired during the one year preceding the date of this Draft Prospectus, at a price lower than the price at which the Equity Shares are being offered to the public in the Issue; and
- Equity Shares held by the Promoters that are subject to any pledge or any other form of encumbrance.
- Our Company has not been formed by the conversion of a partnership firm into a company and thus, no Equity Shares have been issued to our Promoters upon conversion of a partnership firm
- All the Equity Shares held by the Promoters are held in dematerialized form.

Other than the Equity Shares locked-in as Promoter's Contribution for a period of three years as stated in the table above, the entire pre-Offer capital of our Company, including the excess of minimum Promoter's Contribution, as per Regulation 238 of the SEBI ICDR Regulations, shall be locked in for a period of one year from the date of Allotment of Equity Shares in the Offer. Such lock – in of the Equity Shares would be created as per the bye-laws of the Depositories.

10. Other requirements in respect of 'lock-in'

In terms of Regulation 243 of the SEBI ICDR Regulations, the Equity Shares held by persons other than the Promoters prior to the Offer may be transferred to any other person holding the Equity Shares which are locked-in as per Regulation 239 of the SEBI ICDR Regulations, subject to continuation of the lock-in in the hands of the transferees for the remaining period and compliance with the Takeover Code as applicable.

In terms of Regulation 243 of the SEBI ICDR Regulations, the Equity Shares held by our Promoter which are locked in as per the provisions of Regulation 238 of the SEBI ICDR Regulations, may be transferred to and amongst Promoters / members of the Promoter Group or to a new promoter or persons in control of our Company, subject to continuation of lock-in in the hands of transferees for the remaining period and compliance of Takeover Code, as applicable.

In terms of Regulation 242(a) of the SEBI ICDR Regulations, the locked-in Equity Shares held by our Promoters can be pledged only with any scheduled commercial banks or public financial institutions or a systemically important nonbanking finance company or a housing finance company as collateral security for loans granted by such banks or financial institutions, provided that such loans have been granted for the purpose of financing one or more of the objects of the Offer and pledge of the Equity Shares is a term of sanction of such loans.

In terms of Regulation 242(b) of the SEBI ICDR Regulations, the Equity Shares held by our Promoters which are locked-in for a period of one year from the date of allotment may be pledged only with scheduled commercial banks, public financial institutions, systemically important non-banking finance companies or housing finance companies as collateral security for loans granted by such entities, provided that such pledge of the Equity Shares is one of the terms of the sanction of such loans.

In terms of Regulation 239(c) of the SEBI ICDR Regulations, Equity Shares held by a venture capital fund or alternative investment fund of category I or category II or a foreign venture capital investor shall be locked-in for a period of One year from the date of Allotment/purchase by such shareholder. As required under the SEBI ICDR Regulations, our Company shall ensure that the details of the Equity Shares locked-in are

recorded by the relevant Depository.

11. The Company has not issued any convertible instruments like warrants, debentures etc. since its incorporation and there are no outstanding convertible instruments as on date of this Draft Prospectus.
12. Our Company has not issued any Equity Shares during a period of one year preceding the date of this Draft Prospectus at a price lower than the Offer Price, except the bonus issue made on October 24, 2024:
13. There will be no further issue of capital, whether by way of issue of bonus shares, preferential allotment, rights issue or in any other manner during the period commencing from the date of this Draft Prospectus until the Equity Shares have been listed. Further, our Company presently does not have any intention or proposal to alter our capital structure for a period of (06) six months from the date of opening of this Offer, by way of split / consolidation of the denomination of Equity Shares or further issue of Equity Shares (including issue of securities convertible into exchangeable, directly or indirectly, for our Equity Shares) whether preferential or otherwise, except that if we enter into acquisition(s) or joint venture(s), we may consider additional capital to fund such activities or to use Equity Shares as a currency for acquisition or participation in such joint ventures.
14. We have 24 (twenty-four) shareholders as on the date of filing of this Draft Prospectus.
15. The members of the Promoter Group, our directors and the relatives of our directors have not financed the purchase by any other person of securities of our Company, other than in the normal course of the business of the financing entity, during the six months immediately preceding the date of filing this Draft Prospectus.
16. The post-Offer paid up Equity Share Capital of our Company shall not exceed the authorized Equity Share Capital of our Company.
17. Except for the Bonus Shares which have been issued out of free reserve only, details of which are given in the chapter "Capital Structure" on page 75, our Company has not issued any shares for consideration other than cash or out of revaluation of reserves since inception.
18. Our Company has not allotted any Equity Shares pursuant to any scheme approved under Sections 230 to 234 of the Companies Act, 2013 and Sections 391-394 of the Companies Act, 1956.
19. No person connected with the Offer, including, but not limited to, our Company, the members of the Syndicate, or our Directors, shall offer any incentive, whether direct or indirect, in any manner, whether in cash or kind or services or otherwise to any Bidder for making a Bid, except for fees or commission for services rendered in relation to the Offer.
20. Our Company has not re-valued its assets since incorporation and has not issued any Equity Shares (including bonus shares) by capitalizing any revaluation reserves.
21. Our Company does not have any employee stock option scheme / employee stock purchase scheme for our employees and we do not intend to allot any shares to our employees under employee stock option scheme / employee stock purchase scheme from the proposed issue. As and when, options are granted to our employees under the employee stock option scheme, our Company shall comply with the SEBI (Share Based Employee Benefits) Regulations, 2014.
22. There are no safety net arrangements for this Public Offer.
23. As per Regulation 268(2) of SEBI ICDR Regulations, an over-subscription to the extent of 10% of the Offer can be retained for the purpose of rounding off while finalizing the basis of allotment to the nearest integer during finalizing the allotment, subject to minimum allotment lot. Consequently, the actual allotment may go up by a maximum of 10% of the Offer, as a result of which, the post Offer paid up capital after the Offer would also increase by the excess amount of allotment so made. In such an event, the Equity Shares held by the Promoters and subject to lock-in shall be suitably increased to ensure that 20% of the post Offer paid-up capital is locked-in.
24. As on the date of filing of this Draft Prospectus, there are no outstanding warrants, options or rights to convert debentures, loans or other financial instruments into our Equity Shares.
25. All the Equity Shares of our Company are fully paid up as on the date of this Draft Prospectus. Further,

since the entire money in respect of the Offer is being called on application, all the successful applicants will be allotted fully paid-up equity shares.

26. As per RBI regulations, OCBs are not allowed to participate in this Offer.
27. Our Company, our Promoters, our Directors and the Lead Manager have no existing buyback arrangements and/ or standby arrangements and/ or any other similar arrangements for the purchase of Equity Shares from any person.
28. As on the date of this Draft Prospectus, none of the shares held by our Promoters/ Promoter Group are pledged with any financial institutions or banks or any third party as security for repayment of loans.
29. Investors may note that in case of over-subscription, the allocation in the Offer shall be as per the requirements of Regulation 253 of SEBI ICDR Regulations, as amended from time to time.
30. Under subscription, if any, in any category, shall be met with spill-over from any other category or combination of categories at the discretion of our Company, in consultation with the Lead Manager and NSE Emerge.

34. Our Company has not raised any bridge loan against the proceeds of this Offer.
35. Our Company undertakes that at any given time, there shall be only one denomination for our Equity Shares, unless otherwise permitted by law.
36. Our Company shall comply with such accounting and disclosure norms as specified by SEBI from time to time.
37. No payment, direct or indirect in the nature of discount, commission, and allowance or otherwise shall be made either by us or our Promoters to the persons who receive allotments, if any, in this Offer.
38. Our Promoter and the members of our Promoter Group will not participate in this Offer, other than to the extent of the Promoter Selling Shareholders participating in the Offer for Sale in their capacity as a '*Selling Shareholder*'.
39. Our Company has not made any public issue since its incorporation.
40. Our Company shall ensure that transactions in the Equity Shares by the Promoters and the Promoter Group between the date of filing the Draft Prospectus and the Offer Closing Date shall be reported to the Stock Exchange within twenty-four hours of such transaction.
41. None of our Directors and Key Managerial Personnel holds Equity Shares in our Company, except as stated in the chapter titled "*Our Management*" on page 166.

OBJECTS OF THE OFFER

This Offer includes a Fresh Issue of upto 40,00,800 equity shares of face value of ₹ 10 each and Offer for Sale of upto 9,99,600 equity shares of face value of ₹ 10 each by the Selling Shareholders of our Company at an Offer Price of ₹ [●] per Equity Share.

We believe that listing will give more visibility and enhance the corporate image of our Company. We also believe that our Company and Shareholders will receive the benefits from listing of Equity Shares on the NSE Emerge. It will also provide liquidity to the existing Shareholders and will also create a public trading market for the Equity Shares of our Company.

The main objects clause of our Memorandum of Association enables our Company to undertake its existing activities and the activities proposed to be funded from the Net Proceeds.

Offer for Sale

Our Company will not receive any proceeds of the Offer for Sale by the Selling Shareholders. Each of the Selling Shareholders will be entitled to the respective proportion of the proceeds of the Offer for Sale after deducting their portion of the Offer-related expenses and relevant taxes thereon. Other than the listing fees for the Offer, all costs, fees and expenses in respect of the Offer will be shared amongst our Company and Selling Shareholders, respectively, in proportion to the proceeds received for the Fresh Issue and their respective portion of Offered Shares, as may be applicable, upon the successful completion of the Offer.

The details of the Offer for Sale are set out below:

Name of the Selling Shareholder*	Aggregate amount of Offer for Sale	Number of Equity Shares offered in the Offer for Sale	Date of Consent Letter

(2) The amount deployed so far towards purchase of movable assets shall be recouped out of the Net Proceeds.

(3) The Company may have to make certain payments with respect to this capex from the date of filing of the Draft Prospectus to the Offer Opening Date, which will be recouped out of the Net proceeds.

(4) The amount utilized for general corporate purposes shall not exceed 15% of the Gross Proceeds from the Fresh Issue.

Our fund requirements and deployment thereof are based on internal management estimates of our current business plans and have not been appraised by any bank or financial institution. These are based on current conditions and are subject to change in light of changes in external circumstances or costs or in other financial conditions, business strategy, as discussed further below.

The fund requirements for all objects are proposed to be entirely funded from the Net Proceeds. Accordingly, we confirm that there is no requirement for us to make firm arrangements of finance under Regulation 230(1)(e) of the SEBI ICDR Regulations through verifiable means towards atleast 75% of the stated means of finance, excluding the amounts to be raised through the proposed Offer.

In case of any increase in the actual utilization of funds earmarked for the Objects, such additional funds for a particular activity will be met by way of means available to our Company, including from internal accruals. If the actual utilization towards any of the Objects is lower than the proposed deployment such balance will be used for future growth opportunities including funding existing objects, if required.

As we operate in competitive environment, our Company may have to revise its business plan from time to time and consequently our fund requirements may also change. Our Company's historical expenditure may not be reflective of our future expenditure plans. Our Company may have to revise its estimated costs, fund allocation

and fund requirements owing to various factors such as economic and business conditions, increased competition and other external factors which may not be within the control of our management. This may entail rescheduling or revising the planned expenditure and funding requirements, including the expenditure for a particular purpose at the discretion of the Company's management.

For further details on the risks involved in our business plans and executing our business strategies, see “*Risk Factors*” on page 28.

Details of Utilization of Net Proceeds

The details of the utilization of the Net Proceeds are set forth herein below:

1. Purchase of movable assets of the production line of battery manufacturing unit

Our Company has derived around 25% of its total revenue in FY 22 to FY 24 from sales of batteries, which is an important component of overall power back-up systems installed by the customers. Currently our Company has capabilities in assembling Home UPS/Inverters and batteries are a traded component which makes our Company heavily dependent on our suppliers for timely delivery and supply of batteries.

Our Company has historically secured 28% to 55% from FY 22 to FY 24 of its total procurements from Su-Urja Solar Systems Private Limited, a manufacturer of Lead Acid Batteries. Purchase of the vendor's running production line would ensure consistent product quality, with the potential for further improvement. The current production capacity of this production line is 8,000 units per month.

Therefore, our Company has entered into an Asset Purchase Agreement dated September 19, 2024 with Su-Urja Solar Systems Private Limited (the “**Agreement**”). This Agreement relates to purchase of all movable assets of the production line of battery manufacturing unit located at land admeasuring an area of 03 Bigha 14 Biswa (74 Biswa), bearing Khatauni No. 281/321 Min, Kh No. 1979/446/2 MSRG 3-14 Bigha located at Village Bhatolikalan, Tehsil Baddi, Himachal Pradesh for a total purchase consideration of ₹ 418.90 Lakhs inclusive of applicable GST (the “**Purchase Consideration**”). In accordance with the terms of the Agreement, the Company has made an upfront payment of ₹ 75 Lakhs of the Purchase Consideration excluding GST for the movable assets in relation to production line, on September 25, 2024 for which our Company is seeking a reimbursement from Net Proceeds. The purchase of the movable assets of the production line of battery manufacturing unit is being undertaken to facilitate the Company's foray into lead-acid battery manufacturing operations and to ensure a smoother and more reliable supply of batteries to the Company.

As per the Agreement, our Company would secure exclusive rights to 60% of the production capacity by paying 60% of the purchase price excluding GST within 15 business days post completion of listing of equity shares. The balance of the purchase consideration shall be paid as per the terms set forth in the Agreement at the time of handover and transfer of the Movable Assets giving the company the access of all the license, certification, insurance and other regulatory approval.

Rationale for the Agreements:

- i) Through this investment, our Company will have the capabilities related to manufacturing of lead acid batteries to compliment the supply chain management of the current product offerings. This anticipated backward integration mitigates the dependence on vendors of batteries to meet the market demand.
- ii) Consolidating operations, resources, and infrastructure through this investment enables us to serve the market demand with end-to-end solutions, thereby realizing economies of scale.

Furthermore, this eventful expansion into lead-acid battery manufacturing will allow our Company to achieve a crucial shift in its business model by reducing its dependency on external suppliers for inverter batteries.

By producing inverter batteries in-house, our Company can maintain strict quality control standards across its entire product line, further reinforcing its brand's reputation for reliability and excellence. This vertical integration strategy enhances our Company's ability to innovate and customize its battery solutions to align with specific market requirements, providing a competitive edge as our Company can now rapidly respond to technological advances and consumer preferences. The flexibility to modify battery specifications and integrate them seamlessly with Smarten's UPS systems, solar inverters, and other power backup products creates a unique synergy, positioning our Company as a comprehensive power solutions provider.

Accordingly, we believe that the above purchase being made by our Company will fit in our strategic growth objective.

2. To meet the working Capital requirements

Our Company is engaged into designing and assembling of high-quality power back-up and advanced solar power products such as Home UPS systems, solar inverters, solar power conditioning units (PCUs), solar charge controllers. We are also engaged in the trading of solar panels and batteries. We sell our products through our distributors within and outside India. We also export our products except solar panels outside India. We generate approximately 66.51% of our revenue through domestic sales and 33.49% of our revenue through exports. Currently, our Company is operating in 23 states and 2 union territories within India and has also established global footprint in over 17 countries which includes Middle East, Africa, and South Asia region.

Our business is working capital-intensive, and we fund our working capital requirements in the ordinary course of business from our internal accruals and financing from banks. Net working capital requirement of our Company as on June 30, 2024, on audited basis was ₹ 2,547.30 Lakhs as against that of ₹ 2,437.92 Lakhs, ₹ 1,243.63 Lakhs, and ₹ 399.37 Lakhs as on March 31, 2024, March 31, 2023, and March 31, 2022, respectively. The net working capital requirements for the Fiscal 2024 - 2025 is estimated to be ₹ 3,404.44 Lakhs and ₹ 6,004.12 Lakhs for Fiscal 2025 and Fiscal 2026. The Company will meet the requirement to the extent of ₹ 2,200.00 Lakhs in Fiscal 2026 from the Net Proceeds of the Issue and balance from borrowings and internal accruals at an appropriate time as per the requirement.

Reasons for raising working capital requirement

Our business is working capital intensive, and we fund the majority of our working capital requirements through internal accruals and financing from banks. We expect a further increase in the working capital requirements in view of current and potential operations. Accordingly, we have proposed using ₹ 2,200.00 Lakhs in Fiscal 2025-2026 out of the issue proceeds to meet the working capital requirements. We expect that our working capital requirement will correspondingly increase in line with increase in our revenue from operations.

**Company is expecting utilisation of ₹ 2,2000 lakhs in Fiscal 2025-26. Moreover, working capital requirement is calculated based on audited standalone balance sheet as on March 31, 2024. Utilisation of working capital disclosed in the table is based on closing balances.

Assumptions for our estimated working capital requirements (Number of days):

Particulars	Holding Level (in Days)					
	Projected		Estimated		(Audited)	
	March 31, 2026	March 31, 2025	For the three months period ended June 30, 2024	March 31, 2024	March 31, 2023	March 31, 2022
Inventory Days	75	51	49	46	64	45
Raw Material Days	35	30	30	32	32	28
Finished Goods Days	36	18	15	12	29	15
Stock In Trade Days	4	3	3	2	3	2
Trade Receivable Days	75	75	62	84	69	61
Trade Payable Days	65	70	74	82	115	116
Working Capital Days	85	56	37	48	18	-9

Notes:

- 1) Holding period level (days) of Inventories is calculated by dividing Inventories by revenue from operations multiplied by number of days in the year.
- 2) Holding period level (days) of Raw Materials is calculated by dividing Raw Materials by revenue from operations multiplied by number of days in the year.
- 3) Holding period level (days) of Stock in Trade is calculated by dividing Stock in Trade by revenue from operations multiplied by number of days in the year.
- 4) Holding period level (days) of Finished Goods is calculated by dividing Finished Goods by revenue from operations multiplied by number of days in the year.
- 5) Holding period level (days) of Trade Receivables is calculated by dividing trade receivables by revenue from operations multiplied by number of days in the year.
- 6) Holding period level (days) of Trade Payables is calculated by dividing trade payables by Cost of goods sold multiplied by number of days in the year.
- 7) Working Capital Days is calculated by adding Inventory days and receivable days and subtracting payable days.

Justifications:

Inventories	<p>Inventories comprise of raw materials, finished goods, and stock-in-trade. Inventory days have been computed from audited financial information. In Fiscal 2021-2022, the company's inventory holding period was 45 days, which increased to 64 days in Fiscal 2022-2023 due to higher inventory of finished goods being held in expectation of demand for peak season and normalised to 49 days in Fiscal 2023-2024. A substantial portion of these finished goods remained in inventory as on the fiscal year ended March 31, 2023. For Fiscal 2023-2024 and for the three-month period ending June 30, 2024, onwards, the inventory holding period ranges between 45 and 50 days, being normal for a company engaged in designing and assembling power backup and solar power products of various sizes and capacities.</p> <p>The company could not hold adequate finished good stock during the peak season in Fiscal 2023-2024 resulting in potential loss of revenue. Overall, the raw material holding period is generally longer compared to the holding period for finished goods and stock-in-trade, as some common raw materials must be held for a minimum period to ensure timely production and uninterrupted supply.</p> <p>We assume similar levels of inventory of Raw Materials, Finished Goods and stock in trade in Fiscal 2024-2025.</p> <p>Inventory levels of finished goods are expected to increase significantly in Fiscal 2025-2026 due to commencement of commercial operations in proposed manufacturing unit located at Plot no. 3, Street no. 2, Sector 7A, Model Economic Township (MET), Jhajjar Haryana. The expansion in installed capacity is expected to enhance our capability to produce and maintain higher levels of finished goods inventory during peak demand periods. This is anticipated to mitigate revenue losses experienced in previous years due to inventory constraints during high-demand seasons.</p> <p>Furthermore the Raw material inventory days will increase from 30 days to 35 days, due to larger scale of operations.</p> <p>The Inventory of Stock in Trade is expected to remain at similar levels to previous years.</p> <p>As a result, inventory days are projected to rise from 51 days in Fiscal 2024-2025 to 75 days in Fiscal 2025- 2026.</p>
Trade receivables days	<p>Receivable days have been calculated based on the company's audited financials, which typically ranged between 60 and 70 days. However, the increase in Receivable days to 84 days in Fiscal 2023-2024 was primarily due to delay in payments from some export shipments.</p> <p>For Fiscal 2024-2025 and Fiscal 2025-2026, the company estimates to maintain receivable days at 75 days in each financial year. This is slightly over the current range of 60-70 days. The company is anticipating entry into newer markets and thus is keeping the receivable days at this level.</p>
Trade payables days	<p>Trade payable levels, based on audited financial data, have steadily declined since Fiscal 2021-2022, decreasing from 116 days to 74 days for the three-month period ending June 30, 2024. This reduction was to obtain better pricing from our vendors. Additionally, the Company plans to purchase raw materials through advance payments due to supplier incentives which will also help us further enhance profitability margins. Consequently, creditor days are expected to further reduce to 70 days in Fiscal 2025 and 65 days in Fiscal 2026.</p>

3. Repayment in full or in part, of certain of our Outstanding Borrowings

Our Company has entered into various borrowing arrangements with lenders including borrowings in the form of term loan, export packing credit and overdraft facility for working capital facilities. For details of our outstanding financial indebtedness, see '*Financial Indebtedness*' on page 210. As at November 30, 2024, we had various borrowings facilities with total outstanding of ₹ 840.42 Lakhs.

We propose to utilize an estimated amount of ₹ 95.00 Lakhs from the Net Proceeds to repay in part or full certain borrowing, listed below, availed from the Lender by our Company. This is 11.30% of total outstanding borrowing of the company as at November 30, 2024. Pursuant to the terms of the financing arrangements, prepayment of certain borrowings may attract prepayment charges as prescribed by the respective lender. Such prepayment charges, as applicable, will be funded from the internal accruals of our Company. We believe that such repayment will help reduce our outstanding indebtedness and debt servicing costs and enable utilization of our internal accruals for further investment in our business growth and expansion.

Additionally, we believe that the leverage capacity of our Company will improve our ability to raise further financial resources in the future to fund our potential business development opportunities and plans, to grow and expand our business.

The details of the borrowings availed by our Company, which are proposed to be fully or partially repaid from the Net Proceeds is mentioned below:

Name of the Lender	Date of sanction/letter	Nature of borrowings	Purpose	Actual Utilization of Offer Proceeds	Amount sanctioned as on November 30, 2024* (₹ in lakhs)	Principal amount outstanding as on November 30, 2024 (₹ in lakhs) *	Repayment Date / Schedule/ Tenor	Current Rate of Interest	Pre-payment conditions/ penalty
ICICI Bank	May 28, 2024	Term Loan	To meet its business requirements	[●]	250.00	108.67	Repayable in 60 months commencing from 31/12/2023	9.30 %	4.00%

**As certified by Mahesh Yadav & Co., Chartered Accountants, Statutory Auditors pursuant to their certificate dated December 27, 2024.*

Note: In accordance with Clause 9(A)(2)(b) of Part A of Schedule VI of the SEBI ICDR Regulations which requires a certificate from the statutory auditor certifying the utilization of loan for the purposed availed, our Company has obtained the requisite certificate from Mahesh Yadav & Co., Chartered Accountants, our Statutory Auditors by way of their certificate dated December 27, 2024.

4. Funding capital expenditure requirements

The Company proposes to utilize the Net Proceeds aggregating to ₹ 446.15 Lakhs towards capital expenditure at its owned new manufacturing unit situated at Plot No. 3, Street No. 2, Sector 7A, Model Economic Township (MET), Jhajjar, Haryana. The new manufacturing unit is aimed at production of Home UPS/Inverters incorporating modern manufacturing techniques to increase the capacity from 600 units to 1,200 units per day, R&D and storage capabilities to meet future growth demands. Out of the total Net Proceeds, ₹ 200.96 Lakhs is proposed to be allocated towards the payment for construction work, and ₹ 175.13 Lakhs is proposed to be utilized towards the supply of pre-fabricated steel building at the aforementioned manufacturing unit. Additionally, the Company intends to deploy ₹ 70.07 Lakhs towards the purchase of new machinery. This is expected to result in improved operational efficiency, inventory management and facilitating the timely distribution of goods.

Details of construction work and Pre-Fabricated Steel Building to be undertaken at new manufacturing unit are as follows:

Sr. No.	Particular	Name of Contractor	Total estimated contract cost (₹ in lakhs) (including GST and other taxes)	Amount deployed as on date of the DP (₹ in lakhs)	Estimated cost utilization from Net Proceeds (₹ in lakhs) (including GST and other taxes)
1.	Construction work of Industrial Factory	The 3 Arrows Nirman Private Limited	314.25	113.30	200.96
2.	Pre-Fabricated Steel Building	Willus Infrastructure Private Limited	276.94	101.81	175.13

The details pertaining to the vendor and the plant and machinery has been tabulated in the table below:

Sr. No.	Particulars of equipment/machinery	Supplier Name	Qty.	Total Cost (₹ in lakhs) (including GST and other taxes)	Date of Quotation
1.	Pallet Rack	KWIK Storage Systems	224	38.87	December 11, 2024
2.	Electrical Forklift 3 Ton	Latbros Equipment Private Limited	1	15.75	December 13, 2024
3.	Tata LCV Truck	Pasco Motors LLP	1	15.45	December 02, 2024

Beyond expanding production capabilities, the proposed facility will consist of enhanced R&D supporting product innovation. Our proposed facility is situated at the upcoming MET which will benefit us due to the strategic location within the National Capital Region (NCR) offering excellent connectivity via the KMP Expressway and proximity to the Delhi-Mumbai Industrial Corridor (DMIC) and also enhances logistical efficiency and access to key markets. The MET is designed with modern infrastructure, including 220 KV substations and reliable water supply, while being close to the Indira Gandhi International Airport, facilitating smooth transport and faster delivery times. Additionally, the integrated ecosystem at MET, which includes residential and commercial facilities, ensures access to skilled workforce and long-term operational sustainability. By bolstering supply chain efficiency and positioning our Company for scalable growth, this proposed new manufacturing facility plays a critical role in advancing our Company's mission to deliver sustainable, high-quality power backup solutions across a broader geographical footprint

5. General Corporate Purposes:

Our Company intends to deploy the balance Net Proceeds towards general corporate purposes, subject to such utilization not exceeding 15% of the Gross Proceeds of the Fresh Issue, to drive our business growth, including, amongst other things, (i) funding growth opportunities, including strategic initiatives; (ii) meeting any expenses incurred in the ordinary course of business by the Company; (iii) servicing of borrowings including payment of interest; (iv) brand building and other marketing expenses; (v) meeting of exigencies which our Company may face in the course of any business; and (vi) any other purpose as permitted by applicable laws and as approved by our Board or a duly appointed committee thereof.

We confirm that any Offer related expenses shall not be considered as a part of general corporate purpose. Further in case, our actual Offer expenses turn to be lesser than the estimated Offer expenses of ₹ [●] lakhs, such surplus amount shall be utilized for general corporate purpose in such a manner that the amount for general corporate purposes, as mentioned in the Draft Prospectus, shall not exceed 15% of the amount raised by our Company through this Fresh Issue.

No part of the Net Proceeds will be paid by us as consideration to our Promoters, our Directors or Key Managerial Personnel except in the normal course of business and in compliance with the applicable laws.

BASIS FOR OFFER PRICE

The Offer Price has been determined by our Company, in consultation with the Lead Manager, on the basis of assessment of market demand for the Equity Shares offered in the Offer and on the basis of quantitative and qualitative factors as described below. The face value of the Equity Shares is ₹ 10 each and the Offer Price is [●] times the face value. Investors to see “Our Business”, “Risk Factors” and “Restated Financial Information” beginning on page 127, 28, and 190 respectively, to have an informed view before making an investment decision.

Qualitative Factors

Some of the qualitative factors which form the basis for computing the Offer Price are:

- Innovative Product Range and Technological Advancements
- Strong Research and Development (R&D) Capabilities
- Extensive Distribution and After-Sales Service Network
- Vendor Relationships and Supply Chain Efficiency

For further details, see “Our Business” on page 127.

Quantitative Factors

The information presented in this section is derived from our Restated Consolidated Financial Statements. For details, see “Restated Financial Information” on page 190.

Some of the quantitative factors which may form the basis for computing the Offer Price are as follows:

1. Basic and Diluted Earnings per Share (EPS) (face value of each equity share is ₹10)

Year ended	Basic and Diluted EPS* (in ₹)	Weight
March 31, 2024	7.53	3
March 31, 2023	3.49	2
March 31, 2022	2.80	1
Weighted Average	5.39	
3 months period ending June 30, 2024	2.70	

Basic & Diluted EPS has been calculated including 1,40,00,000 bonus shares retrospectively which were issued on October 24, 2024.

Note:

The ratios have been computed as under:

- Basic and diluted EPS: profit after tax for the year attributable to equity shareholders of the Company divided by total weighted average number of equity shares outstanding during the period. Basic and diluted EPS are computed in accordance with AS 20 – Earnings per share post the bonus issue in current financial year.
- Weighted average = Aggregate of year-wise weighted EPS divided by the aggregate of weights i.e. (EPS x Weight) for each year/Total of weights
- The figures disclosed above are based on the Restated Consolidated Financial Statements

2. Price / Earning (P/E) Ratio in relation to Offer Price of ₹ [●] per Equity Share

Particular	P/E ratio
P/E ratio based on the Basic & Diluted EPS, as restated for FY 2023-24	[●]
P/E ratio based on the Weighted Average EPS, as restated	[●]

3. Industry Peer Group P/E ratio:

Particular	P/E ratio
Highest	108.24
Lowest	30.53
Average	69.38

Note:

- The highest and lowest industry P/E shown above is based on the peer set provided below under “Comparison with listed industry peers”. The industry average has been calculated as the arithmetic average P/E of the peer set provided below.
- P/E figures for the peer are computed based on closing market price as on December 02, 2024, on the NSE, divided by Basic EPS (on consolidated basis unless otherwise available only on standalone basis) based on the financial results of the respective company for the year ended March 31, 2024 submitted to stock exchanges.

4. Return on Net Worth (RONW):

Year ended	RoNW(%)	Weight
March 31, 2024	43.82%	3
March 31, 2023	35.62%	2
March 31, 2022	46.60%	1
Weighted Average	41.55%	
3 months period ending June 30, 2024	54.38%	

Note: *RONW has been calculated including bonus shares retrospectively which were issued on October 24, 2024.

- Weighted average = Aggregate of year-wise weighted Net Worth divided by the aggregate of weights i.e. [(Net Worth x Weight) for each year] / [Total of weights]
- Return on Net Worth (%) = Net profit after tax, as restated / Net worth as restated as at year end.
- Net worth means the aggregate value of the paid-up share capital of the Company and all reserves created out of profits and securities premium account and instruments entirely in the nature of equity after deducting the aggregate value of the accumulated losses, deferred expenditure and miscellaneous expenditure not written off, as per the audited balance sheet, but does not include reserves created out of revaluation of assets, write-back of depreciation and amalgamation as per Restated Consolidated Financial Statements of the Company.

5. Net Asset Value* (NAV) per Equity Share

Particulars	₹
As of March 31, 2024	17.18
As of March 31, 2023	9.86
As of March 31, 2022	6.01
As of June 30, 2024	19.88
NAV post issue:	
Offer price per share	[●]

Note- *NAV has been calculated based on including bonus shares retrospectively which were issued on October 24, 2024.

Net asset value per share = Net worth as restated / Weighted average Number of equities shares as at year end

6. Comparison with the Industry Listed Peers

The peer group of the Company has been determined on the basis of companies listed on Stock Exchanges, whose business profile is comparable to our businesses in terms of our size and our business mode

Name of the Company	Total Income (₹ in lakhs)	Face Value (₹)	P/E	EPS (Basic & Diluted)	Return on Net worth	NAV per share (₹)	PAT (₹ in lakhs)
Smarten Power Systems Limited	19,873.20	10	[●]	7.53	43.82%	17.18	1,129.00
GP Eco Solutions Limited	13,867.85	10	30.53	8.68	32.01%	27.13	732.50
Sungarner Energies Limited	1,784.96	10	108.24	5.22	11.19%	41.32	107.25

Source: All the financial information for listed industry peer mentioned above is on a consolidated basis unless otherwise available only on standalone and is sourced from the filings made with stock exchanges available on the NSE for the Financial

Year ended March 31, 2024.

Notes:

- 1) P/E Ratio has been computed based on the closing market price of equity shares on December 02, 2024, divided by the Basic EPS.
- 2) Return on Net Worth (%) = Net profit after tax, as restated / Net worth as restated as at year end
- 3) Net worth has been computed as sum of paid-up share capital and other equity.
- 4) NAV is computed as the closing net worth divided by the closing outstanding number of equity shares

(hereinafter referred to as the “Lead Manager”)

Sub: Proposed SME Initial Public Offering of Equity Shares of face value of Rs. 10 each (the “Equity Shares”) of Smarten Power Systems Limited (the “Company” and such offering, the “Fresh Issue” and an offer for sale of Equity Shares by certain existing shareholders of the Company (“Offer for Sale”, and together with the Fresh Issue, the “Offer”)

This report is issued in accordance with the Engagement Letter dated

We hereby report that the enclosed Annexure I prepared by the Company, initialed by us and the Company for identification purpose, states the special tax benefits available to the Company and its shareholders, under direct and indirect taxes (together “the Tax Laws”), presently in force in India as on the signing date, which are defined in Annexure I. These special tax benefits are dependent on the Company and its shareholders fulfilling the conditions prescribed under the relevant provisions of the Tax Laws. Hence, the ability of the Company and its shareholders to derive these special tax benefits is dependent upon their fulfilling such conditions, which is based on business imperatives the Company may face in the future and accordingly, the Company and its shareholders may or may not choose to fulfill.

The benefits discussed in the enclosed Annexure II cover the special tax benefits available to the Company and its shareholders but does not cover any general tax benefits available to the Company and its shareholders. Further, the preparation of the enclosed Annexure II and its contents is the responsibility of the management of the Company and is not exhaustive. We were informed that the Statement is only intended to provide general information to the investors and is neither designed nor intended to be a substitute for professional tax advice. In view of the individual nature of the tax consequences and the changing Tax Laws, each investor is advised to consult his or her own tax consultant with respect to the specific tax implications arising out of their participation in the proposed initial public offering of equity shares of the Company comprising a fresh issue of the Equity Shares by the Company particularly in view of the fact that certain recently enacted legislation may not have a direct legal precedent or may have a different interpretation on the special tax benefits, which an investor can avail. Neither we are suggesting nor advising the investors to invest money based on this Statement.

We conducted our examination in accordance with the “Guidance Note on Reports or Certificates for Special Purposes (Revised 2019)” (the “Guidance Note”) issued by the Institute of Chartered Accountants of India. The Guidance Note requires that we comply with ethical requirements of the Code of Ethics issued by the Institute of Chartered Accountants of India.

We have complied with the relevant applicable requirements of the Standard on Quality Control (SQC) 1, Quality Control for Firms that Perform Audits and Reviews of Historical Financial information, and Other Assurance and Related Services Engagements.

We do not express any opinion or provide any assurance as to whether:

- i the Company and its shareholders will continue to obtain these special tax benefits in future; or
- ii the conditions prescribed for availing the special tax benefits where applicable, have been/ would be met with.

The contents of enclosed Annexures are based on the information, explanation and representations obtained from the Company and on the basis of our understanding of the business activities and operations of the Company. Our views expressed herein are based on the facts and assumptions indicated to us. No assurance is given that the revenue authorities/ courts will concur with the views expressed herein. Our views are based on the existing provisions of the Tax Laws and its interpretation, which are subject to change from time to time. We do not assume responsibility to update the views consequent to such changes. We shall not be liable to the Company for any claims, liabilities or expenses relating to this assignment except to the extent of fees relating to this assignment, as finally judicially determined to have resulted primarily from bad faith or intentional misconduct. We will not be liable to the Company and any other person in respect of this Statement, except as per applicable law.

We confirm that the information in this certificate is true, fair and adequate in all material respects and based on our examination of information and documents provided by the management, nothing material has come to our attention that may lead to an untrue statement or omission which would render the contents of this certificate misleading in its form or context and adequate to enable investors to make a well informed decision.

We also consent to the inclusion of this letter as a part of “Material Contracts and Documents for Inspection” in connection with this Issue, which will be available for public for inspection from date of the filing of the Prospectus until the Offer Closing Date.

We confirm that this certificate may be relied upon by the Lead Manager and the legal advisor appointed in relation to the Offer.

We hereby consent that this certificate be disclosed by the Lead Manager, if required (i) by reason of any law, regulation or order of a court or by any governmental or competent regulatory authority, or (ii) in seeking to establish a defense in connection with, or to avoid, any actual, potential or threatened legal, arbitral or regulatory proceeding or investigation.

We undertake to immediately communicate, in writing, any changes to the above information/confirmations, as and when: (i) made available to us; or (ii) we become aware of any such changes, to the Lead Manager and the Company until the equity shares allotted in the Offer commence trading on the relevant stock exchange. In the absence of any such communication from us, the Company, the Lead Manager and the legal advisor appointed with respect to Offer can assume that there is no change to the information/confirmations forming part of this certificate and accordingly, such information should be considered to be true and correct.

SECTION IV- ABOUT THE COMPANY

INDUSTRY OVERVIEW

The information in this section has been extracted from various websites and publicly available documents from various industry sources. The data may have been re-classified by us for the purpose of presentation. Due to fragmented nature of Industry, relevant Industry data points are calculated by our company from publicly available sources and disclosed in this section under source of Management Estimation based on public data. None of the Company and any other person connected with the Offer have independently verified this information. Industry sources and publications generally state that the information contained therein has been obtained from believed to be reliable, but their accuracy, completeness and underlying assumptions are not guaranteed and their reliability cannot be assured. Industry sources and publications are also prepared based on information as of specific dates and may no longer be current or reflect current trends. Industry sources and publications may also base their information on estimates, projection forecasts and assumptions that may prove to be incorrect. Accordingly, investors should not place undue reliance on information.

GLOBAL OUTLOOK

- Global growth is expected to remain stable yet underwhelming. At 3.2 percent in 2024 and 2025, the growth projection is virtually unchanged from those in both the July 2024 World Economic Outlook Update and the April 2024 World Economic Outlook. However, notable revisions have taken place beneath the surface, with upgrades to the forecast for the United States offsetting downgrades to those for other advanced economies—in particular, the largest European countries. Likewise, in emerging market and developing economies, disruptions to production and shipping of commodities—especially oil—conflicts, civil unrest, and extreme weather events have led to downward revisions to the outlook for the Middle East and Central Asia and that for sub-Saharan Africa. These have been compensated for by upgrades to the forecast for emerging Asia, where surging demand for semiconductors and electronics, driven by significant investments in artificial intelligence, has bolstered growth. The latest forecast for global growth five years from now—at 3.1 percent—remains mediocre compared with the pre-pandemic average. Persistent structural headwinds—such as population aging and weak productivity—are holding back potential growth in many economies.
- Cyclical imbalances have eased since the beginning of the year, leading to a better alignment of economic activity with potential output in major economies. This adjustment is bringing inflation rates across countries closer together and on balance has contributed to lower global inflation. Global headline inflation is expected to fall from an annual average of 6.7 percent in 2023 to 5.8 percent in 2024 and 4.3 percent in 2025, with advanced economies returning to their inflation targets sooner than emerging market and developing economies.
- Global disinflation continues to progress, broadly in line with the baseline, bumps on the road to price stability are still possible. Goods prices have stabilized, but services price inflation remains elevated in many regions, pointing to the importance of understanding sectoral dynamics and of calibrating monetary policy accordingly.
- Risks to the global outlook are tilted to the downside amid elevated policy uncertainty. Sudden eruptions in financial market volatility—as experienced in early August—could tighten financial conditions and weigh on investment and growth, especially in developing economies in which large near-term external financing needs may trigger capital outflows and debt distress. Further disruptions to the disinflation process, potentially triggered by new spikes in commodity prices amid persistent geopolitical tensions, could prevent central banks from easing monetary policy, which would pose significant challenges to fiscal policy and financial stability. Deeper- or longer-than-expected contraction in China’s property sector, especially if it leads to financial instability, could weaken consumer sentiment and generate negative global spillovers given China’s large footprint in global trade.

Growth Outlook: Emerging Markets Get Support from Asia

Advanced economies, the growth outlook for emerging market and developing economies is remarkably stable for the next two years, hovering at about 4.2 percent and steadying at 3.9 percent by 2029. And just as in advanced economies, offsetting dynamics are occurring between country groups. Compared with that

in April, growth in emerging market and developing economies is revised upward by 0.1 percentage point for 2024, reflecting upgrades for Asia (China and India) that more than offset downgrades for sub-Saharan Africa and for the Middle East and Central Asia.

Emerging Asia's strong growth is expected to subside, from 5.7 percent in 2023 to 5.0 percent in 2025. This reflects a sustained slowdown in the region's two largest countries. In India, the outlook is for GDP growth to moderate from 8.2 percent in 2023 to 7 percent in 2024 and 6.5 percent in 2025, because pent-up demand accumulated during the pandemic has been exhausted, as the economy reconnects with its potential. In China, the slowdown is projected to be more gradual. Despite persisting weakness in the real estate sector and low consumer confidence, growth is projected to have slowed only marginally to 4.8 percent in 2024, largely thanks to better-than-expected net exports. Compared with that in April, the forecast has been revised upward by 0.2 percentage point in 2024 and 0.4 percentage point in 2025. Recent policy measures may provide upside risk to near-term growth.

Growth in the Middle East and Central Asia is projected to rise from 2.1 percent in 2023 to 3.9 percent in 2025, as disruptions to oil production and shipping subside. The 2024 forecast, however, has been lowered by 0.4 percentage points due to extended Saudi oil cuts and conflict in Sudan.

Growth in emerging and developing Europe is projected to remain steady at 3.2 percent in 2024 but to ease significantly to 2.2 percent in 2025. The moderation reflects a sharp slowdown in Russia from 3.6 percent in 2023 to 1.3 percent in 2025 as private consumption and investment slow amid reduced tightness in the labor market and slower wage growth. In Türkiye, growth is expected to slow from 5.1 percent in 2023 to 2.7 percent in 2025, with the slowdown driven by the shift to monetary and fiscal policy tightening since mid-2023.

Inflation Outlook: Gradual Decline to Target

Global headline inflation is projected to continue its decline, dropping from an average of 6.7 percent in 2023 to 5.8 percent in 2024, and further to 4.3 percent in 2025. This disinflation trend is expected to proceed more quickly in advanced economies, where inflation is forecasted to decrease by 2 percentage points from 2023 to 2024, reaching about 2 percent by 2025. Emerging market and developing economies are anticipated to experience a slower disinflation path, with inflation declining from 8.1 percent in 2023 to 7.9 percent in 2024, before accelerating to 5.9 percent in 2025.

However, significant differences persist across emerging markets. Inflation in emerging Asia is expected to align closely with advanced economies, reaching 2.1 percent in 2024 and 2.7 percent in 2025, partly due to early monetary tightening and price controls in many countries. In contrast, inflation remains in double digits for regions like emerging Europe, the Middle East and North Africa, and sub-Saharan Africa, driven by factors such as currency depreciation and administrative price adjustments (e.g., Egypt) and agricultural challenges (e.g., Ethiopia). In Latin America and the Caribbean, inflation has generally declined, although upward revisions were noted for large economies like Brazil and Mexico, influenced by wage growth, weather events (Colombia), and electricity tariff hikes (Chile).

The expected decline in global inflation through 2024 and 2025 reflects a broader reduction in core inflation, a shift from the 2023 trend where headline inflation fell mainly due to lower fuel prices. Core inflation is projected to drop by 1.3 percentage points in 2024, led by advanced economies, due to the lagged effects of tighter monetary policies and diminishing impacts from past price increases, especially in energy. By the end of 2025, most economies are expected to reach their inflation targets or come close, though inflation in three-quarters of inflation-targeting economies may still exceed official targets on an annual average basis, largely due to carryover effects from 2024.

Risks to the Outlook: Tilted to the Downside

Monetary Policy and Financial Market Challenges

Unexpectedly strong effects from prior interest rate hikes could slow growth and increase unemployment faster than anticipated. While rates are expected to normalize, intensified transmission of past hikes might dampen near-term growth, creating a feedback loop of weaker consumer spending and reduced business investment. If consumer and business sentiment falters, lower household spending and scaled-back business plans could further slow the economy. Yet, lower energy prices might soften the impact by reducing demand for oil, potentially pushing prices down. Additionally, if inflation proves harder to control, central banks might need to adjust their approach, risking market volatility and tighter financial conditions. Any significant market repricing could trigger financial instability, particularly for emerging markets with large external financing needs, exposing them to higher sovereign debt stress and potential economic setbacks.

Geopolitical and Global Economic Risks

Several global risks threaten the economy, including a potential deepening of China's property sector crisis, which could weaken domestic demand and impact global trade partners. Should the property sector contract further, this could erode consumer confidence, already low, and suppress household consumption, challenging China's efforts to support domestic demand. Geopolitical tensions, like regional conflicts or climate-induced commodity shocks, may drive up food and energy prices, particularly hurting low-income countries reliant on imports. Rising protectionism could slow global trade, restricting growth by limiting the exchange of innovation and technology crucial to emerging economies. Meanwhile, renewed social unrest tied to inflation, rising inequality, and political discontent could strain economic resilience in affected regions, particularly where governments have limited policy flexibility to cushion impacts, making sustainable growth and reform implementation more challenging.

INDIAN ECONOMY OVERVIEW

India's strong economic growth in the first quarter of FY23 helped it surpass the UK, becoming the fifth-largest economy globally as it rebounded from the pandemic. The nominal GDP for FY 2023-24 is projected at Rs. 295.36 lakh crores (US\$ 3.54 trillion), up from Rs. 269.50 lakh crores (US\$ 3.23 trillion) in FY 2022-23. This marks a 9.6% growth in nominal GDP for 2023-24, compared to a higher 14.2% growth in the previous fiscal year. Strong domestic demand, particularly for consumption and investment, along with government capital expenditure, are key factors driving this growth.

Additionally, India's exports during the April-September 2024 period amounted to US\$ 211.46 billion, with the top exports being Engineering Goods (26.57%), Petroleum Products (16.51%), and Electronic Goods (7.39%). Rising employment and consumer sentiment are expected to continue supporting GDP growth in the coming months.

This growth outlook emphasizes the role of government capital expenditure and private consumption, positioning India strongly for sustained economic expansion.

Future capital spending of the government in the economy is expected to be supported by factors such as tax buoyancy, the streamlined tax system with low rates, a thorough assessment and rationalisation of the tariff structure, and the digitization of tax filing.

In the medium run, increased capital spending on infrastructure and asset-building projects is set to increase growth multipliers. The contact-based services sector has demonstrated promise to boost growth by unleashing the pent-up demand. The sector's success is being captured by a number of HFIs (High-Frequency Indicators) that are performing well, indicating the beginnings of a comeback.

India has emerged as the fastest-growing major economy in the world and is expected to be one of the top three economic powers in the world over the next 10-15 years, backed by its robust democracy and strong partnerships. India's appeal as a destination for investments has grown stronger and more sustainable because of the current period of global unpredictability and volatility, and the record amounts of money raised by India-focused funds in 2022 are evidence of investor faith in the "Invest in India" narrative.

Market Size

Real GDP or GDP at Constant (2011-12) Prices for the period Q1 2024-25 is estimated at Rs. 43.64 lakh crore (US\$ 524 billion), against the First Revised Estimates (FRE) of GDP for the year Q1 2023-24 of Rs. 40.91 lakh crore (US\$ 491 billion). The growth in real GDP during 2023-24 is estimated at 8.2% as compared to 7.0% in 2022-23. There are 113 unicorn startups in India, with a combined valuation of over US\$ 350 billion. As many as 14 tech startups are expected to list in 2024 Fintech sector poised to generate the largest number of future unicorns in India. With India presently has the third-largest unicorn base in the world. The government is also focusing on renewable sources by achieving 40% of its energy from non-fossil sources by 2030. India is committed to achieving the country's ambition of Net Zero Emissions by 2070 through a five-pronged strategy, 'Panchamrit'. Moreover, India ranked 3rd in the renewable energy country attractive index.

According to the McKinsey Global Institute, India needs to boost its rate of employment growth and create 90 million non-farm jobs between 2023 to 2030 in order to increase productivity and economic growth. The net employment rate needs to grow by 1.5% per annum from 2023 to 2030 to achieve 8-8.5% GDP growth between same time periods. India's current account deficit (CAD) narrowed to 0.7% of GDP in FY24. The CAD stood at US\$ 9.7 billion for the Q1 2024-25 from US\$ 8.9 billion in Q1 2023-24 or 1.1% of GDP. This was largely due to decrease in merchandise trade deficit.

Exports fared remarkably well during the pandemic and aided recovery when all other growth engines were losing steam in terms of their contribution to GDP. Going forward, the contribution of merchandise exports may waver as several of India's trade partners witness an economic slowdown. According to Minister of Commerce and Industry, Consumer Affairs, Food and Public Distribution and Textiles Mr. Piyush Goyal, Indian exports are expected to reach US\$ 1 trillion by 2030.

Recent Developments

India is primarily a domestic demand-driven economy, with consumption and investments contributing to 70% of the economic activity. With an improvement in the economic scenario and the Indian economy recovering from the Covid-19 pandemic shock, several investments and developments have been made across various sectors of the economy. According to World Bank, India must continue to prioritize lowering inequality while also putting growth-oriented policies into place to boost the economy. In view of this, there have been some developments that have taken place in the recent past. Some of them are mentioned below.

- According to HSBC Flash India PMI report, business activity surged in April 2024 to its highest level in about 14 years as well as sustained robust demand. The composite index reached 62.2, indicating continuous expansion since August 2021, alongside positive job growth and decreased input inflation, affirming India's status as the fastest-growing major economy.
- As of October 11, 2024, India's foreign exchange reserves stood at US\$ 690.43 billion.
- In 1H 2024, India saw a total of US\$ 31.5 billion in PE-VC investments.
- India secured 39th position out of 133 economies in the Global Innovation Index 2024. India rose from 81st position in 2015 to 39th position in 2024. India ranks 3rd position in the global number of scientific publications.
- In September 2024, the gross Goods and Services Tax (GST) stood at highest monthly revenue collection at Rs. 1.73 lakh crore (US\$ 20.83 billion).
- Between April 2000–June 2024, cumulative FDI equity inflows to India stood at US\$ 1,013.45 billion.
- In August 2024, the overall IIP (Index of Industrial Production) stood at 145.6. The Indices of Industrial Production for the mining, manufacturing and electricity sectors stood at 125.1, 147.1 and 219.3, respectively.
- According to data released by the Ministry of Statistics & Programme Implementation (MoSPI), India's Consumer Price Index (CPI) based retail inflation reached 5.49% (Provisional) for September 2024.
- Foreign Institutional Investors (FII) inflows between April-July (2023-24) were close to Rs. 80,500 crore (US\$ 9.67 billion), while Domestic Institutional Investors (DII) sold Rs. 4,500 crore (US\$ 540.56 million) in the same period. As per depository data, Foreign Portfolio Investors (FPIs) invested (US\$ 13.89 billion) in India during January- (up to 15th July) 2024.
- The wheat procurement during Rabi Marketing Season (RMS) 2024-25 (till May) was estimated to be 266 lakh metric tonnes (LMT) and the rice procured in Kharif Marketing Season (KMS) 2024-25 was 400 LMT.

Government Initiatives

Over the years, the Indian government has introduced many initiatives to strengthen the nation's economy. The Indian government has been effective in developing policies and programs that are not only beneficial for citizens to improve their financial stability but also for the overall growth of the economy. Over recent decades, India's rapid economic growth has led to a substantial increase in its demand for exports. Besides this, a number of the government's flagship programs, including Make in India, Start-up India, Digital India, the Smart City Mission, and the Atal Mission for Rejuvenation and Urban Transformation, is aimed at creating immense opportunities in India. In this regard, some of the initiatives taken by the government to improve the economic condition of the country are mentioned below:

- In July 2024, the Ministry of Finance held the Union Budget and announced that for 2024-25, the total receipts other than borrowings and the total expenditure are estimated at Rs. 32.07 lakh crore (US\$ 383.93 billion) and Rs. 48.21 lakh crore (US\$ 577.16 billion), respectively.
- On January 22, 2024, Prime Minister Mr. Narendra Modi announced the 'Pradhan Mantri Suryodaya Yojana'. Under this scheme, 1 crore households will receive rooftop solar installations.
- On September 17, 2023, Prime Minister Mr. Narendra Modi launched the Central Sector Scheme PM-VISHWAKARMA in New Delhi. The new scheme aims to provide recognition and comprehensive support to traditional artisans & craftsmen who work with their hands and basic tools. This initiative is designed to enhance the quality, scale, and reach of their products, as well as to integrate them with MSME value chains.
- On August 6, 2023, Amrit Bharat Station Scheme was launched to transform and revitalize 1309 railway stations across the nation. This scheme envisages development of stations on a continuous basis with a long-term vision.
- On June 28, 2023, the Ministry of Environment, Forests, and Climate Change introduced the 'Draft Carbon Credit Trading Scheme, 2023'.
- From April 1, 2023, Foreign Trade Policy 2023 was unveiled to create an enabling ecosystem to support the philosophy of 'Aatmanirbhar Bharat' and 'Local goes Global'.
- To enhance India's manufacturing capabilities by increasing investment and production in the sector, the government of India has introduced the Production Linked Incentive Scheme (PLI) for Pharmaceuticals.
- Prime Minister's Development Initiative for North-East Region (PM-DevINE) was announced in the Union Budget 2022-23 with a financial outlay of Rs. 1,500 crore (US\$ 182.35 million).
- Prime Minister Mr Narendra Modi has inaugurated a new food security scheme for providing free food grains to Antyodaya Ann Yojna (AAY) & Primary Household (PHH) beneficiaries, called Pradhan Mantri Garib Kalyan Ann Yojana (PMGKAY) from January 1, 2023.
- In July 2024, the Ministry of Finance held the Union Budget and announced that for 2024-25, the total receipts other than borrowings and the total expenditure are estimated at Rs. 32.07 lakh crore (US\$ 383.93 billion) and Rs. 48.21 lakh crore (US\$ 577.16 billion), respectively.
- In February 2024, the Finance Ministry announced the total expenditure in Interim 2024-25 estimated at Rs. 47,65,768 crore (US\$ 571.64 billion) of which total capital expenditure is Rs. 11,11,111 crore (US\$ 133.27 billion).

Road Ahead

In the second quarter of FY24, the growth momentum of the first quarter was sustained, and high-frequency indicators (HFIs) performed well in July and August of 2023. India's comparatively strong position in the external sector reflects the country's positive outlook for economic growth and rising employment rates. India ranked 5th in foreign direct investment inflows among the developed and developing nations listed for the first quarter of 2022.

India's economic story during the first half of the current financial year highlighted the unwavering support the government gave to its capital expenditure, which, in 2023-24, stood 37.4% higher than the same period last year. In the budget of 2024-25, capital expenditure took lead by steeply increasing the capital expenditure outlay by 17.1 % to Rs.11 lakh crore (US\$ 133.51 billion) over Rs. 9.48 lakh crore (US\$ 113.91 billion) in 2023-24. Stronger revenue generation because of improved tax compliance, increased profitability of the company, and increasing economic activity also contributed to rising capital spending levels.

Since India's resilient growth despite the global pandemic, India's exports climbed at the second-highest rate with a year-over-year (YoY) growth of 8.39% in merchandise exports and a 29.82% growth in service exports till

April 2023. With a reduction in port congestion, supply networks are being restored. The CPI-C inflation reduction from June 2022 already reflects the impact. In September 2023 (Provisional), CPI-C inflation was 5.02%, down from 7.01% in June 2022. With a proactive set of administrative actions by the government, flexible monetary policy, and a softening of global commodity prices and supply-chain bottlenecks, inflationary pressures in India look to be on the decline overall. Since India's resilient growth despite the global pandemic, India's exports climbed at the second-highest rate with a year-over-year (YoY) growth of 8.39% in merchandise exports and a 29.82% growth in service exports till April 2023. Energy consumption pattern:

According to a recent report from the International Energy Agency (IEA), global electricity demand is projected to increase significantly in 2024 and 2025. Electricity demand is projected to grow by approximately 4%, up from 2.5% in 2023, representing the highest annual growth rate in two decades—excluding the rebounds observed after the global financial crisis and the COVID-19 pandemic. This growth is attributed to factors such as robust economic expansion, increased use of air conditioning amid intense heatwaves, and the growing adoption of technologies like electric vehicles and heat pumps.

Furthermore, the report notes that India's electricity demand in 2023 demonstrated daily variability of 15%, a figure anticipated to nearly triple by 2050. This increase is primarily driven by rising air conditioning demand as growing household incomes make cooling appliances more accessible. The widespread adoption of home appliances and electric vehicles is also expected to play a significant role in shaping electricity consumption patterns.

Electricity Demand to Surge by 8% in 2024

The IEA's mid-year *Electricity Market Report* notes that India, the fastest-growing major economy globally, is expected to see an 8% rise in electricity consumption in 2024, maintaining the rapid pace of growth observed in 2023. Despite this surge, India's per capita electricity consumption remains just 20% of the European Union's.

The anticipated growth is supported by robust GDP expansion and increased cooling demand driven by prolonged and intense heatwaves. During the first half of 2024, India experienced record-duration heatwaves, with peak electricity demand reaching a new high of 250 GW on May 30, 2024, fueled by extreme temperatures, expanding industrial activity, and heightened residential consumption.

The report forecasts a peak demand of 258 GW for the remainder of 2024, as the country continues to grapple with climate-driven challenges. Heatwaves in late May, including one of unprecedented duration lasting approximately 24 days across various regions, underscored the growing strain on India's power systems.

Assuming a return to average weather conditions, the IEA projects a moderate easing of electricity demand growth to 6.8% in 2025. However, the long-term trajectory indicates that India's electricity consumption will continue to rise sharply, driven by structural economic and demographic changes.

India is the third-largest producer and consumer of electricity worldwide, with an installed power capacity of 446.18 GW as of June 30, 2024.

Solar power accounted for 16.9% of the total installed power capacity and 40.1% of the total installed renewable capacity at the end of December 2023. India added a record 18.48 GW of renewable energy capacity in 2023-24, a 21% increase over the previous year, but industry experts say at least 50 GW of annual additions are needed to meet the 500 GW target by 2030.

The installed solar energy capacity has increased by 26 times in the last 9 years and stands at 73.32 GW as of December 2023. In 2023, India has added 7.5 GW of solar power capacity. During January 2024, the capacity addition from solar energy stood at 9008.47 MW. Solar power accounted for 16.9% of the total installed power capacity and 40.1% of the total installed renewable capacity at the end of December 2023. Solar power's share increased by 0.3% from the last quarter, when it accounted for 39.5% of the total renewable capacity.

Home UPS Market in India:

The home UPS market in India was valued at \$317.8 million in 2023 and is expected to grow to \$493.0 million by 2032, with a compound annual growth rate (CAGR) of 5%. The home Uninterruptible Power Supply (UPS) market in India is a dynamic and rapidly evolving sector. Its growth is fueled by the increasing need for reliable power in the face of frequent outages, as well as the nation's surge in digitalisation and offsite work opportunities. India's home Uninterruptible Power Supply (UPS) market is fundamentally driven by the need for resilience against power instability. Despite rapid urbanization and economic growth, the country continues to experience frequent power supply inconsistencies, with outages being particularly prevalent in rural and remote regions where infrastructure development remains limited. This has elevated the home UPS from a convenience to an essential utility, addressing critical power needs across residential and professional spheres.

The frequent power disruptions in India significantly impact sectors such as remote work, online education, and home healthcare, where consistent and reliable power is indispensable. These dynamics underscore the critical role of UPS systems in supporting modern lifestyles and maintaining productivity during outages.

Furthermore, India's climatic diversity exacerbates power stability challenges. Regions prone to extreme weather events—ranging from heavy monsoons to scorching heatwaves—are particularly vulnerable to power disruptions, reinforcing the demand for robust power backup solutions.

The growing penetration of digital technologies in Indian households further intensifies the reliance on UPS systems. As electronic devices and digital services become integral to daily life, tolerance for power interruptions has significantly declined. The integration of home UPS systems is increasingly viewed as a necessary component of modern living, ensuring seamless operation of devices and services during outages.

This confluence of factors positions the home UPS market as a critical segment within India's energy sector, driven by the dual imperatives of addressing infrastructural gaps and meeting the demands of a digitized, interconnected population.

In the Indian home UPS (Uninterruptible Power Supply) market, the Standby UPS segment holds a significant 63.82% market share, driven by several key factors:

- **Affordability and simplicity:** Standby UPS systems are highly favored in India's cost-conscious market due to their straightforward design and budget-friendly pricing.
- **Ease of use:** These systems are known for being easy to install and maintain, appealing to consumers who prefer hassle-free technology.
- **Tailored for residential needs:** Standby UPS units are specifically designed to provide immediate power backup during frequent outages, a common issue in many regions of India. Their ability to switch to battery power instantly makes them ideal for home use.

The segment's rapid growth is fueled by ongoing innovations aimed at improving efficiency and reducing costs. Advances in technology have resulted in Standby UPS models that are more energy-efficient and compact, further encouraging their adoption in households.

In the Indian home UPS (Uninterruptible Power Supply) market, lead acid batteries hold the largest market share at 65.29% and are projected to grow at the highest CAGR of 5.5% during the forecast period. Their dominance is primarily due to their cost-effectiveness, which makes them an attractive option in India's price-sensitive market.

Lead acid batteries strike a balance between affordability and performance, making them accessible to a broad customer base. Their established reliability and long-standing presence in the power backup industry further contribute to their popularity. Over the years, they have built a proven track record, supported by a well-developed supply chain and distribution network that ensures easy availability and hassle-free replacement.

Additionally, lead acid batteries are highly versatile, as they are compatible with various UPS systems, making them suitable for diverse home power backup requirements.

The Indian home UPS market reveals a distinct urban-rural divide. The urban segment dominates with a 67.08% market share, driven by the widespread use of electronic appliances, higher purchasing power, frequent power outages, and greater access to advanced technologies.

In contrast, the rural segment is projected to grow at a faster CAGR of 5.7%, fueled by increasing electrification, rising awareness of power backup benefits, and government initiatives to enhance rural

infrastructure. Declining UPS costs, targeted marketing by manufacturers, and growing appliance usage for household and agricultural needs further support this growth.

Global Solar PV Inverter Market Size & Trends:

The global market for PV inverters was valued at approximately USD 13.09 billion in 2023 and is projected to grow at a compound annual growth rate (CAGR) of 18.3% between 2024 and 2030. The increasing emphasis on addressing environmental challenges and the urgent need to cut carbon emissions are boosting the demand for clean energy solutions, thereby driving the growth of energy equipment markets, including PV inverters.

In 2023, the Asia-Pacific region led the market, accounting for a 44.09% share. China emerged as the primary contributor to the region's rapid solar market expansion, solidifying its position as a key global competitor. Additionally, the rising number of solar installations in developing countries within the region has played a significant role in fueling market growth.

(Management estimation based on publicly available data)

Solar Inverter Market in India:

Government initiatives such as the Smart City project, the development of solar parks and the solar energy subsidy scheme would further accelerate the adoption of solar installations across residential and commercial segments. Grid connected solar inverters dominate the market in 2023 owing to huge adoption across residential and commercial applications, whereas off-grid solar inverters are majorly limited to rural electrification applications.

The pie chart shows the market share of different types of solar inverters

Based on the discussion with manufacturers it is anticipated that, in FY 2022-23, the market size (sales) of all types of solar inverters is close to 2,520 MW. It is also expected that the Indian Solar Inverter market size will grow with a CAGR of 14.4% from 2020 to 2026.

Product Categorization

The Solar Inverters are further categorized based on - system type, technology, rated output power and its application. In terms of system type, the solar inverter is categorized into Grid Connected, Off-Grid and Hybrid Solar Inverters. Based on technology, the grid connected solar inverter is further categorized into micro, string and central inverters.

Based on a comprehensive preliminary market assessment of 450 models from 25 manufacturers it was revealed that nearly 63% market share is of the models with rated output power capacity ranging from 1 kW to 10 kW. There is also a significant market share of solar inverters above 10 kW rated capacity.

Global Solar Energy Market:

The global renewable energy capacity is projected to experience a significant boost by 2030, with new installations between 2024 and 2030 expected to nearly triple, reaching approximately 5,500 GW. Wind and solar power are anticipated to set another record for additions in 2024, though the pace of growth might ease slightly compared to 2023.

By 2030, renewable energy is forecasted to supply roughly 46% of the increasing global electricity demand, rising from about 30% in 2023. The combined share of wind and solar photovoltaic (PV) energy is expected to double to 30%, with these two technologies contributing about 95% of all new renewable capacity added during this period.

(Management estimation based on publicly available data)

Solar Energy Market in India:

Due to its favourable location in the solar belt (40° S to 40° N), India is one of the best recipients of solar energy with abundant availability. The installed solar energy capacity has increased by 26 times in the last 9 years and stands at 73.32 GW as of December 2023.

India added a record 10 GW of solar capacity in Q1 2024, a nearly 400% year-over-year increase, driven by the commissioning of delayed projects as module prices fell and the Approved List of Models and Manufacturers (ALMM) order was suspended, as well as improved grid connectivity to projects previously stalled.

Solar power accounted for 16.9% of the total installed power capacity and 40.1% of the total installed renewable capacity at the end of December 2023. India added a record 18.48 GW of renewable energy capacity in 2023-24, a 21% increase over the previous year, but industry experts say at least 50 GW of annual additions are needed to meet the 500 GW target by 2030. Shirdi is set to become Maharashtra's first solar-powered town, with plans for a solar plant to meet the energy needs of the temple and the entire community, aiming for sustainable power generation and a zero energy bill for local facilities.

Global Solar PV Panels market :

The solar panel market is anticipated to expand significantly, growing from USD 131.37 billion in 2022 to USD 282.4 billion by 2030, with an estimated compound annual growth rate (CAGR) of approximately 12.63% during the forecast period of 2024 to 2030.

The Asia-Pacific region is poised to maintain its position as the fastest-growing market for solar panels. The growth in this region is attributed to heightened environmental awareness, increasing energy needs, supportive government policies, and decreasing costs of solar PV systems. Within APAC, India held the largest market share, while China emerged as the fastest-growing market.

In Europe, the solar energy sector is projected to grow at a robust CAGR from 2022 to 2030. This growth is driven by a rise in the installation of solar power systems across residential and commercial sectors, coupled with an increasing emphasis on renewable energy adoption.

Solar PV Panels market in India:

The India solar PV panels market size was estimated to be USD 7.31 billion in 2023 and is projected to grow at a CAGR of 9.4% from 2024 to 2030.

(Management estimation based on publicly available data)

Under the PM Surya Ghar: Muft Bijli Yojana, the Government of India approved the PM Surya Ghar Muft Bijli Yojana on February 15, 2024 with a total outlay of INR 75,021 crore for installing rooftop solar and providing free electricity up to 300 units every month for 1 crore households. Going further, the households can even sell the surplus electricity generated by them and earn some revenue for themselves. The scheme provides subsidies to the tune of INR 78,000 to those interested in installing solar power generating units. The subsidy structure designed for residential households and group housing societies/resident welfare associations (GHSs/RWAs) is quite attractive too.

Subsidy for residential households:

- INR 30,000/- per kW up to 2 kW
- INR 18,000/- per kW for additional capacity up to 3 kW
- Total subsidy for systems larger than 3 kW is capped at INR 78,000

Suitable rooftop solar plant capacity for households is indicated in the below table.

Average monthly electricity consumption	Suitable rooftop solar capacity
0-150 units	1-2 kW
150-300 units	2-3 kW
>300 units	Above 3 kW

Subsidy for GHS/RWA For common facilities, the subsidy amount is INR 18,000 per kW, which is inclusive of EV charging. The subsidy is available for up to 500 kW capacity (@3 kW per house) with the upper limit being inclusive of individual rooftop plants installed by individual residents in the GHS/RWA.

As of May 31, 2024, a cumulative capacity of 12.12 GW solar rooftop projects have been set up in the country. In the FY 2023/24, the overall capacity addition in the country was 2866 MW.

PLI Scheme for High Efficiency Solar PV Modules:

The Production Linked Incentive (PLI) Scheme under the National Programme on High Efficiency Solar PV Modules has started gaining traction. In 2021, 8737 MW of fully/partially integrated solar module manufacturing blossomed under Tranche-I of the scheme. Under Tranche-II, Letters of Award have been issued to 11 successful bidders in April 2023 for setting up fully/partially integrated solar PV module manufacturing capacity of 39,600 MW a year. Four manufacturers have already started module manufacturing.

Application Insights:

In the past 15 years, the cost of solar modules in India has plummeted by 82–85%, leading to a dramatic drop in tariffs from over ₹17 per unit to less than ₹2.5 per unit. This significant reduction has positioned solar energy as a highly appealing option for both residential and commercial users.

In 2023, the industrial sector emerged as the leading segment in India's solar panel market. This dominance is driven by the growing adoption of photovoltaic (PV) power distribution systems, which offer an economical and sustainable energy solution, enhancing industrial efficiency and competitiveness.

Looking ahead, the residential sector is expected to experience the fastest compound annual growth rate (CAGR) during the forecast period. Increasing awareness and acceptance of renewable energy among homeowners have fueled demand for solar PV panels in residential applications. Additionally, government policies and subsidies aimed at encouraging solar energy adoption in households have further incentivized investments in residential solar installations.

(Management estimation based on publicly available data)

Grid Insights:

The on-grid segment generated the highest revenue share in 2023, driven by state policy incentives, financial advantages, cost reductions, and extensive government support. These factors collectively foster a supportive environment for integrating solar energy into the grid, thereby encouraging the growth of commercial solar PV capacity and making solar power more accessible and cost-effective for businesses and industries.

Meanwhile, the off-grid segment is projected to achieve the highest compound annual growth rate (CAGR) of 14.2% during the forecast period. This growth is attributed to the presence of private sector off-grid systems complementing government initiatives, the untapped potential in underserved areas, and challenges posed by unreliable grid infrastructure. Off-grid solutions offer alternative electricity options, particularly in regions lacking consistent grid access. While private sector participation in these areas remains limited, there is considerable scope for expansion alongside existing government-led programs. For instance, India's Off-grid Solar PV Programme focuses on delivering solar PV-based applications to regions without reliable grid power. The program encompasses solutions like solar-powered home lighting, street lighting, power plants, water pumps, lanterns, and study lamps, with decentralized PV system targets set under the National Solar Mission.

(Management estimation based on publicly available data)

Government of India have launched various schemes to encourage generation of solar power in the country like Solar Park Scheme, VGF Schemes, CPSU Scheme, Defence Scheme, Canal bank & Canal top Scheme, Bundling Scheme, Grid Connected Solar Rooftop Scheme etc. Various policy measures are also undertaken to promote the grid connected solar power plants.

India has achieved 5th rank in the world in solar power deployment. As on 30-06-2023, solar projects of capacity of 70.10 GW have been commissioned in the country. The capacity of 70.10 GW includes 57.22 GW from ground-mounted solar projects, 10.37 GW from rooftop solar projects, and 2.51 GW from off-grid solar projects.

Global Lithium-ion battery (LIB) industry:

The global demand for lithium-ion batteries is expected to skyrocket, rising from approximately 700 GWh in 2022 to nearly 4.7 TWh by 2030. This growth is largely driven by the increasing electrification of transportation, the expansion of renewable energy infrastructure, and regulatory moves toward sustainable practices.

Lithium Ion Battery India Market Analyses

India's lithium-ion battery market is poised for remarkable growth, fueled by rising demand in electric vehicles (EVs), renewable energy storage solutions, and consumer electronics. Key players in the EV and energy transition materials sectors are making strategic investments in battery manufacturing and recycling, bolstering the country's energy material reserves.

According to the India Energy Storage Alliance (IESA), the lithium-ion battery market in India is projected to reach \$80 billion by 2030. Government initiatives such as the Faster Adoption and Manufacturing of (Hybrid &) Electric Vehicles (FAME) program and the Production-Linked Incentive (PLI) Scheme for Advanced Chemistry Cell (ACC) battery storage are pivotal in driving this expansion. Additionally, market dynamics highlight varying preferences for different battery types tailored to specific applications.

(Management estimation based on publicly available data)

Lithium-ion battery (LIB) manufacturing industry in India:

India has set a target to achieve 50% cumulative installed capacity from non-fossil fuel-based energy resources by 2030 and has pledged to reduce the emission intensity of its GDP by 45% by 2030, based on 2005 levels. The incorporation of a significant amount of variable and intermittent Renewable Energy into the energy mix presents a challenge for maintaining grid stability and uninterrupted power supply. The challenge with Renewable Energy sources arises due to their varying nature with time, climate, season or geographic location. Energy Storage Systems (ESS) can be used for storing available energy from Renewable Energy and further can be used during peak hours of the day. The various benefits of Energy Storage are help in bringing down the variability of generation in RE sources, improving grid stability, enabling energy/ peak shifting, providing ancillary support services, enabling larger renewable energy integration, brings down peak deficit and peak tariffs, reduction of carbon emissions, deferral of transmission and distribution capex, energy arbitrage etc. The cumulative demand for energy storage in India of 903 GWh by 2030, which is divided across many technologies such as lithium-ion batteries, redox flow batteries, and solid-state batteries. The lithium-ion battery market in India is expected to grow at a CAGR of 50% from 20 GWh in 2022 to 220 GWh by 2030.

Advanced chemistry cell (ACC) batteries are the foundation of future low-carbon transportation and energy systems. With assistance from government initiatives on the supply and demand sides, India's domestic ACC battery manufacturing business is growing significantly. Critical minerals supply chains, including lithium, cobalt, nickel, and spherical graphite refining for active materials, are critical to achieving local value addition in the fabrication of ACC battery electrodes.

Energy storage technologies are predicted to play a major part in the decarbonization of the electricity and transport sectors, which accounted for 49

% of India's total greenhouse gas emissions (CO₂ equivalent) in 2016. Among the several energy storage technologies available, lithium-ion batteries are anticipated to dominate the market during the upcoming decade (2021 onwards). Peak electricity demand would rise to 334 gigawatts (GW) by fiscal year 2030, with a total electricity generating need of 2,229 Billing units (BU). Thus, decarbonization of the electricity and transport industries is crucial to combating climate change. India unveiled its ambitious national goals for 2030 at the COP 26 UN Climate Change Conference, which include increasing its non-fossil energy capacity to 500 GW by 2030.

In India, the lithium-ion battery business is anticipated to experience exponential growth over the next five years (2022 onwards), and the recycling market of these batteries is estimated to be nearly 22-23 GWh in 2030. The lithium-ion battery industry in India is predicted to grow from 2.9 gigawatt hour (GWh) in 2018 to about 132 GWh by 2030 (at a CAGR of 35.5%). The discovery of the country's first lithium reserve in Jammu and Kashmir, as well as another significant reserve in Degana, Rajasthan, opens up a major prospect for local lithium production. According to the Geological Survey of India (GSI) and mining officials, the lithium deposits in these reserves are large enough to supply nearly 80% of India's overall demand.

OVERVIEW

We are engaged into designing and assembling of power back-up and advanced solar power products such as Home UPS systems, solar inverters, solar power conditioning units (PCUs), solar charge controllers. We are also engaged in the trading of solar panels and batteries. We sell our products through our distributors within India. We also export our products except solar panels outside India. We generate approximately 66.51% of our revenue through domestic sales and 33.49% of our revenue through exports. Currently, our Company is operating in 23 states and 2 union territories within India and has also established global footprint in over 17 countries which includes Middle East, Africa, and South Asia region.

Our Mission & Vision

With a mission to propel society towards a sustainable energy future, our Company is committed to leveraging cutting-edge technology and innovative designs to provide affordable, efficient, and environmentally friendly energy solutions. Our Company's slogan is, “*Fusion is the Future*” reflects its vision of harnessing the power of renewable energy sources, especially solar power, to meet the growing energy demands of households and industries alike. Our Company aims to contribute significantly to the global shift towards renewable energy, particularly in developing regions where energy access is critical for economic development. As part of this vision, Smarten is committed to expanding its presence beyond India into global markets, focusing on Asia, Africa, and the Middle East.

Details of Incorporation

Our Company was originally incorporated on July 30, 2014 as a private limited company as “*Smarten Power Systems Private Limited*” vide registration no 52897 under the provisions of the Companies Act, 2013 with the Registrar of Companies, Delhi. Subsequently, pursuant to a special resolution passed by the Shareholders at their Extra - Ordinary General Meeting held on October 25, 2024. Our Company was converted from a private limited company to public limited company and, consequently, the name of our Company was changed to “*Smarten Power Systems Limited*” and a Fresh Certificate of Incorporation consequent to conversion was issued on November 20, 2024 by the Central Processing Centre. The Corporate Identity Number of our Company is U31401HR2014PLC052897 and the registered office of our Company is situated at 374, 1st Floor, Pace City-2, Sector 37, Gurgaon, Haryana – 122001.

Our Promoters

Our Company is promoted by four individual Promoters namely Arun Bhardwaj, Rajnish Sharma, Ravi Dutt, Tirath Singh Khaira with a motive of providing efficient and low-cost power solutions by assembling and trading various products such as Home UPS systems, solar inverters, solar power conditioning units (PCUs), solar charge controllers, solar panels and batteries. Our Promoters, who have an average experience of more than two decades in the power-backup industry are supported by an experienced and professional management team and by a workforce of 238 permanent employees as of November 30, 2024. We believe that the collective experience and capabilities of our Promoters and management team and strong workforce enable us to understand and anticipate market trends and manage our business operations and growth. For further details, see “Our Promoters and Promoter Group” on page 182.

Our Products

Our Company deals in Home UPS systems, solar inverters/solar power conditioning units, solar panels and batteries which constitute a significant portion of our revenues.

The product wise bifurcation of revenue from sale for the three months period ended June 30, 2024 and for financial year ended March 31, 2024, March 31, 2023, March 31, 2022 are as follows:

Infrastructure

A. Present

Our Company operates through a robust infrastructure designed to support its growing production needs and extensive product offerings. Our registered office which has been taken on a leased basis is located at 374, 1st Floor, Pace City – 2, Sector 37, Gurgaon, Haryana admeasuring 450 sq. mtrs. for conducting back-end operations such as sales, marketing, accounts, HR, customer service and transformer assembling to ensure smooth running of all business operations. We carry out our assembling operations at our leased premise admeasuring 22,500 sq. ft. located at Plot no. 521, Sector 37, Pace City – II, Gurgaon-122001, Haryana for conducting key activities such as operations management, quality checks, R&D, purchasing and storage of raw materials, ensuring proximity and seamless coordination with our customers. Additionally, we also operate a dedicated 7,500 sq. ft. warehouse situated at Khasra No. 1395, 37th Milestone, near Hero Honda Chowk, National Highway 8, Gurugram-122002, Haryana for providing logistics access for the storage and dispatch of finished goods, which allows our Company to efficiently manage large-scale shipments for both domestic and international markets.

B. Proposed

Our Company is currently in the process of expanding the infrastructure by building a manufacturing unit at our acquired premise admeasuring 3892.937 sq. mtrs. located at Plot no. 3, Street no. 2, Sector 7A, Model Economic Township (MET), Jhajjar Haryana for conducting assembling operations of our products such as Home UPS systems, solar inverters, solar power conditioning units (PCUs) and solar charge controllers which is currently under construction. This facility is situated at the upcoming MET which will benefit us due to the strategic location

within the National Capital Region (NCR), offering excellent connectivity via the KMP Expressway and proximity to the Delhi-Mumbai Industrial Corridor (DMIC) and also enhances logistical efficiency and access to key markets. The MET is designed with robust infrastructure, including 220 KV substations and reliable water supply, while being close to the Indira Gandhi International Airport, facilitating smooth transport and faster delivery times. Additionally, the integrated ecosystem at MET, which includes residential and commercial facilities, ensures access to a skilled workforce and long-term operational sustainability. This facility is expected to become operational in H1 of Fiscal 2026 which will significantly enhance our Company's production capacity, incorporating advanced manufacturing, R&D and storage capabilities to meet future growth demands.

Further, our Company has entered into an Asset Purchase Agreement dated September 19, 2024 with Su-Urja Solar Systems Private Limited (the “**Agreement**”) for the purchase of movable assets of the production line of battery manufacturing unit located at land admeasuring an area of 03 Bigha 14 Biswa (74 Biswa), bearing Khatauni No. 281/321 Min, Kh No. 1979/446/2 MSRG 3-14 Bigha located at Village Bhatolikalan, Tehsil Baddi, Himachal Pradesh for a total purchase consideration of ₹ 418.90 Lakhs inclusive of applicable GST (“**Property**”). Further, our Company has also entered into an agreement to sell with Su-Urja Solar Systems Private Limited on September 19, 2024 with respect to the purchase of the Property. For further details, see “*Objects of the Offer*” on page 89.

Production

Currently, our Company's infrastructure enables the production of Home UPS systems, solar inverters, solar power conditioning units (PCUs) and solar charge controllers around 600 units per day, with the capacity to increase 1200 units per day once the proposed facility at MET becomes operational. Our manufacturing setup is designed to handle low, medium, and high-capacity units, offering the flexibility to meet a wide range of customer needs and market demands.

Our Company's current facility located at Plot No. 521, Sector 37, Pace City – II, Gurgaon-122001, Haryana handles a wide range of operations, including R&D, product design, quality assurance, and the storage of raw materials. Smarten has also adopted stringent quality control measures, emphasizing our Company's focus on excellence. Our in-house R&D has enabled us to develop application centric products.

We carry out our assembling and trading business of our products under our brand  and the patent registered in the name of our Company. Our products cater to a wide variety of customer segments, from individual households to large-scale commercial solar projects, providing flexibility and adaptability to evolving market needs.

The detailed breakup of our domestic and export revenue and percentage of total revenue from sale of our products for the three months period ending on June 30, 2024 and for the three Financial Years ended March 31, 2024, March 31, 2023 and March 31, 2022, are set out below:

(₹ in lakhs)

Certifications

Our Company is committed to maintaining high standards of quality and environmental responsibility, as evidenced by its key certifications. We maintain a number of quality management system certificates in line with industry standards, including ISO 9001:2015 for ensuring quality management system that covers the supply of power backup products like inverters, UPS systems, home UPS units, solar product, and batteries, which underscores our Company's dedication to consistent product quality and customer satisfaction. Additionally, our Company has also received the ISO 14001:2015 certification reflecting its proactive approach to environmental management, highlighting our commitment to minimize environmental impact and aligning with global standards for sustainability. Together, these certifications reinforce our Company's reputation as a quality-focused and environmentally responsible company, building trust among customers, partners, and stakeholders.

Our Subsidiary and Group Company

As on the date of filing of the Draft Prospectus, our Company has one Subsidiary namely Smart Store International Private Limited which was incorporated on April 12, 2021 under the Companies Act, 2013 bearing Corporate Identity Number U51909HR2021PTC094361 and having its registered office at Plot No. 374, Sector-37, Gurgaon, Haryana 122001. Our Subsidiary Company was incorporated to engage in online and offline trading activities of inverters, solar panel, solar products, batteries and other allied power backup products. We also have one Group Company and Promoter Group Entity namely Nitant Global Private limited (“NGPL”) which was incorporated on May 29, 2017 under the Companies Act, 2013 bearing corporate identity number U74999HR2017PTC069256 and having its registered office is Plot No. 374, 2nd Floor, Pace City- II, Sector- 37, Gurgaon, Haryana. Our Group Company, NGPL is engaged into a wide range of activities related to the production, processing, distribution, and sale of food and beverage products, both in India and abroad.

OUR STRENGTHS

Our Company has grown significantly in the power backup and solar solutions industry by capitalizing on its core strengths. These advantages have established our Company as a key player in the North Indian market, with presence in international markets. The following are the key strengths that set our Company apart:

Innovative Product Range and Technological Advancements

Our Company has built a portfolio of over 372 SKUs, offering products across six distinct categories including home UPS systems, solar inverters, solar power conditioning units (PCUs), solar charge controllers, solar panels, and batteries. Our products cater to a wide variety of customer segments, from individual households to large-scale commercial solar projects, providing flexibility and adaptability to evolving market needs.

Our Company's sine-wave technology gives it a distinct edge over conventional square-wave inverters. Sine-wave inverters are quieter, safer for sensitive electronics, and more efficient in managing power surges and fluctuations. Our Company has further embraced PWM and MPPT-based solar charge controllers, which provide superior energy management for solar installations.

Strong Research and Development (R&D) Capabilities

Our Company's success is its focus on research and development. Our R&D team consists of seven members who plays a critical role in maintaining its competitive advantage by continuously improving product quality, efficiency, and innovation. Our commitment to R&D has enabled our Company to consistently deliver new product innovations and stay ahead of industry trends. Our R&D team comprises seasoned experts in power electronics, with a strong background in power conversion, inverter design, and energy storage systems and have over a decade of experience in developing efficient and reliable power systems, showcasing their technical depth and industry knowledge.

Our R&D team has developed cutting-edge power solutions such as MPPT-based inverters, high-efficiency converters, and charge controllers, significantly reducing energy waste and enhancing operational efficiency. For instance, Smarten's Bravo Series UPS and Nova Series Premium UPS have been designed with features like smart charging during low voltage conditions, protection for sensitive appliances, and noiseless operation, which differentiate them from generic offerings in the market. These innovations align with consumer demands for intelligent, efficient, and cost-saving solutions in an environment where power outages are frequent. Additionally,

their research in power density has led to the development of compact, high-power systems, setting new benchmarks in space-efficient design.

Our R&D team has played a pivotal role in developing solutions that meet the growing demand for efficient and reliable energy systems. Our strategic focus on renewable energy integration has resulted in innovations that enhance the efficiency and reliability of solar, wind, and energy storage systems, contributing to a cleaner, more sustainable energy ecosystem. In addition to our core products, our Company has expanded its focus to smart energy management systems such as solar power conditioning units kits that optimize power consumption between solar panels and the grid. Our Company's innovations are designed to cater to evolving consumer expectations in both the domestic and international markets, such as integrating smart features like app-based monitoring.

Extensive Distribution and After-Sales Service Network

Our Company has established a distribution network across India and internationally, ensuring its products are widely accessible in key markets. Our Company's reach spans across 23 states and 2 union territories within India, supported by an extensive network that includes 347 distributors and 49 service centres catering to after sales service to resolve the complaints of the customers. We also have a reach outside India comprising of 33 distributors. Our network is our core strength, enabling our Company to remain competitive with both organized and unorganized players in the power backup market.

Presently, over 62% of our Company's total revenue is generated from domestic markets, with around 95% of this domestic revenue coming from the north zone, covering states such as Haryana, Uttar Pradesh, Rajasthan, Delhi, Jammu and Kashmir, and Punjab. This strategic focus on high-demand regions reinforces our Company's strong foothold in the industry and supports the ongoing expansion of its market presence across India.

The detailed state wise breakup of our domestic revenue and percentage of total revenue is mentioned below:

International Presence:

Beyond India, our Company have established its global footprint in 17 international markets, with a strong presence in Nigeria, West African countries, Nepal, Bangladesh, the UAE and Yemen. Our Company's international expansion is driven by strategic relationships with over 33 international distributors who support a steady flow of exports. Our global footprint is not only a testament to our Company's product quality and reliability but also to its commitment to offering accessible, efficient power solutions in developing and emerging markets.

Our Company's exports are facilitated by its logistics support, ensuring that products reach international markets efficiently and reliably. With plans to continue growing our international footprint, we are well-positioned to expand our market share in regions where clean and reliable power solutions are increasingly valued, which strategy aligns with our vision of promoting renewable energy on a global scale, reinforcing its role as a trusted provider of sustainable power solutions in international markets.

*As certified by Mahesh Yadav & Co., Chartered Accountants, Statutory Auditor pursuant to their certificate dated December 27, 2024.

The average revenue generated per distributor in international markets is approximately over ₹ 2,00,00,000. Our Company looks forward to further expand in Zambia, Burkina Faso, Burundi, and Tanzania to expand their presence in the international markets. As part of our initial phase, we have already shipped product samples to

Burkina Faso and Burundi, which plays a pivotal role in understanding the market and its demand, building relationships with distributors, and establishing a foothold in these markets. Our approach will focus on forming strategic alliances with local distributors, establishing distribution networks, and enhancing brand recognition to ensure a strong market presence and long-term success.

After-Sales Service:

Our Company provides comprehensive and rapid after-sales service to ensure a seamless experience for customers making one of the key differentiator for our Company. We have built a robust support network with 49 service points nationwide and 73 in-house service engineers dedicated to quick and efficient issue resolution.

Our approach to after-sales service goes beyond basic support, with our Company implementing innovative customer care solutions that address common industry pain points, such as delayed response times and limited support coverage. Our 24/7 customer care offers proactive support, while the on-site service facility ensures that trained technicians are available when and where they are required. This customer-centric service framework is integral to Smarten's brand, fostering loyalty and setting it apart from competitors in the power backup industry.

Moreover, our strong distribution network enhances its after-sales service efficiency, allowing our Company to respond swiftly to support requests across both urban and remote areas. This extensive reach and responsiveness build trust with our customers and reinforce our reputation as a reliable partner in power solutions. With our high standard of service, our Company goes beyond merely addressing immediate customer needs. This commitment builds a strong foundation for enduring customer relationships, essential in a market where the quality of support is a decisive factor in customer loyalty and satisfaction.

After-Sales and Complaint Resolution Process

Customers initiate complaints by contacting the Company by providing basic details. The team at centralized Customer Delight Centre acknowledges, registers and provides the customer with immediate feedback regarding each complaint. The team also suggests possible initial troubleshooting steps, if applicable, and outlines the expected resolution timeline. Once a complaint is registered, it is automatically assigned to a field engineer in the relevant area through a mobile application. The assigned field engineer schedules an appointment at a convenient time which helps manage customer expectations and ensures a smooth complaint resolution process. The Customer Delight Centre stays in touch with both the customer and the field engineer throughout the complaint journey, providing updates to the customer and support to the engineer if required. This integrated system ensures consistent communication and transparency.

The Customer Delight Centre follows up with the customer throughout the complaint resolution process, providing updates and ensuring the customer is informed of any delays or requirements. In-warranty repairs are prioritized, while out-of-warranty customers are informed of applicable charges. The Company conducts regular analyses of product failures to identify common issues and implement preventive measures, improving product reliability over time. A Customer Satisfaction dashboard monitors feedback and complaint resolution times, providing insights into service quality and areas for improvement. Service CRM software is used to track service requests, manage customer information, and monitor complaint resolution, facilitating an efficient and organized after-sales process. Regular training programs and service audits ensure that field engineers and service personnel maintain high standards of quality, stay updated on product knowledge, and adhere to company protocols. MIS (Management Information System) oversees product failure, customer satisfaction, and feedback analysis, ensuring continuous improvement.

This structured process ensures efficient, high-quality after-sales service, aiming for prompt complaint resolution and customer satisfaction.

Vendor Relationships and Supply Chain Efficiency

Our Company has developed and maintained strategic relationships with both domestic and international vendors, ensuring a steady supply of high-quality raw materials and components essential for its product offerings. By partnering closely with over 100 domestic suppliers, Smarten mitigates risks of production delays and ensures timely procurement, which is crucial for maintaining its operational flow and meeting customer demands. These partnerships enable our Company to source from vendors with in-house production capabilities, reducing the potential for defective components and minimizing lead times.

We purchase raw materials for our assembling operations from our key vendors, ensuring efficiency and consistency. To avoid over-reliance on any single supplier, we maintain multiple vendors for each category of

component or traded products, which strengthens supplier bargaining power and provides greater supply chain resilience.

The strategic positioning of many vendors within the National Capital Region (NCR) for critical components further streamlines logistics, enabling us to minimize transportation delays and optimize costs across the supply chain. Through these well-orchestrated relationships, we not only sustain our operational efficiency but also strengthens its market position by delivering high-quality products to meet evolving customer expectations.

Experienced Leadership and Operational Expertise

Our leadership structure is designed for both efficiency and growth, with each director overseeing specific areas of responsibility. Our specialized approach leverages each director's expertise, enabling our Company to uphold high standards across divisions such as R&D, manufacturing, sales, and international expansion. By ensuring focused oversight within each department, we foster greater accountability and agility, positioning ourselves to adapt effectively within a competitive market.

While experienced leaders provide strategic direction, our young workforce, totalling 238 employees, brings agility and innovation to our Company's daily operations. Our young team is highly adaptable, embracing evolving market trends and driving continuous improvement in product development and customer solutions. This blend of seasoned leadership and young talent not only enables us to implement innovative practices and respond to market changes effectively but also positions our Company to achieve sustainable growth while maintaining quality and customer satisfaction. The collaborative environment at our Company lays the groundwork for long-term resilience and growth across both domestic and international markets.

OUR STRATEGIES

We are focused on a multi-faceted growth strategy that encompasses product diversification, geographic expansion, and capacity enhancement which are designed to strengthen our market position, meeting evolving consumer needs and align with the increasing demand for innovative and reliable power backup solutions. By strategically investing in these areas, we aim to ensure long-term resilience and expand our footprint across both domestic and international markets.

Capacity Expansion

As part of our strategic growth plan, we are investing in a significant capacity expansion by building a manufacturing unit at our acquired a premise admeasuring 3892.937 sq. mtrs. located at Plot no. 3, Street no. 2, Sector 7A, Model Economic Township (MET), Jhajjar, Haryana for conducting assembling operations of our products such as Home UPS systems, solar inverters, solar power conditioning units (PCUs) and solar charge controllers, which is currently under construction. Our proposed facility is expected to become operational in H1 of Fiscal 2026 which will significantly enhance our Company's production capacity, incorporating advanced manufacturing, R&D and storage capabilities to meet future growth demands. This proposed facility located within MET is set to double our Company's production capacity from 600 units to 1,200 units per day upon completion, enhancing our ability to meet growing market demand. Once operational, the proposed facility will allow us to consolidate operations by relocating its registered office and assembling unit, streamlining production into an advanced manufacturing hub including conducting other operational activities.

The proposed facility which is designed to integrate advanced technology, procured to support advance manufacturing processes. Our proposed facility will enhance production efficiency, reduce lead times, ensure high-quality output, reinforcing our commitment to stringent quality standards and operational excellence.

Beyond expanding production capabilities, the proposed facility will consist of enhanced R&D supporting product innovation. Our proposed facility is situated at the upcoming MET which will benefit us due to the strategic location within the National Capital Region (NCR) offering excellent connectivity via the KMP Expressway and proximity to the Delhi-Mumbai Industrial Corridor (DMIC) and also enhances logistical efficiency and access to key markets. The MET is designed with robust infrastructure, including 220 KV substations and reliable water supply, while being close to the Indira Gandhi International Airport, facilitating smooth transport and faster delivery times. Additionally, the integrated ecosystem at MET, which includes residential and commercial facilities, ensures access to skilled workforce and long-term operational sustainability. By bolstering supply chain efficiency and positioning our Company for scalable growth, this proposed new manufacturing facility plays a critical role in advancing our Company's mission to deliver sustainable, high-quality power backup solutions across a broader geographical footprint.

Further, our Company intends to move from manual PCB testing to automated PCB testing process to optimize efficiency and accuracy in verifying the quality of PCB assemblies, which integrates advanced fixtures, controllers, and data management solutions to ensure a seamless and repeatable workflow. The first stage of the automated process involves positioning and securing the PCB assembly within a custom-designed test fixture. The test fixture establishes reliable electrical connections to all required test points, enabling accurate data collection during subsequent test routines. In addition to the above, the automated assembly line final test process is also under development to optimize efficiency and accuracy in testing inverters while ensuring flexibility for fallback manual testing, which integrates upgraded test fixtures, advanced controllers, real-world condition simulations, and comprehensive data management solutions to streamline the testing workflow and enhance product quality thereby ensuring a robust and reliable testing platform while retaining manual testing capabilities as an option.

Backward Integration

Our Company derives a significant portion of its revenues from sales of lead-acid batteries, which form a crucial component of the power backup systems installed by our customers. Currently, the Company assembles Home UPS/Inverters in-house, while lead-acid batteries are sourced from external vendors. This dependency on suppliers poses challenges in terms of ensuring consistent quality, timely delivery, and cost predictability. In order to overcome this dependency and as part of its strategic growth initiatives, our Company intends to enter into manufacturing of lead-acid batteries, in addition to its current operations in which it primarily procures and supplies inverter batteries.

In order to fulfil this strategy, our Company has entered into an Asset Purchase Agreement dated September 19, 2024 with Su-Urja Solar Systems Private Limited (the "**Battery Manufacturer**") for purchase of movable assets of the production line of battery manufacturing unit located at land admeasuring an area of 03 Bigha 14 Biswa (74 Biswa), bearing Khatauni No. 281/321 Min, Kh No. 1979/446/2 MSRG 3-14 Bigha located at Village Bhatolikalan, Tehsil Baddi, Himachal Pradesh for a total purchase consideration of ₹ 418.90 Lakhs inclusive of applicable GST. The aforesaid facility, which is fully operational and currently supplies a significant portion of our Company's battery requirements, includes modern equipment and machinery capable of producing up to 8,000 batteries per month in various capacities, ranging from 20AH to 250AH, ensuring no disruption in supply. Further, our Company has also entered into an agreement to sell with the Battery Manufacturer on September 19, 2024 with respect to the purchase of the said land.

The proposed purchase of movable assets of the production line of battery manufacturing unit will not only enable our Company to integrate battery production into its operations, enhancing our product offerings and providing greater control over quality and supply chain management in its battery segment but also align with our goal to cater to the growing demand for reliable power backup solutions thereby allowing our Company to expand into manufacturing without substantial setup time. This will eventually help in expanding into lead-acid battery manufacturing which will allow our Company to achieve a crucial shift in its business model by reducing its dependency on external suppliers for inverter batteries. By purchasing the movable assets of the production line of battery manufacturing unit from the Battery Manufacturer, our Company gains direct control over the production of one of its key product components i.e. lead-acid batteries, thereby integrating a critical part of its supply chain, which will not only ensures consistent and reliable supply of batteries but also safeguards our Company from potential supply chain disruptions and price fluctuations that could impact its operations and profitability.

By producing inverter batteries in-house, our Company can maintain strict quality control standards across its entire product line, further reinforcing its brand's reputation for reliability and excellence. This vertical integration strategy enhances our Company's ability to innovate and customize its battery solutions to align with specific

market requirements, providing a competitive edge as our Company can now rapidly respond to technological advances and consumer preferences. The flexibility to modify battery specifications and integrate them seamlessly with Smarten's UPS systems, solar inverters, and other power backup products creates a unique synergy, positioning our Company as a comprehensive power solutions provider.

Additionally, the strategic benefits of this purchase extend beyond operational efficiencies. Upon internalizing battery production, our Company expects to achieve cost savings on procurement and thereby improve its profit margins by eliminating intermediary costs associated with third-party suppliers, which will enable our Company to offer competitively priced products, appealing to price-sensitive segments in both domestic and international markets.

Furthermore, direct battery manufacturing will allow our Company to eventually expand its product portfolio into higher-margin battery solutions and explore new product segments, such as high-capacity batteries for industrial applications, thereby diversifying its revenue streams. The proposed purchase of movable assets of the production line of battery manufacturing unit also supports our Company's long-term growth strategy by providing greater control over production timelines, ensuring that our Company can scale production to meet increasing demand without reliance on supplier schedules. This operational independence enhances our Company's resilience against market fluctuations and potential supply chain disruptions, ensuring our Company remains agile in a competitive landscape. Further, with this eventful expansion into battery manufacturing represents a foundational shift that strengthens our Company's market positioning and future-proofs its business by securing a critical component in its supply chain and lays the groundwork for our Company to eventually expand its footprint in the renewable energy and power backup markets with an end-to-end solution, offering both product consistency and cost-effective pricing to its growing customer base.

Geographic Expansion

Our Company is planning for robust geographical expansion designed to diversify its revenue streams, mitigate regional dependence, and position itself for long-term, sustainable growth both domestically and internationally.

Currently, approximately 95% of our domestic revenue comes from North India, which highlights the need for a more diversified revenue model. In order to further strengthen our market position, we are proactively expanding our presence in East, West and South India, which will significantly reduce reliance on the northern region and allow us to penetrate into high-growth markets, enabling a more balanced and robust revenue base across the country. By focusing on these regions, our Company is not only securing its position in the existing markets but also capitalizing on emerging demand and building strong local networks to drive future growth. On the international expansion, we are taking steps to expand into Zambia, Burkina Faso, Burundi, and Tanzania markets with substantial potential for growth, which strategy includes carefully planned market entry with an emphasis on long-term partnerships and local collaborations, ensuring sustainable market penetration. In fact, as part of our initial phase, we have already shipped product samples to Burkina Faso and Burundi, which will play a pivotal role to understand and analyse market demand, building relationships with distributors and establishing a foothold in these markets.

PRODUCT OFFERINGS

Our Company provides a comprehensive range of high-quality power backup and solar energy solutions, catering to both residential and commercial needs. Smarten takes a hands-on approach, designing and assembling most of its core products, including Home UPS systems, Solar Inverters, Solar Charge Controllers, Solar PCU Kits, and their related components. For Solar panels and Inverter batteries, however, we leverage a trusted network of suppliers, procuring and supplying these items under the Smarten brand. This approach allows us to maintain rigorous quality control over our key products while ensuring we offer a complete and reliable product lineup to meet diverse energy needs.

Our product offerings are as follows:

1. Home UPS Systems

Smarten's Bravo Series and Nova Series inverters are known for their technological superiority and reliability. These inverters provide pure sine-wave output, ensuring that even sensitive appliances like computers and medical equipment are safely powered during outages.

Bravo Series

- Bravo Series: Available from 300VA/12V to 10KVA/120V, the Bravo series features smart charging down to 90V mains input, an inbuilt stabilizer, and comprehensive protection against short circuits, reverse polarity, and overcharging. These inverters are equipped with advanced DSP control technology, enabling noiseless operations and the ability to support heavy loads like air conditioners, geysers, and dental chairs. The Bravo Series also offers an MCB for mains protection and an Liquid Crystal Display (LCD) display for easy monitoring of status.

Nova Series

- Nova Series: This series combines performance with premium design, featuring an LCD display for real-time updates on battery status, load percentage, and mains voltage. With its pure sine-wave technology and smart charging at low voltage (as low as 90V), the Nova Series ensures optimal performance under all conditions. It is available in a range from 700VA/12V to 10KVA/120V.

2. Solar Inverters (Off grid) / Solar Power Conditioning Units (PCUs)

Smarten's Solar PCU range is engineered for solar power integration, designed to prioritize solar energy over grid power to reduce electricity costs. These hybrid inverters combine the functions of both inverters and UPS systems, making them ideal for areas with frequent power outages.

- **Superb and Trendy Series (“MPPT Technology”):** The Superb Solar PCU is equipped with Maximum Power Point Tracking (“MPPT”) technology, which enhances energy efficiency by 30% and supports up to eight batteries, providing reliable power for heavy loads like ACs, petrol pumps, and photocopiers. The unit offers smart charging even at low voltage and includes comprehensive protection against short-circuits, reverse polarity, and overcharging. Additionally, the grid charging enable/disable option helps in managing electricity consumption.
- **Saver, Shine and Boom Series (“PWM Technology”):** These PCU models are designed with Pulse Width Modulation (“PWM”) technology for efficient power management which support various battery configurations and feature automatic changeover between solar and grid power. The series ensures high system reliability and low-noise operations, making them suitable for residential and small commercial setups.

3. Solar Charge Controllers

Smarten offers PWM and MPPT based solar charge controllers, which regulate the power flow from solar panels to batteries, ensuring efficient energy storage.

- **Prime Series (“MPPT Technology”):** These advanced controllers optimize solar power usage, offering up to 30% higher efficiency than conventional PWM controllers. The controllers are available in 12V/24V-50A configurations and feature grid control, enabling users to reduce their dependency on grid power.
- **Savior Series (“PWM Technology”):** These controllers offer battery discharge level control (20%, 30%, 40%, 50%) and are available in a range from 12V/25Amp to 120V/50Amp. They also support wall mounting for flexible installation.

4. Solar Panels

Smarten's bifacial, monocrystalline and polycrystalline solar panels are built to withstand extreme weather conditions, making them highly durable and efficient.

- Bifacial Solar Panels (Non- DCR): Designed to capture sunlight on both sides, these panels utilize direct and reflected light to increase energy output. With advanced technology and high efficiency, they are ideal for installations requiring optimized performance and reliable power generation.

- Bifacial Solar Panels (DCR): These panels enhance energy production by absorbing sunlight from both surfaces while meeting domestic content requirements. They offer high efficiency and are suitable for projects that prioritize superior performance alongside compliance with local standards.

- Monocrystalline Solar Panels: Known for their high efficiency (2-2.5% more efficient than polycrystalline panels), these panels are ideal for applications where space is limited. Available in 380W configurations, they provide reliable performance over extended periods.

- Polycrystalline Solar Panels: Designed to be cost-effective, these panels offer reliable power generation across a variety of climates. They are built to last for more than 25 years, providing a sustainable solution for solar power generation.

5. Inverter Batteries

Smarten's battery offerings are tailored for both solar and non-solar applications, aimed at providing long-lasting power storage solutions.

- Lithium-ion Batteries: The advanced lithium-ion battery technology provides solar solutions with high energy density, long cycle life, efficient energy utilization, robust safety features, and fast-charging capabilities, ensuring reliable and durable energy storage.
- Saver Series Solar Tubular Batteries: Known for their high-power selenium technology, these low-maintenance batteries are designed to be compatible with all brands of solar inverters. They offer a reliable and durable solution for residential and commercial solar setups.
- Bravo Series Tubular Batteries: These batteries are manufactured using high surge current handling technology, making them ideal for high-demand power backup systems. They are designed for deep discharge recovery, ensuring prolonged life even under heavy usage.

Among the products mentioned, our company sources solar panels and batteries from local vendors in India and resells them under its own brand name. This approach allows us to offer a comprehensive range of products while maintaining brand consistency and market presence.

*As certified by Mahesh Yadav & Co., Chartered Accountants, Statutory Auditors vide their certificate dated December 27, 2024.

Our Company's commitment to research and development has led to the introduction of several differentiated products in the market, such as the PWM Solar PCU Kits, MPPT-based Solar UPS systems, and smart energy management features across their product lines.

CURRENT PRODUCTION PROCESS

Step 1 - IQC (Incoming Quality Control)

Our Company receives the raw materials which gets logged into the system, followed by verification of supplier documents and labelling for traceability. Sampling is conducted based on standards, and quality checks are performed to ensure compliance with specifications. Approved raw materials are moved to inventory, while rejected ones are marked for return or disposal.

Step 2 - PPC (Production planning and control)

The process starts with receiving sales orders or demand forecasts, followed by analyzing demand to determine production quantities based on forecasts, inventory, and backlog. A production schedule is then created, and work orders with detailed instructions are issued to guide production activities.

Step 3 - Kit verification

The kit verification process begins with receiving a work order specifying production requirements and gathering components as per the Bill of Materials (BOM). Items are labelled, organized systematically, and the kit status is documented in the inventory system. Finally, the verified kit is transferred to the production area for a seamless assembly process.

Step 4 - Base fitting

The process begins with organizing the workspace and gathering necessary components and tools. The base is inspected, positioned, and secured using specified fasteners, followed by torque verification and quality check which ensures proper alignment and stability, with adjustments made if needed. The inverter base fitting is then marked as complete, ready for the next production step.

Step 5 - Back Plate Wiring and Battery Wire Fitting

Review the wiring diagram and cut, label, and fit wires with connectors before positioning and routing them on the back plate and thereafter make connections according to the diagram, followed by a continuity test and quality inspection to ensure correctness. Once verified, mark the wiring as complete. For the battery wire fitting, position and connect the wires to the appropriate terminals, securing them with cable ties or other methods to prevent damage. Perform visual inspection and electrical testing to ensure proper connections and functionality and once approved, the fitting process is marked complete, ready for subsequent assembly steps.

Step 6 - Output soldering

The output terminals and soldering tools are inspected for cleanliness and readiness. Flux is applied to the terminals and wires, and the soldering iron is preheated. Solder is then applied to form strong, conductive joints, followed by a visual inspection for consistency and an electrical continuity test ensures the connections are reliable.

Step 7 - Front Panel Assembly and Fitting

Gathering the necessary components for the front panel assembly, including the display, buttons, indicators, and ports. We inspect the front panel for defects and securely mount the display and attach the buttons and indicator lights in the correct positions and install the input/output ports into their designated slots. We then align the front panel with the inverter casing and fasten it using screws or bolts to ensure proper alignment of all components and perform a functional test to confirm the display, buttons, and ports are working as expected and, thereafter, conduct a final visual inspection to verify everything is securely mounted and functioning correctly.

Step 8 - Card fitting

All components required for the inverter card fitting, such as inverter cards, screws, and connectors and collected and then inspect the cards for any damage and ensure the mounting brackets are clean. Thereafter, the card is inserted into the designated slot or bracket, securing it with screws or bolts and connect the necessary electrical and signal wires from the card to the other components. We perform a functional test to ensure the card is working correctly.

Step 9 - Drain wire fitting

Gather the drain wire, screws, and connectors for the fitting process and inspect the wire for damage and identify the grounding point on the transformer. Attach the drain wire securely to the grounding point using a screw or bolt, ensuring a stable connection. Route the wire carefully to avoid interference with other components. Perform a continuity test to ensure the grounding connection is effective.

Step 10 - Final wiring

Gather all tools, wiring, and connectors needed for the final wiring process and verify that all components (transformers, control cards, etc.) are correctly positioned. Route wires carefully to avoid overlap or tangling, ensuring organized layout. Connect power, control, and signal wires, securing all connections. Bundle and tie wires neatly, then perform visual and electrical tests to confirm proper installation.

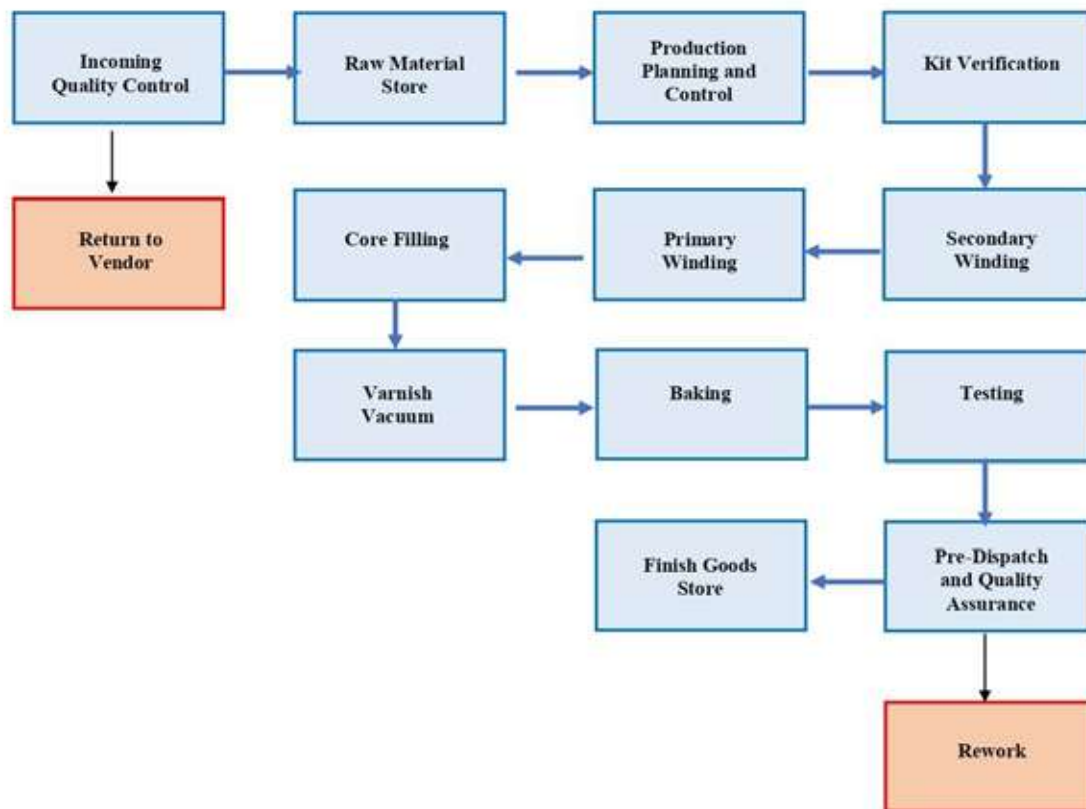

Step 11 - Preliminary Testing, Top Fitting, and Final Testing

Power on the inverter and check input/output parameters, testing efficiency, load handling, protection features, and temperature. Measure noise levels and conduct a final inspection to confirm proper functioning. If all tests pass, proceed to top fitting. Gather tools such as screwdrivers, screws, and mounting hardware, and align the top cover with the inverter frame for a proper fit. Clean the cover and ensure it is securely attached before moving on. Once the top fitting is done, conduct final testing and recheck all the parameters.

Step-12 - Professional Development and Quality Assurance (PDQA)

Gather necessary documentation and review test results. Inspect the inverter for any cosmetic defects and verify compliance with standards. Check the integrity of components and perform a brief function test and document the findings and either approve or reject the inverter based on inspection outcomes.

TRANSFORMER PRODUCTION PROCESS

Step 1 - Incoming Quality Control

We maintain rigorous incoming quality control procedures. All raw materials received are thoroughly inspected and tested against pre-defined specifications. Only materials that meet our stringent requirements are accepted into our inventory and rejected materials are promptly returned to vendors.

Step 2 - Production Planning and Control

Our production planning team aligns production with sales forecasts, customer orders, and inventory levels. This ensures efficient resource allocation, minimizes lead times, and optimizes production schedules.

Step 3 - Kit Verification

Before assembly begins, all necessary components for each transformer are gathered and verified. This “kitting” process ensures that all required parts are available and meet the specified quality standards. This pre-assembly check prevents production delays and ensures the correct components are used in each unit.

Step 4 - Core Assembly

Production begins with assembling the transformer core using laminated sheets of high-grade silicon steel stacked to form the required core shape. The core provides magnetic efficiency and minimizes energy losses.

Step 5 - Winding the Coils

Copper or aluminum wires are carefully wound around bobbins to create the primary and secondary windings. This step is semi-automated for consistency, ensuring uniform winding tension and spacing.

Step 6 - Insulation and Layering

Once wound, each layer of the coils is insulated using tape or fiberglass. The insulation material is selected based on voltage and temperature requirements to prevent electrical shorts and enhance longevity.

Step 7 - Core and Coil Assembly

The insulated windings are placed around or onto the core, secured with brackets or clamps. Proper alignment and secure fastening reduce vibrations, ensuring the assembly operates quietly.

Step 8 - Vacuum Varnishing

The transformer is placed in a vacuum chamber, where varnish is applied to thoroughly saturate the windings and insulation. This process removes air pockets, improves dielectric strength, and provides a moisture-resistant coating.

Step 9 - Oven Baking

After varnishing, the transformer assembly is oven-baked at a controlled temperature. The baking process cures the varnish, hardening it to create a robust, insulating layer that resists environmental and thermal stress.

Step 10 - Testing and Quality Control

Once the assembly has cooled, it undergoes comprehensive testing, including insulation resistance, high-voltage testing, and load performance checks. These tests ensure that the transformer meets performance and safety standards.

Step 11 - Final Assembly and Finishing

Additional components, such as terminals, connectors, and protective covers, are installed, and the unit is labeled and packaged for delivery.

CAPACITY AND CAPACITY UTILISATION

The installed capacity of Assembly line set up in Plant -374 and Plant 521 combined is sufficient to assemble 600 units a day (total of Home UPS Systems, Solar Power Conditioning Units, Solar Charge Controllers and Solar Inverters) with an annual capacity of 1,80,000 units based on conservative estimate of 300 production days on a single shift.

Particulars	FY 2022	FY 2023	FY 2024
Units Per Day (3KVA)	600	600	600
Annual Capacity	1,80,000	1,80,000	1,80,000
Units Prodced (300 va – 20 kva)	1,71,552	1,55,870	1,36,051
Capacity Utilisation*	95.31%	86.59%	75.58%

**The installed capacity is assumed to be static based on standard product mix across the years for ease of comparison. The management has confirmed that from FY 23 onwards, the Company has progressively undertaken assembly of large size products which require relatively more time for assembling but fetch higher price.*

SALES AND DISTRIBUTION

Our Company follows a multi-tiered sales and distribution model designed to efficiently reach end customers. Our sales and distribution process begins with the Company selling its products to authorized distributors, who in turn sell our Products to various dealers within their respective territories. Finally, the dealers sell our Products to the end customers, ensuring widespread availability and accessibility across various markets. Our Company has adopted this model which allows for effective market penetration while enabling our Company to leverage the local expertise of its distribution and dealer network to drive sales at the consumer level.

MARKETING OF THE BRAND

Smarten Power Systems markets its products through a combination of digital and traditional strategies to reach a broad range of customers and maintain a strong brand presence in the competitive power solutions industry.

Digital Marketing:

Our Company actively engages with customers through various social media platforms which are used to share updates, promote new products, and interact with customers directly. Our products are available on various online marketplaces, making it easier for customers to purchase their solutions from anywhere. This enhances accessibility and convenience for consumers. Our Company also uses videos, and infographics to educate consumers about their products and the benefits of using Smarten products. This content is shared across digital platforms to engage with a wider audience.

Offline Marketing:

Our Company regularly participates in industry-specific exhibitions and trade shows. These events are crucial for showcasing our latest innovations, networking with industry peers, and connecting directly with potential clients. Some of these events include Dubai Expo, Hyderabad Expo, Middle East Energy Dubai 2022, and distributor meets. Our Company has a strong network of distributors across various regions, ensuring that their products are available in both urban and rural areas, which is vital for expanding our reach and supporting local markets. Our Company collaborates with other companies and organizations within the industry to co-market products, share resources, and enhance brand credibility.

Inventory Management

As part of our Inventory management process, our sales team prepares and shares the monthly production plan forecast with the production team, which forecast includes estimated sales and production requirements for the upcoming period. Our production team evaluates the production plan and communicates the material requirements to the purchase team which help us to ensure that the necessary raw materials and components are procured in alignment with the forecast. Thereafter, our purchase department sources and arranges the required raw materials from approved suppliers, ensuring timely delivery to meet production timelines. Our production team maintains and monitors the stock levels of raw materials and finished goods and to ensure an uninterrupted operations, a minimum stock level for each item is predefined. In the event if stock levels of any item fall below the defined minimum threshold, the production team immediately notifies the purchase team to initiate restocking and accordingly, the purchase team prioritizes the procurement of the required raw materials to prevent production delays. Our production team uses the available raw materials to assemble finished goods according to the plan. Once assembled, finished goods are added to the inventory, ensuring adequate stock for customer orders. Our Company ensures that inventory levels are consistently maintained through this proactive coordination and timely procurement, which minimizes the risk of stockouts, supports seamless sales operations, and prevents potential loss of revenue.

Logistics

Our Company has established an efficient and cost-effective logistics framework to ensure timely delivery of products across diverse regions and international markets. To optimize costs, our Company works with two transporter agencies specializing in Full Truck Load (FTL) and Partial Truck Load (PTL). For every dispatch, quotations from both transporter agencies are compared, and thereafter, the shipment is assigned to the transporter agencies offering the better pricing without compromising delivery timeline for the required shipment load, which helps minimize our logistics expenses while maintaining a high standard of service. Once an order is ready for dispatch, the shipping destination determines the logistics strategy. In the northern region, deliveries are managed exclusively by the transporter agency, ensuring streamlined operations with a delivery lead time of 2-3 days. For regions in the south, west, and east, costs are evaluated between the transporter and renowned logistics agencies, based on pre-negotiated terms. The shipment is assigned to the logistics partner providing the most cost-effective solution without compromising service quality.

For export orders, the process begins once the order is confirmed, and the products are ready for dispatch. Depending on the export destination, products are dispatched to the following ports (a) Sanoli, (b) Raxaul, (c) Mundra or Nhava Sheva, depending on the county to which products are exported. Upon arrival at the port, a customs agent ensures that all formalities, including documentation and inspections, are completed and thereafter, the products are then loaded onto the designated transport vessel and dispatched to the international destination. Our Company follows this structured export process which ensures compliance with regulations and timely delivery of products to global markets.

Our Company's logistics and export strategy combines efficiency, cost-effectiveness and flexibility, ensuring timely product availability in both domestic and international markets.

Health, Safety and Environment

We are subject to national, regional and state laws and government regulations in India relating to safety, health and environmental protection. These laws and regulations impose controls on air and water discharge, noise levels, storage handling, employee exposure to hazardous substances and other aspects of our manufacturing operations. Further, our products, including the process of storage and distribution of such products, are subject to numerous laws and regulations in relation to quality, safety and health.

We are committed to maintaining high standards of workplace health and safety. While there have no instance of an accident in the past, however, we aim to become a zero-accident organisation. We believe that accidents and occupational health hazards can be significantly reduced through a systematic analysis and control of risks and by providing appropriate training to our management and our employees. In addition to creating initiatives to improve workplace employee safety, we also implement initiatives to reduce the environmental impact of our operations.

As on the date of this Draft Prospectus, we maintain a number of quality management system certificate in line with industry standards, including ISO 9001:2015 for ensuring quality management system that covers the supply of power backup products like inverters, UPS systems, home UPS units, solar product, and batteries, which underscores our Company's dedication to consistent product quality and customer satisfaction. Additionally, our Company has also received the ISO 14001:2015 certification reflecting its proactive approach to environmental management, highlighting our commitment to minimize environmental impact and aligning with global standards for sustainability.

Information Technology (IT)

Our IT systems are important to our business. We utilize Tally, an enterprise resource planning software, for basic business functions and use programmable logic controller (PLC) to manage our business processes and movement of inventory to cover key areas of our operations and accounting. For information on the risk to our IT systems, see *"Risk Factors - We do not have an information security and disaster recovery system in place. Further any failure or disruption of our IT systems may adversely affect our business, results of operations and financial condition"* on page 45.

Collaborations

As on date of the Draft Prospectus, our Company has not entered into any technical or collaborations/JVs.

Infrastructure

Infrastructure Facilities - Our Registered Office which has been taken on a leased basis is located at 374, 1st Floor, Sector 37, Pace City - II, Gurgaon-122001, Haryana. Further, our assembling unit is located at Plot no. 521, Sector 37, Pace City - II, Gurgaon-122001, Haryana. Additionally, we also operate a dedicated 7,500 sq. ft. warehouse situated at Khasra No. 1395, 37th Milestone, near Hero Honda Chowk, National Highway 8, Gurugram-122002, Haryana. Our Company is currently in the process of expanding the infrastructure by building a manufacturing unit at our acquired premise admeasuring 3892.937 sq. mtrs. located at Plot no. 3, Street no. 2, Sector 7A, Model Economic Township (MET), Jhajjar Haryana for conducting assembling operations of our products such as Home UPS systems, solar inverters, solar power conditioning units (PCUs) and solar charge controllers which is currently under construction.

Power:

We have arrangements for regular power supply at our registered office, assembling unit and warehouse.

Water:

Our registered office, assembling unit and warehouse has adequate water supply arrangements for human consumption purposes. The requirements are fully met at the existing premises.

Internet

Our registered office, assembling unit and warehouse are well equipped with computer systems, internet connectivity, other communication equipment, security and other facilities, which are required for our business operations to function smoothly.

Insurance

Our operations are subject to risks inherent to our business such as risk of equipment failure, work accidents, fire, earthquakes, flood and other force majeure events, acts of terrorism and explosions including hazards that may cause injury and loss of life, severe damage to and the destruction of property and equipment and environmental damage. Our significant insurance policies consist of united value udyam suraksha policy, burglary policy and marine cargo open policy.

The table below sets forth particulars of our insurance coverage basis as at the dates indicated:

Sr. No.	Type of Policy	Policy number	Name of Insurer	Period Covered	Sum Insured (₹)	Insured Assets

Intellectual Property Rights

Our Company places strong emphasis on protecting its brand identity and innovative designs through various

intellectual property rights. The trademark registration for our brand logo , reinforces our identity within the power solutions market. The trademark, listed under Trademark No. 2799169, covers a broad range of product categories in Class 9, which includes inverters, UPS systems, solar charge controllers, solar panels, and batteries, among others, ensuring brand protection across our extensive product lineup. The trademark registration prevents unauthorized use of Smarten's brand identity and bolsters its position, enabling it to expand confidently under a protected and recognized brand.

Additionally, we have secured the design registrations bearing design number 265694 under Class 13-02 on September 15, 2014 with the Controller general of Patent, Designs and Trade Marks Government of India for the unique design of its Inverter front cover (*as depicted below*) which safeguards the distinctive shape, configuration, and surface pattern of our product, ensuring exclusive rights over this design and preventing imitation by competitors.

**Our Company is yet to file application with the Patent Office for change of name in the registrations from Smarten Power Systems Private Limited to Smarten Power Systems Limited.*

The aforesaid registered designs not only adds to the brand's visual identity but also enhances product recognition and customer trust in Smarten's commitment to quality and innovation. These protections not only enhance our Company's competitive advantage but also build long-term value, allowing our Company to differentiate its offerings through unique product designs and a strong brand presence. This proactive approach to intellectual property underscores our Company's strategic focus on sustainability, innovation, and leadership in the power backup markets.

Properties

As on the date of this Draft Prospectus, we operate our business from the following properties as listed below:

For details, see “*Objects of the Offer*” on page 89.

Legal Proceedings

For details on any outstanding litigation against our Company, our Directors and our Promoters, see “*Outstanding Litigation and other Material Developments*” on page 215.

Corporate Social Responsibilities

As per provision of Section 135 of the Companies Act, 2013, we are required to spend at least 2% of the average profits of the preceding three fiscal years towards Corporate Social Responsibility (“CSR”). Accordingly, our Board of Directors has constituted a CSR Committee for carrying out the CSR activities.

In Fiscal 2024, we contributed to the PM Cash Fund.

The table below sets forth the amounts we spent on CSR for periods indicated:

(₹ in lakhs)			
Particular	Fiscal 2024	Fiscal 2023	Fiscal 2022
CSR Expenses	16.75 [#]	-	-

[#]Out of ₹ 16.75 Lakhs contributed towards CSR for Fiscal 2024, our Company has paid an amount of ₹ 10.29 Lakhs for Fiscal 2024 and an amount of ₹ 6.46 Lakhs which accounted for Fiscal 2023.

KEY INDUSTRY REGULATIONS AND POLICIES

The following description is a summary of the relevant laws, regulations and policies as prescribed by the Government of India and other regulatory bodies that are applicable to our business. The information detailed in this chapter has been obtained from publications available in the public domain. The description of the applicable regulations given below has been set out in a manner to provide general information to the investors and is not exhaustive and shall not be treated as a substitute for professional legal advice.

The statements below are based on current provisions of Indian law, and the judicial and administrative interpretations thereof, which are subject to change or modification by subsequent legislative, regulatory, administrative or judicial decisions. For details of government approvals obtained by us, see “Government and Other Approvals” on page 221.

Set forth below are certain significant legislation and regulations which generally govern the business and operations of our Company:

A. INDUSTRY RELATED LAWS

The Electricity Act, 2003

The Electricity Act is the central legislation which covers, among others, generation, transmission, distribution, trading and use of electricity. Under the Electricity Act, the transmission, distribution and trade of electricity are regulated activities that require licenses from the Central Electricity Regulatory Commission (CERC), the State Electricity Regulatory Commissions (SERCs) or a joint commission (constituted by an agreement entered by two or more state governments or the central government in relation to one or more state governments, as the case may be).

The generating company is required to establish, operate and maintain generating stations, tie-lines, sub-stations and dedicated transmission lines. Further, the generating company may supply electricity to any licensee or even directly to consumers, subject to availing open access to the transmission and distribution systems and payment of transmission charges, including wheeling charges and open access charges, as may be determined by the relevant electricity regulatory commission. In terms of the Electricity Act, open access means the non-discriminatory provision for the use of transmission lines or distribution system or associated facilities with such lines or system, by any licensee or consumer or a person engaged in generation in accordance with the regulations specified by the relevant electricity regulatory commission.

Under the Electricity Act, the appropriate commission shall specify the terms and conditions for the determination of tariff, and one of the guiding factors in doing so shall be the promotion of co-generation and generation of electricity from renewable sources of energy. The SERCs under the Electricity Act are also required to promote co-generation and generation of electricity from renewable sources of energy by providing suitable measures for connectivity with the grid and sale of electricity to any person, and also specify, for purchase of electricity from such sources, a percentage of the total consumption of electricity in the area of a distribution license.

Draft National Renewable Energy Act, 2015 (“Draft NRE Act”)

The Draft NRE Act has been formulated by the Ministry of New and Renewable Energy (“MNRE”) with the aim to promote the production of energy through use of renewable energy sources. The Draft NRE Act seeks to provide a framework to facilitate and promote the use of renewable energy. It aims to address issues with respect to renewable energy such as the principles of grid planning and operation and the concept of national targets and its compliance by utilities. It proposes the creation of a framework for governance of renewable energy at the national and state level by creating a national renewable energy committee and a national renewable energy advisory group. It also requires states to establish a state-level implementing agency responsible for implementing renewable projects. The Draft NRE Act would require the MNRE to prepare and publish a national renewable energy policy in consultation with the state governments, from time to time, to formulate and implement a state level renewable energy policy, and renewable energy plan taking into consideration the applicable national renewable energy policy and national renewable energy plan.

Among other things, the Draft NRE Act proposes to empower the GoI and State Governments to establish national renewable energy funds and state green funds, respectively, to meet the expenses incurred for implementing the national renewable energy policy and national renewable energy plan. Further, unlike the Electricity Act, no license is required for supply of electricity, if generated from renewable energy sources under the provisions of the Draft NRE Act.

The Micro, Small and Medium Enterprises Development Act, 2006 (“MSME Act”):

MSME Act was enacted to provide for facilitating the promotion and development and enhancing the competitiveness of micro, small and medium enterprises. Any person who intends to establish (a) a micro or small enterprise, at its discretion; (b) a medium enterprise engaged in providing or rendering of services may, at its discretion; or (c) a medium enterprise engaged in manufacture or production of goods pertaining to any industry specified in the First Schedule to the Industries (Development and Regulation) Act, 1951 is required to file a memorandum before such authority as specified by the State Government or the Central Government. The form of the memorandum, the procedure of its filing and other matters incidental thereto shall be such as may be specified by the Central Government, based on the recommendations of the advisory committee. Accordingly, in exercise of this power under the MSME Act, the Ministry of Micro, Small and Medium Enterprises notification dated September 18, 2015, specified that every micro, small and medium enterprises is required to file a Udyog Aadhaar Memorandum in the form and manner specified in the notification.

Electricity (Promoting Renewable Energy Through Green Energy Open Access) Rules, 2022 (“Electricity Rules 2022”)

The Ministry of Power (“MoP”) has notified the Electricity Rules 2022. The Electricity Rules 2022 provide for generation, purchase and consumption of green energy, including the energy from waste-to-energy plants. It provides in detail for renewable purchase obligation (“RPO”), green energy open access, nodal agencies, procedure for the grant of green energy open access, green certificate, banking, charges to be levied on open access and cross-subsidy surcharge. It also provides for tariff for green energy which shall be determined by the appropriate commission. It shall comprise of the average pooled power purchase cost of the renewable energy, cross-subsidy charges, if any, and service charges covering the prudent cost of distribution licensee for providing the green energy.

Central Electricity Regulatory Commission (Terms and Conditions for Renewable Energy Certificates in Renewable Energy Generation) Regulations, 2022 (“REC Regulations”)

The Central Electricity Regulatory Commission notified the REC Regulations on May 9, 2022 which have been amended from time to time. The REC Regulations were enacted to develop the market in electricity from nonconventional energy sources by issuance of transferable and saleable credit certificates (“REC Mechanism”). The REC Mechanism provides a market-based instrument which can be traded freely and provides means for fulfilment of RPOs by the distribution utilities/consumers. Under the REC Regulations, one certificate represents one MWh of energy generated and injected or deemed to have been injected into the grid, with a special provision that a certificate multiplier may be issued by the CERC keeping in view the maturity level and cost of various renewable energy technologies. The REC Regulations determine the quantum of such certificates to be issued to the eligible entities and the method of dealing in the certificates. The National Load Despatch Centre is the central agency which oversees the REC Mechanism, including, inter alia, registration of eligible entities, issuance of certificates, maintaining and settling accounts in respect of certificates, acting as repository of transactions in certificates and such related functions of the REC Mechanism as may be assigned by the CERC. There are certain conditions which are now imposed on electricity generating company, distribution licensee and captive generation plant to be eligible to apply for REC.

Bureau of Indian Standards Act, 2016

The Bureau of Indian Standards Act, 2016 (“BIS Act”) provides for the establishment of the Bureau of Indian Standards (“BIS”) for the development of activities of standardization, conformity assessment and quality assurance of goods, articles, processes, systems and services. The BIS Act provides for the functions of the BIS which includes, among others: (a) publishing, establishing, promoting and reviewing Indian standards; (b) adopting as Indian standard, any standard, established by any other institution in India or elsewhere, in relation to goods, articles, processes, systems or services; (c) functions necessary for promotion, monitoring and management of the quality of goods, articles, processes, systems and services and to protect the interests of consumers and other stakeholders; and (d) undertake, support and promote research necessary for formulation of Indian standards.

The Shop and Establishment Act, 1971

The Shop and Establishment Act serves as a vital regulatory framework in India, designed to govern a myriad of businesses engaging in trade or commerce. Its primary objective is to establish standard operating procedures, ensuring a conducive and healthy work environment. Enacted to enhance the management of working conditions, the Act extends its purview to shops, commercial establishments, restaurants, hotels, theatres, and various public

places of amusement.

This legislation plays a pivotal role in safeguarding the welfare of labourers by stipulating regulations on leave policies, paid leaves, holidays, work hours, maternity benefits, conditions of child employment, and termination procedures. Moreover, the Shop and Establishment Act bestows legal status upon businesses, providing owners with a license that not only ensures compliance but also enhances credibility. Thus, obtaining registration under this Act becomes essential for businesses, offering a pathway to better benefits and a reputable standing in the commercial landscape.

B. EMPLOYMENT AND LABOUR LAWS

Employees' Compensation Act, 1923

The Employee's Compensation Act, 1923 has been enacted with the objective to provide for the payment of compensation by certain classes of employers to their workmen or their survivors for industrial accidents and occupational diseases resulting in the death or disablement of such workmen. The Act makes every employer liable to pay compensation in accordance with the Act if a personal injury/disablement/loss of life is caused to a workman (including those employed through a contractor) by an accident arising out of and in the course of his employment. In case the employer fails to pay compensation due under the Act within one month from the date it falls due, the Commissioner may direct the employer to pay the compensation amount along with interest and may also impose a penalty.

The Employees Provident Fund and Miscellaneous Provisions Act, 1952

The Employees Provident Funds and Miscellaneous Provisions Act, 1952, as amended from time to time (EPF Act), mandates provisioning for provident fund, family pension fund and deposit linked insurance in factories and other establishments for the benefits of the employees. All the establishments under the EPF Act are required to be registered with the appropriate Provident Fund Commissioner. Also, in accordance with the provisions of the EPF Act, the employer of such establishment is required to make a monthly contribution to the provident fund equivalent to the amount of the employee's contribution to the provident fund. There is also a requirement to maintain prescribed records and registers and filing of forms with the concerned authorities.

The Employees State Insurance Act, 1948 (the "ESI Act")

The promulgation of Employees' State Insurance Act, 1948 envisaged an integrated need based social insurance scheme that would protect the interest of workers in contingencies such as sickness, maternity, temporary or permanent physical disablement, death due to employment injury resulting in loss of wages or earning. All the establishments to which the Employees State Insurance ("ESI") Act applies are required to be registered under the Act with the Employees State Insurance Corporation. The Act requires all the employees of the factories and establishments to which the Act applies to be insured in the manner provided under the Act. Further, employers and employees both are required to make contribution to the fund at the rate prescribed by the Central Government. The return of the contribution made is required to be filed with the Employee State Insurance department.

The Equal Remuneration Act, 1976

The Equal Remuneration Act, 1976 was enacted with the aim of State to provide equal pay and equal work as envisaged under Article 39 of the Constitution. The Act provides for payment of equal remuneration to men and women workers and for prevention of discrimination, on the ground of sex, against female employees in the matters of employment and for matters connected therewith.

Payment of Gratuity Act, 1972

The Payment of Gratuity Act is applicable to every factory, mine, oilfield, plantation, port, railway companies and to every shop and establishment in which ten or more persons are employed or were employed at any time during the preceding twelve months. This Act applies to all employees irrespective of their salary. The Payment of Gratuity Act, as amended, provides for a scheme for payment of gratuity to an employee on the termination of his employment after he has rendered continuous service for not less than 5 years:

- (a) on his/her superannuation;
- (b) on his/her retirement or resignation;
- (c) on his/her death or disablement due to accident or disease (in this case the minimum requirement of five years does not apply)

A shop or establishment to which this Act has become applicable shall continue to be governed by this Act irrespective of the number of people falling below ten on any day.

Payment of Bonus Act, 1965

The Payment of Bonus Act, 1965 is applicable to every factory and every other establishment employing twenty or more persons. Every employee shall be entitled to be paid by his employer in an accounting year, bonus, in accordance with the provisions of this Act, provided he has worked in the establishment for not less than thirty working days in that year.

The Maternity Benefit Act, 1961

The purpose of the Maternity Benefit Act, 1961 is to regulate the employment of pregnant women in certain establishments for certain periods and to ensure that they get paid leave for a specified period before and after childbirth, or miscarriage or medical termination of pregnancy. It provides, inter alia, for payment of maternity benefits, medical bonus and prohibits the dismissal of and reduction of wages paid to pregnant women, etc. Government, further amended the Act which is known as The Maternity Benefit (Amendment) Act, 2016, effective from March 28, 2017, introducing more benefits for pregnant women in certain establishments

The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013

The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 (SHWW Act) provides for the protection of women at workplace and prevention of sexual harassment at workplace. The SHWW Act also provides for a redressal mechanism to manage complaints in this regard. Sexual harassment includes one or more of the following acts or behaviours namely, physical contact and advances or a demand or request for sexual favors or making sexually coloured remarks, showing pornography or any other unwelcome physical, verbal or non-verbal conduct of sexual nature. The SHWW Act makes it mandatory for every employer of a workplace to constitute an Internal Complaints Committee, which shall always be presided upon by a woman.

Code of Wages, 2019

The Code aims to consolidate the laws relating to wages and bonus and matters connected therewith or incidental thereto. It received the assent of President of India on August 08, 2019. The Code contains the procedure for fixing minimum wage, limit for fines and deductions in wages, minimum and maximum bonus, calculation of allocable and available surplus, as well as gender neutral consideration in fixing wages. The Code has given the power to Central Government to fix a “floor wage” and the State governments cannot fix any minimum wage less than the “floor wage”. It amalgamates and subsumes four imperative labour laws, the Payment of Wages Act, 1936; the Minimum Wages Act, 1948; the Payment of Bonus Act, 1965 and the Equal Remuneration Act, 1976. The date of implementation of the Code is yet to be notified.

The Code on Social Security, 2020

This Code received the assent of President of India on September 28, 2020, though the implementation of the same is yet to be notified. The Code aims to provide better social security benefits such as provident fund, insurance, and gratuity to workers. It extends the reach of the Employees' State Insurance Corporation and the Employees' Provident Fund Organization (which regulate benefits such as provident fund, insurance, pension, etc.) to the workers in the unorganized sector and the platform and gig workers. The Code further stipulates gratuity benefit for fixed term employees without any condition for a minimum service period as envisaged under the current regime. The Code subsumes nine (9) labour laws relating to social security, namely, the Employees' Compensation Act, 1923, the Employees' State Insurance Act, 1948, the Employees' Provident Funds and Miscellaneous Provisions Act, 1952, the Employment Exchanges (Compulsory Notification of Vacancies) Act, 1959, the Maternity Benefit Act, 1961, the Payment of Gratuity Act, 1972, the Cine-Workers Welfare Fund Act, 1981, the Building and Other Construction Workers' Welfare Cess Act, 1996 and the Unorganized Workers Social Security Act, 2008.

Child Labour (Prohibition and Regulation) Act, 1986

This statute prohibits employment of children below 14 years of age in certain occupations and processes and provides for regulation of employment of children in all other occupations and processes. Under this Act, the employment of child labour in the building and construction industry is prohibited.

Certain other laws and regulations that are applicable to our Company in India include the following:

- Industrial (Development and Regulation) Act, 1951 (“IDRA”)
- Industrial Disputes Act, 1947 (“ID Act”)
- Contract Labour (Regulation and Abolition) Act, 1970 (CLRA) and Contract Labour (Regulation and Abolition) Central Rules, 1971 (Contract Labour Rules)
- Workmen Compensation Act, 1923 (“WCA”)
- Industrial Employment Standing Orders Act, 1946
- Minimum Wages Act, 1948 (“MWA”) and the rules framed thereunder

C. ENVIRONMENTAL LAWS

Our Company is subject to Indian laws and regulations concerning environmental protection.

The Environment Protection Act, 1986 and the Environment (Protection) Rules, 1986

The purpose of the Environment Protection Act (“Environment Protection Act”) is to act as an "umbrella" legislation designed to provide a framework for Central government co-ordination of the activities of various central and state authorities established under previous laws. The Environment Protection Act authorizes the central government to protect and improve environmental quality, control and reduce pollution from all sources, and prohibit or restrict the setting and /or operation of any industrial facility on environmental grounds. The Act prohibits persons carrying on business, operation or process from discharging or emitting any environmental pollutant in excess of such standards as may be prescribed. Where the discharge of any environmental pollutant in excess of the prescribed standards occurs or is apprehended to occur due to any accident or other unforeseen act, the person responsible for such discharge and the person in charge of the place at which such discharge occurs or is apprehended to occur is bound to (a) prevent or mitigate the environmental pollution caused as a result of such discharge and should intimate the fact of such occurrence or apprehension of such occurrence; and (b) be bound, if called upon, to render all assistance, to such authorities or agencies as may be prescribed.

The Public Liability Insurance Act, 1991

This Act imposes liability on the owner or controller of hazardous substances for any damage arising out of an accident involving such hazardous substances. A list of hazardous substances covered by the legislation has been enumerated by the Government by way of a notification. The owner or handler is also required to take out an insurance policy insuring against liability under the legislation. The rules made under the Public Liability Act mandate that the employer has to contribute towards the environment relief fund, a sum equal to the premium paid on the insurance policies. The amount is payable to the insurer.

Air (Prevention and Control of Pollution) Act, 1981

Air (Prevention and Control of Pollution) Act 1981 (-the Act) was enacted with an objective to protect the environment from smoke and other toxic effluents released in the atmosphere by industries. With a view to curb air pollution, the Act has declared several areas as air pollution control area and also prohibits the use of certain types of fuels and appliances. Prior written consent is required of the board constituted under the Act, if a person intends to commence an industrial plant in a pollution control area.

Water (Prevention and Control of Pollution) Act, 1974

The Water (Prevention and Control of Pollution) Act, 1974 (-the Act) was enacted with an objective to protect the rivers and streams from being polluted by domestic and industrial effluents. The Act prohibits the discharge of toxic and poisonous matter in the river and streams without treating the pollutants as per the standard laid down by the Pollution control boards constituted under the Act. A person intending to commence any new industry, operation or process likely to discharge pollutants must obtain prior consent of the board constituted under the Act.

D. TAX LAWS

Income Tax Act, 1961

The Income Tax Act, 1961 deals with the taxation of individuals, corporate, partnership firms and others. As per the provisions of this Act the rates at which they are required to pay tax is calculated on the income declared by them or assessed by the authorities, after availing the deductions and concessions accorded under the Act. The

maintenance of Books of Accounts and relevant supporting documents and registers are mandatory under the Act. Filing of returns of Income is compulsory for all assesses. The maintenance of Books of Accounts and relevant supporting documents and registers are mandatory under the Act.

The Goods and Services Tax (“GST”)

The GST is applicable on the supply of goods or services as against the present concept of tax on the manufacture and sale of goods or provision of services. It is a destination-based consumption tax. It is dual GST with the Central and State Governments simultaneously levying it on a common tax base. The GST to be levied by the Centre on intra-State supply of goods and / or services is called the Central GST (CGST) as provided by the CGST Act and that to be levied by the States is called the State GST (SGST) as given under the SGST Acts. An Integrated GST (IGST) under the IGST Act is to be levied and collected by the Centre on inter-State supply of goods and services. The CGST and SGST is to be levied at rates to be jointly decided by the Centre and States.

Every person liable to take registration under these Acts shall do so within a period of 30 days from the date on which he becomes liable to registration. The Central/State authority shall issue the registration certificate upon receipt of application. The Certificate shall contain fifteen digit registration numbers known as Goods and Service Tax Identification Number (GSTIN). In case a person has multiple business verticals in multiple locations in a state, a separate application will be made for registration of each and every location. The registered assessed is then required to pay GST as per the rules applicable thereon and file the appropriate returns as applicable thereon.

There are indirect taxes that are levied and collected by the Central and State Government which are now subsumed under GST. Some of the taxes which were applicable to the Company are as follows:

- Service Tax
- Value Added tax
- The Central Sales Tax Act, 1956

The Customs Act, 1962

The provisions of the Customs Act, 1962 and rules made thereunder are applicable at the time of import of goods i.e. bringing into India from a place outside India or at the time of export of goods i.e. taken out of India to a place outside India. Any Company requiring to import or export any goods is first required to get itself registered and obtain an Importer Exporter Code.

Remission of Duties and Taxes on Export Products Scheme (“RoDTEP Scheme”)

Prior to January 1, 2021, the Merchandise Exports from India Scheme (“MEIS”) was in force pursuant to which, the Government provided duty benefits depending on the product and the country of export. However, the Ministry of Finance, GoI has discontinued MEIS with effect from January 1, 2021 and announced RoDTEP Scheme for exporters. RoDTEP Scheme aims to ensure that exporters receive the refunds on the embedded taxes and duties that were previously non-recoverable. The benefits under the RoDTEP Scheme are to be received in the form of transferable duty credit scrips, or in the form of electronic scrips. The RoDTEP Scheme allows the exporter to utilise the scrips for the payment of import duty or to sell such duty credit scrips in the open market to other importers subject to the terms of the RoDTEP Scheme. The Ministry of Commerce and Industry has issued a notification dated March 8, 2024 (notification no. 70/2023) extending the RoDTEP support for exports made by the special economic zones units.

MNRE Circular on imposition of Basic Customs Duty (“BCD”) on Solar PV Cells & Modules/ Panels

On March 9, 2021, MNRE issued a circular (ref. no. 283/3/2018- GRID SOLAR) in relation to imposition of BCD on solar cells and modules. According to the circular, with effect from April 1, 2022, BCD has been imposed on solar cells and modules at 25% and 40%, respectively.

E. INTELLECTUAL PROPERTY RELATED LAWS

The Trade Marks Act, 1999

The Trade Marks Act, 1999 provides for the application and registration of trademarks in India for granting exclusive rights to marks such as a brand, label and heading and obtaining relief in case of infringement for commercial purposes as a trade description. The TM Act prohibits any registration of deceptively similar trademarks or chemical compounds among others. It also provides for penalties for infringement, falsifying and falsely applying for trademarks.

Indian Patents Act, 1970

A patent is an intellectual property right relating to inventions and is the grant of exclusive right, for limited period, provided by the Government to the patentee, in exchange of full disclosure of his invention, for excluding others from making, using, selling, importing the patented product or process producing that product. The term invention means a new product or process involving an inventive step capable of industrial application

F. CORPORATE LAWS

The Companies Act, 2013

The Companies Act, 2013, has replaced the Companies Act, 1956 in a phased manner. The Act received the assent of President of India on 29th August 2013. At present almost all the provisions of this law have been made effective except a very few. The Ministry of Corporate Affairs has also issued rules complementary to the Companies Act, 2013 establishing the procedure to be followed by companies in order to comply with the substantive provisions of the Companies Act, 2013. The Companies Act primarily regulates the formation, financing, functioning and restructuring of separate legal entity as Companies. The Act provides regulatory and compliance mechanism regarding all relevant aspects including organizational, financial and managerial aspects of companies. The provisions of the Act state the eligibility, procedure and execution for various functions of the company, the relation and action of the management and that of the shareholders. The law laid down transparency, corporate governance and protection of shareholders & creditors.

In the functioning of the corporate sector, although freedom of companies is important, protection of the investors and shareholders, on whose funds they flourish, is equally important. The Companies Act plays the balancing role between these two competing factors, namely, management autonomy and investor protection

The Competition Act, 2002

The Competition Act, 2002 came into effect on June 1, 2011 and has been enacted to “prohibit anti- competitive agreements, abuse of dominant positions by enterprises” and regulates “combinations” in India. The Competition Act also established the Competition Commission of India (the “CCI”) as the authority mandated to implement the Competition Act. The Act prohibits Combinations which are likely to cause an appreciable adverse effect on competition in a relevant market in India. The CCI may enquire into all combinations, even if taking place outside India, or between parties outside India, if such combination is likely to have an appreciable adverse effect on competition in India.

The Indian Contract Act, 1872

The Indian Contract Act codifies the way we enter into a contract, execute a contract, implementation of provisions of a contract and effects of breach of a contract. The Act consists of limiting factors subject to which contract may be entered into, executed and breach enforced as amended from time to time. It determines the circumstances in which promise made by the parties to a contract shall be legally binding on them.

The Registration Act, 1908 (“Registration Act”)

The Registration Act was passed to consolidate the enactments relating to the registration of documents. The main purpose for which the Registration Act was designed to ensure information about all deals concerning land so that correct land records could be maintained. The Registration Act is used for proper recording of transactions relating to other immovable property also. The Registration Act provides for registration of other documents also, which can give these documents more authenticity. Registering authorities have been provided in all the districts for this purpose.

The Consumer Protection Act, 2019

The Consumer Protection Act provides better protection to the interests of consumers. This is enabled with the establishment of consumer councils and other authorities for the settlement of consumers’ disputes and matters connected therewith. The Consumer Protection Act protects the consumers against any unfair/restrictive trade practice that has been adopted by any trader or service provider or if the goods purchased by him suffer from any defect or deficiency. In case of consumer disputes, the same can be referred to the redressal forums set up under the Act.

Indian Stamp Act, 1899 (the “Stamp Act”)

Under the Indian Stamp Act, 1899, stamp duty is payable on instruments evidencing a transfer or creation or extinguishment of any right, title, or interest in immovable property. Stamp duty must be paid on all instruments specified under the Stamp Act at the rates specified in the schedules to the Stamp Act. The applicable rates for stamp duty on instruments chargeable with duty vary from state to state. Instruments chargeable to duty under the Stamp Act, which are not duly stamped, are incapable of being admitted in court as evidence of the transaction contained therein and it also provides for impounding of instruments that are not sufficiently stamped or not stamped at all.

The Arbitration and Conciliation Act, 1996

This Act was enacted by Parliament in the Forty-seventh Year of the Republic of India to consolidate and amend the law relating to domestic arbitration, international commercial arbitration, and enforcement of foreign arbitral awards as also to define the law relating to conciliation and for matters connected therewith or incidental thereto. The main objectives of the Act is to comprehensively cover international and commercial arbitration and conciliation as also domestic arbitration and conciliation, to make provision for an arbitral procedure which is fair, efficient and capable of meeting the needs of the specific arbitration, to provide that the arbitral tribunal gives reasons for its arbitral award, to ensure that the arbitral tribunal remains within the limits of its jurisdiction, to minimize the supervisory role of courts in the arbitral process, to permit an arbitral tribunal to use mediation, conciliation or other procedures during the arbitral proceedings to encourage settlement of disputes, to provide that every final arbitral award is enforced in the same manner as if it were a decree of the court, to provide that a settlement agreement reached by the parties as a result of conciliation proceedings will have the same status and effect as an arbitral award on agreed terms on the substance of the dispute rendered by an arbitral tribunal and to provide that, for purposes of enforcement of foreign awards, every arbitral award made in a country to which one of the two International Conventions relating to foreign arbitral awards to which India is a party applies, will be treated as a foreign award.

Consumer Protection Act, 2019 (“Consumer Protection Act”) and the rules made thereunder

The Consumer Protection Act, which repeals the Consumer Protection Act, 1986, was designed and enacted to provide simpler and quicker access to redress consumer grievances. It seeks, inter alia, to promote and protects the interests of consumers against deficiencies and defects in goods or services and secure the rights of the consumers against unfair trade practices, which may be practiced by manufacturers, service providers and traders. The definition of “consumer” has been expanded under the Consumer Protection Act to include persons engaged in offline or online transactions through electronic means or by tele- shopping or direct-selling or multi-level marketing. One of the substantial changes introduced by the Consumer Protection Act is the inclusion of the e-commerce industry under the ambit of the Consumer Protection Act, with “e-commerce” defined to refer to the buying and selling of goods or services over digital or electronic network. The Consumer Protection Act aims to cover entities that are involved in the process of selling goods or services online. It provides for the establishment of consumer disputes redressal forums and commissions for the purposes of redressal of consumer grievances. In addition to awarding compensation and/or passing corrective orders, the forums and commissions under the Consumer Protection Act, in cases of misleading and false advertisements, are empowered to impose imprisonment for a term which may extend to two years and fine which may extend to ₹ 1,000,000. In cases of manufacturing for sale or storing, selling or distributing or importing products containing an adulterant, the imprisonment may vary between six months to seven years and fine between ₹ 100,000 to ₹ 1,000,000 depending upon the nature of injury to the consumer.

The Insolvency and Bankruptcy Code, 2016 (the “Code”)

The Insolvency and Bankruptcy Code, 2016 cover Insolvency of companies, Limited Liability partnerships (LLPs), unlimited liability partnerships, and individuals. The IBC 2016 has laid down a collective mechanism for resolution of insolvencies in the country by maintaining a delicate balance for all stakeholders to preserve the economic value of the process in a time bound manner. The code empowers any creditor of a Corporate Debtor (CD), irrespective of it being a Financial Creditor (FC) or Operational Creditor (OC) or secured or unsecured creditor, or the Corporate Debtor itself, to make an application before the Adjudicating Authority (AA) to initiate Corporate Insolvency Resolution Process (CIRP) against a Corporate Debtor, at their discretion, in the event of there being a default by the Corporate Debtor in payment of their dues for an amount as specified from time to time. On initiation of the Said CIRP, a resolution to be sought for the company within a time bound time period of 180 days otherwise it is put on liquidation.

G. FOREIGN REGULATIONS

The Foreign Trade (Development and Regulation) Act, 1992 (“FTA”)

In India, the main legislation concerning foreign trade is FTA. The FTA read along with relevant rules provides for the development and regulation of foreign trade by facilitating imports into, and augmenting exports from, India and for matters connected therewith or incidental thereto. FTA read with the Indian Foreign Trade Policy provides that no export or import can be made by a company without an Importer-Exporter Code number unless such company is specifically exempt. An application for an Importer-Exporter Code number has to be made to the office of the Joint Director General of Foreign Trade, Ministry of Commerce.

Foreign Exchange Management Act, 1999 (“FEMA”)

When a business enterprise imports goods from other countries, exports its products to them or makes investments abroad, it deals in foreign exchange. Foreign Exchange Management Act, 1999 was enacted to consolidate and amend the law relating to foreign exchange with the objective of facilitating external trade and for promoting the orderly development and maintenance of foreign exchange market in India. FEMA extends to whole of India. This Act also applies to all branches, offices and agencies outside India owned or controlled by a person resident in India and also to any contravention committed thereunder outside India by any person to whom the Act is applies. The Act has assigned an important role to the Reserve Bank of India (RBI) in the administration of FEMA.

H. GENERAL LAW

The Sale of Goods Act, 1930

The law relating to the sale of goods is codified in the Sale of Goods Act, 1930. It defines sale and agreement to sell as a contract whereby the seller transfers or agrees to transfer the property in goods to the buyer for a price and provides that there may be a contract of sale between part owner and another and that the contract of sale may be absolute or conditional.

The Transfer of Property Act, 1882 (“TP Act”)

The Transfer of Property Act, 1882 establishes the general principles relating to transfer of property in India. It forms a basis for identifying the categories of property that are capable of being transferred, the persons competent to transfer property, the validity of restrictions and conditions imposed on the transfer and the creation of contingent and vested interest in the property. Transfer of property is subject to stamping and registration under the specific statutes enacted for that purpose.

The Indian Stamp Act, 1899

Under the Indian Stamp Act, 1899, stamp duty is payable on instruments evidencing a transfer or creation or extinguishment of any right, title or interest in immovable property. Stamp duty must be paid on all instruments specified under the Stamp Act at the rates specified in the schedules to the Stamp Act. The applicable rates for stamp duty on instruments chargeable with duty vary from state to state.

The Limitation Act, 1963

The law relating to Law of Limitation to India is the Limitation Act, 1859 and subsequently Limitation Act, 1963 which was enacted on 5th of October, 1963 and which came into force from 1st of January, 1964 for the purpose of consolidating and amending the legal principles relating to limitation of suits and other legal proceedings. The basic concept of limitation is relating to fixing or prescribing of the time period for barring legal actions. According to Section 2 (j) of the Limitation Act, 1963, period of limitation ‘means the period of limitation prescribed for any suit, appeal or application by the Schedule, and prescribed period ‘means the period of limitation computed in accordance with the provisions of this Act.

1 (b) Significant accounting policies

1.1 Basis of accounting and preparation of Restated Consolidated financial statements

These Restated Consolidated financial statements have been prepared in accordance with the generally accepted accounting principles in India under the historical cost convention on accrual basis. Consequently, these Restated Consolidated financial statements have been prepared to complying all material aspects with the Accounting standards notified under section 211(3C) of the companies Act, 1956 which as per clarification issued by ministry of corporate affairs continue to apply under section 133 of the Companies Act 2013 (which has superseded section 211(3C) of the Companies Act 1956 w.e.f. 12 September 2013) [Companies(Accounting Standards) Rules, 2006, as amended] and other relevant provisions of the Companies Act, 2013.

The Ministry of Corporate Affairs (MCA) has notified the Companies (Accounting Standards) Amendment Rules, 2016 vide its notification dated 30 March 2016. The said notification is applicable to accounting period commencing on or after the date of notification i.e. 1 April 2016.

The Restated Consolidated financial statement are presented in Indian rupees rounded off to the nearest INR in Lakhs.

1.2 Operating Cycle:

Based on the nature of products / activities of the Company and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

1.3 Use of estimates

The preparation of the Restated Consolidated financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions considered in the reported amounts of assets, liabilities, income, expenses and disclosure of contingent liabilities on the date of the Restated Consolidated financial statements and the results of operations during the year. The Management believes that the estimates used in preparation of the Restated Consolidated financial statements are prudent and reasonable. Differences between the actual results and the estimates are recognised in the periods in which the results are known/ materialise. Any revision to accounting estimates is recognised in accordance with the requirements of the respective accounting standard.

1.4 Inventories

Inventories are valued at the lower of cost and net realisable value and adjusted for obsolescence, if any. Cost is determined on a weighted average basis and includes all applicable costs incurred in bringing goods to their present location and condition. Cost of work-in-progress and finished goods include all applicable manufacturing overheads.

1.5 Tangible Assets - Property, Plant and Equipment and Intangible Assets

Property, plant and equipment are stated at cost of acquisition or construction less accumulated depreciation and impairment, if any.

Cost is inclusive of inward freight, duties and taxes and incidental expenses related to acquisition. In respect of major projects involving construction, related pre-operational expenses form part of the value of assets capitalised. Expenses capitalised also include applicable borrowing costs for qualifying assets, if any. All upgradation/enhancements are charged off as revenue expenditure unless they bring similar significant additional benefits. An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the Statement of Restated Consolidated profit and Loss. Subsequent expenditures related to an item of Tangible Asset are added to its book value only if they increase the future benefits from the existing asset beyond its previously assessed standard of performance.

Intangible fixed assets

Intangible assets are stated at their cost of acquisition, less accumulated amortization and accumulated impairment losses thereon, if any. Cost includes all cost incurred to bring the assets to its present location and condition. An intangible asset is recognized where it is probable that future economic benefits attributable to the asset will flow to the enterprise and where its cost can be reliably measured.

1.6 Depreciation and amortisation

Tangible & Intangible assets are depreciated on the written down value method on a pro-rata basis from the date the assets are ready for intended use. Depreciation and Amortization on sale/discard of fixed assets is provided for up to the date of sale, deduction or discard of fixed assets as the case may be.

Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013.

All assets costing Rs. 5,000 or less individually are depreciated at the rate of 100%.

1.7 Impairment of Assets

At each Restated Consolidated balance sheet date, the company assesses whether there is any indication that an asset may be impaired. If any such indication exists, the company estimates the recoverable amount. If the carrying amount of the asset exceeds its recoverable amount an impairment loss is recognized in the statement of Restated Consolidated profit and loss to the extent the carrying amount exceeds the recoverable amount. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined (net of depreciation or amortization). if no impairment loss had been recognized .

After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life .

1.8 Revenue recognition

Sale of goods

Revenue from Sale of Goods is recognised upon delivery of goods to Customer when the significant risk and rewards of ownership of goods have been transferred to the customer. In specific cases, Company recognised the revenue whenever delivery of the material are hold on specific request of the customer . Sales are exclusive of all kind of indirect tax such as GST.

Income from services

Income from service contracts is recognised upon rendering of the services at the agreed rates. Income from maintenance contracts is recognised pro-rata over the period of the contracts. Income from installation and commissioning services is recognised on a percentage of completion method upon rendering of the services.

Duty drawback income is recognized on accrual basis.

1.9 Foreign currency transactions

Foreign currency transactions are recorded at the rates of exchange prevailing on the dates of the transactions. Monetary foreign currency assets and liabilities are translated into rupees at the rates of exchange prevailing on the Restated Consolidated balance sheet date. Exchange differences arising on settlement/ restatement of foreign currency monetary assets and liabilities are recognised as income or expense in the Statement of Restated Consolidated profit and Loss.

Non monetary foreign currency items are carried at cost.

Any income or expense on account of exchange difference either on settlement or on translation is recognized in the Restated Consolidated profit and Loss Statement, except in case of long term liabilities where they relate to acquisition of Fixed Assets, in which case they are adjusted to the carrying cost of such assets.

2.0 Investments in Subsidiary and associates

Investment in subsidiary and associate are carried at cost less accumulated impairment, if any.

2.1 Other Income

Interest income is accounted on accrual basis. Dividend income is accounted for when the right to receive it is established.

2.2 Employee benefits

Liability for employee benefits, both short term and long term, for present and past services which are due as per the terms of employment are recorded in accordance with Accounting Standard (AS) 15, "Employee Benefits".

Short term employee benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short term employee benefits. Benefits such as salaries, wages and bonus etc. are recognized in the Statement of Restated Consolidated profit & loss in the period in which the employee renders the related service.

Long term employee benefits

i) Defined contribution plan

Provident fund and employees' state insurance schemes:

All employees of the Company are entitled to receive benefits under the Provident Fund, which is a defined contribution plan. Both the employee and the employer make monthly contributions to the plan at a predetermined rate (presently 12 % of the employee basic salary (subject to a maximum basic salary of Rs.15,000/- per month per employee, as per the provisions of The Employees Provident Fund & Miscellaneous Provisions Act, 1957). These contributions are made to the fund administered and managed by the government of India. In addition, some employees of the Company are covered under the employees state insurance scheme, which is also a defined contribution scheme recognized and administered by the government of India.

The company's contributions to both these schemes are expensed off in the Statement of Restated Consolidated profit and Loss. The Company has no further obligations under these plans beyond its monthly contributions.

ii) Defined benefit plan

Gratuity

The Company provides for retirement benefits in the form of Gratuity. Benefits payable to eligible employees of the company with respect to gratuity, a defined benefit plan is accounted for on the basis of Management estimate as at the Restated Consolidated balance sheet date. In accordance with the Payment of Gratuity Act, 1972, the plan provides for lump sum payments to vested employees on retirement, death while in service or on termination of employment in an amount equivalent to 15 days basic salary for each completed year of Service. vesting occurs upon completion of five years of service or death of employee whichever is earlier. The present value of such obligation is determined by the projected unit credit method and adjusted for past service cost and fair value of plan assets as at the Restated Consolidated balance sheet date through which the obligations are to be settled. The resultant actuarial gain or loss on change in present value of the defined benefit obligation or change in return of the plan assets is recognized as an income or expense in the statement of Restated Consolidated profit and loss. The expected return on plan assets is based on the assumed rate of return of such assets.

iii) Other long term employee benefits:

leave Encashment

Benefits under the Company's leave encashment scheme constitute other employee benefits. The liability in respect of leave encashment is provided on the basis of Management Estimate at the end of the year using the Projected Unit Credit Method.

Actual gain and losses are recognized immediately in the Statement of Restated Consolidated profit and Loss.

2.3 Leases

Assets acquired under leases where the Company has substantially all the risks and rewards of ownership are classified as finance leases. Such assets are capitalized at the inception of the lease at the lower of the fair value or the present value of minimum lease payments and a liability is created for an equivalent amount. Each lease rental paid is allocated between the liability and the interest cost, so as to obtain a constant periodic rate of interest on the outstanding liability for each period.

Assets acquired under leases where a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Lease rentals are charged to the Statement of Restated Consolidated profit and Loss on accrual basis.

2.4 Taxes on income

Provision for current taxation is ascertained on the basis of assessable Restated Consolidated profits computed in accordance with the applicable tax rates and the provisions of the Income- tax Act, 1961 and other applicable tax laws.

Deferred tax is recognised, subject to the consideration of prudence on timing differences, being the difference between taxable incomes and accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax assets are recognized on unabsorbed depreciation and carry forward of losses based on virtual certainty supported by convincing evidence that sufficient future taxable income will be available against which such deferred tax asset can be realized. Deferred tax assets are reviewed at each Restated Consolidated balance sheet date for their realisability.

2.5 Research and development expenses

Revenue expenses incurred on research and development is charged off to the Statement of Restated Consolidated profit and Loss in the year in which these expenses are incurred. Capital expenditure incurred on research and development is included in fixed assets and depreciated at applicable rates.

2.6 Provisions and contingencies

Contingent liabilities are disclosed after evaluation of the facts and legal aspects of the matter involved, in line with the provisions of Accounting Standard (AS) 29. Provisions are recognised when the company has a legal / constructive obligation as a result of a past event, for which it is probable that a cash outflow may be required and a reliable estimate can be made of the amount of the obligation.

2.7 Provision for warranty

The Company accrues warranty costs upon sale. Product warranty costs are accrued based on past experience, adjusted for current trends.

2.8 Borrowing Cost

Borrowing Cost includes exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalized as part of the cost of such assets. A qualifying asset is one that necessary takes substantial period of time to get ready for its intended use. All other borrowing costs are charged to the Restated Consolidated profit and Loss Statement in the period in which they are

2.9 Earnings per share

Basic earnings per share are calculated by dividing the net Restated Consolidated profit or loss of the year attributable to equity shareholders by weighted average number of equity shares outstanding during the year. For calculating diluted earnings per share, the net Restated Consolidated profit or loss for the year attributable to equity share holders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

3.0 Segment reporting

The Company has a single identifiable and reportable segment in terms of the Accounting Standard AS - 17 on "Segment Reporting" issued by the Institute of Chartered Accountants of India", taking into account the organizational structure and different risk and return of the business activities. Thus, no separate reporting of business and geographical segments is required to be given as per AS - 17.

3.1 Cash and Cash Equivalents:

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

3.2 Cash Flow Statement:

Cash flows are reported using the indirect method, whereby Restated Consolidated profit / (loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

3.3 Material events

Material adjusting events occurring after the Restated Consolidated balance sheet date are taken into cognizance.

Thus, no separate reporting of business and geographical segments is required to be given as per AS - 17.

XXXV. Earnings Per Share

Earnings per share (EPS) are calculated by dividing the net consolidated profit for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year:

Particulars	As at June 30, 2024	As at March 31, 2024	As at March 31, 2023	As at March 31, 2022
Basic				
Consolidated profit (Loss) after Tax	405.46	1,129.00	515.66	398.97
Weighted average number of equity shares outstanding during the year	1,000,000	1,000,000	685,796	240,500
Bonus shares issued	14,000,000	14,000,000	14,000,000	14,000,000
Weighted average number of equity shares for calculating basic EPS	15,000,000	15,000,000	14,685,796	14,240,500
Basic EPS	2.70	7.53	3.51	2.80
Diluted				
Consolidated profit (Loss) after Tax	405.46	1,129.00	515.66	398.97
Weighted average number of equity shares	15,000,000	15,000,000	14,685,796	14,240,500
Diluted EPS	2.70	7.53	3.51	2.80

In accordance with Accounting Standard (AS) 20 on "Earnings Per Share," the earnings per share (EPS) for prior periods (FY 2023-24, FY 2022-23 and FY 2021-22) have been restated due to the issuance of bonus shares during the FY 2024-25. The purpose of restating EPS is to ensure comparability of historical EPS figures with the current period, which now includes the effect of the bonus issue.

*As certified by Mahesh Yadav & Co., Chartered Accountants, Statutory Auditor pursuant to their certificate dated December 27, 2024

Notes :-

- 1) The ratios have been computed in the following manner
 - a) Basic and diluted EPS: profit for the year attributable to equity shareholders of the Company divided by total weighted average number of equity shares outstanding during the period. Basic and diluted EPS are computed in accordance with AS 20 – Earnings per share post the bonus issue in current financial year
 - b) Return on Net Worth (%) = Net profit after tax, as restated / Net worth as restated as at year end.
- 2) The figures disclosed above are based on the Restated Financial Information of the Company.
- 3) Weighted average number of equity shares is the number of equity shares outstanding at the beginning of the period/year adjusted for the number of equity shares issued during the period/year multiplied by the time weightage factor. The time weightage factor is the number of days for which the specific shares are outstanding as a proportion of total number of days during the period/year."
- 4) Net asset value per share= Net worth as restated / Weighted average Number of equity shares as at year end.
- 5) Net worth means the aggregate value of the paid up share capital of the Company and all reserves created out of profits as per Restated Consolidated Financial Statements of the Company
- 6) EBITDA=PAT + Finance Cost +Depreciation and Amortization Expenses + Total Tax Expenses-Other Income-Exceptional items
- 7) Free Operating Cash Flow to Debt Ratio = Cash Flow from Operating Activities/ (Short-Term Borrowing + Long-Term Borrowing)

8) *Inventory turnover ratio (in times) = Revenue from Operations/ Average Inventory*

9) *Debt Service Coverage Ratio = Earning before interest and tax (EBIT) / (Interest paid + Principal repaid)*

10) *Interest Service Coverage Ratio = Earning before interest and tax (EBIT) / Interest paid*

11) *Current Ratio = Current Assets/Current Liabilities*

12) *Trade receivables turnover ratio= Revenue from Operation/ Average Trade Receivable*

13) *Trade payable turnover ratio= Purchases/ Average Trade Payable*

14) *The average figure used in the above calculation is obtained by adding the opening and closing figures for the respective period and dividing the sum by 2. The numbers used for average calculation from the financial year 2020-21 have not been restated.*

Infrastructure

C. Present

Our Company operates through a robust infrastructure designed to support its growing production needs and extensive product offerings. Our registered office which has been taken on a leased basis is located at 374, 1st Floor, Pace City – 2, Sector 37, Gurgaon, Haryana admeasuring 450 sq. mtrs. for conducting back-end operations such as sales, marketing, accounts, HR, customer service and transformer assembling to ensure smooth running of all business operations. We carry out our assembling operations at our leased premise admeasuring 22,500 sq. ft. located at Plot no. 521, Sector 37, Pace City – II, Gurgaon-122001, Haryana for conducting key activities such as operations management, quality checks, R&D, purchasing and storage of raw materials, ensuring proximity and seamless coordination with our customers. Additionally, we also operate a dedicated 7,500 sq. ft. warehouse situated at Khasra No. 1395, 37th Milestone, near Hero Honda Chowk, National Highway 8, Gurugram-122002, Haryana for providing logistics access for the storage and dispatch of finished goods, which allows our Company to efficiently manage large-scale shipments for both domestic and international markets.

D. Proposed

Our Company is currently in the process of expanding the infrastructure by building a manufacturing unit at our acquired premise admeasuring 3892.937 sq. mtrs. located at Plot no. 3, Street no. 2, Sector 7A, Model Economic Township (MET), Jhajjar Haryana for conducting assembling operations of our products such as Home UPS systems, solar inverters, solar power conditioning units (PCUs) and solar charge controllers which is currently under construction. This facility is situated at the upcoming MET which will benefit us due to the strategic location within the National Capital Region (NCR), offering excellent connectivity via the KMP Expressway and proximity to the Delhi-Mumbai Industrial Corridor (DMIC) and also enhances logistical efficiency and access to key markets. The MET is designed with robust infrastructure, including 220 KV substations and reliable water supply, while being close to the Indira Gandhi International Airport, facilitating smooth transport and faster delivery times. Additionally, the integrated ecosystem at MET, which includes residential and commercial facilities, ensures access to a skilled workforce and long-term operational sustainability. This facility is expected

Total Sale of Products	19,450.77	17,931.74
Total Sale of Service	68.79	61.75
% growth	11.41%	

Other Income

Other Income reduced by (₹ 259.16) Lakhs and (42.29%), from ₹ 612.79 Lakhs in the fiscal year ended March 31, 2023 to ₹ 353.63 Lakhs in the fiscal year ended March 31, 2024. This decrease was mainly due to reduction in recovery of freight expenses from customers by ₹ 171.32 Lakhs from and (53.25%), from ₹ 321.72 Lakhs in the fiscal year ended March 31, 2023 to ₹ 150.39 Lakhs in the fiscal year ended March 31, 2024.

Expenses

Total Expenses marginally increased by ₹ 378.89 Lakhs and 2.12%, from ₹ 17,885.38 Lakhs in the fiscal year ended March 31, 2023 to ₹ 18,264.27 Lakhs in the fiscal year ended March 31, 2024. This increase was mainly due to increase in volume of operation and expenses incurred for future growth during the Fiscal Year. Total expenses reduced as a % of total revenue from 96.13% in fiscal year ended March 31, 2023 to 91.90% in fiscal year ended March 31, 2024.

Cost of Material Consumed

Cost of Material Consumed increased by ₹ 54.73 Lakhs and 0.73% from ₹ 7,480.42 Lakhs in the fiscal year ended March 31, 2023 to ₹ 7,535.16 Lakhs in the fiscal year ended March 31, 2024 this slight increase in material costs was primarily driven by the higher purchase of raw materials as safety stock. The cost of Material Consumed decreased as a percentage of total revenue from 40.20% in the fiscal year ended March 31, 2023 to 37.92% in the fiscal year ended March 31, 2024. This was primarily driven by the rise in both the volume and value of export sales, which grew from 31.73% to 35.71% of the total revenue. Furthermore, the optimization of material usage implemented in the previous year had started delivering further benefits in the current year.

Purchase of stock in trade

Purchase of stock in trade decreased by ₹ 1,125.84 Lakhs and (14.70%) from ₹ 7,656.31 Lakhs in the fiscal year ended March 31, 2023 to ₹ 6,530.46 Lakhs in the fiscal year ended March 31, 2024 and as a percentage of total revenue from 41.15% in the fiscal year ended March 31, 2023 to 32.86% in the fiscal year ended March 31, 2024. This reduction in stock purchases was primarily due to the availability of ₹1,341.19 Lakhs worth of Finished Goods already in inventory at the beginning of the fiscal year. These finished goods, which were already stocked, helped the company meet market demand without the need to procure additional stock, thereby reducing the overall purchases for the year.

Changes in Inventories

Changes in Inventories was at ₹ 844.69 Lakhs in the fiscal year ended March 31, 2024, compared to ₹ (750.96) Lakhs in the fiscal year ended March 31, 2023. This significant increase in the expense was primarily attributable to the sale of inventory held as at fiscal year ended March 31, 2023. The company held lower closing stock of finished goods in FY ended March 31, 2024, due to the earlier onset of peak demand season. The company had held higher closing inventory in FY 23 in anticipation of demand for FY 24 as a result, the company was able to enjoy a higher margin in FY 24.

Employee Benefit Expenses

Employee Benefit Expenses marginally increased by ₹ 41.65 Lakhs and 6.13% from ₹ 1,177.38 Lakhs in the fiscal year ended March 31, 2023 to ₹ 1,219.03 Lakhs in the fiscal year ended March 31, 2024. This increase was primarily due to increase in Salaries and wages by ₹ 38.95 Lakhs from ₹ 1,081.79 Lakhs in fiscal year ended March 31, 2023 to ₹1,120.75 Lakhs in fiscal year ended March 31, 2024.

Finance Costs

Finance Costs increased by ₹ 20.92 Lakhs and 53.51% from ₹ 39.09 Lakhs in the fiscal year ended March 31, 2023 to ₹ 60.01 Lakhs in the fiscal year ended March 31, 2024. The increase was mainly because of increase in interest expenses on Overdraft facility and sanction of a new term loan.

Depreciation and Amortisation Expense

Depreciation and Amortisation Expense marginally increased by ₹ 0.24 Lakhs and 0.20% from ₹ 38.90 Lakhs in the fiscal year ended March 31, 2023 to ₹ 39.14 Lakhs in the fiscal year ended March 31, 2024.

Administrative and Other Expenses

Administrative and Other Expenses decreased by ₹ 208.46 Lakhs and (9.29%) from ₹ 2,244.24 Lakhs in the fiscal year ended March 31, 2023 to ₹ 2,035.78 Lakhs in the fiscal year ended March 31, 2024. This is primarily attributable due to decrease in warranty and services expenses by ₹ 423.59 Lakhs from ₹ 478.24 Lakhs in fiscal year ended March 31, 2023 to ₹ 54.65 Lakhs in fiscal year ended March 31, 2023 and increase in Legal & Professional Charges by ₹ 210.91 Lakhs.

EBITDA

EBITDA has increased by ₹ 909.19 Lakhs and 113.81% from ₹ 798.89 Lakhs in the fiscal year ended March 31, 2023 to ₹ 1,708.08 Lakhs in the fiscal year ended March 31, 2024.

Net Profit after Tax and Extraordinary items

Net Profit has increased by ₹ 613.34 Lakhs and 118.94% from ₹ 515.66 Lakhs in the fiscal year ended March 31, 2023 to profit of ₹ 1,129.00 Lakhs in the fiscal year ended March 31, 2024. Net profit had increased due factors mentioned above.

FISCAL YEAR ENDED MARCH 31, 2023 COMPARED WITH THE FISCAL YEAR ENDED MARCH 31, 2022

Revenue from Operations

Revenue from operation has increased by ₹ 1,609.23 Lakhs and 9.82% from ₹ 16,384.26 Lakhs in the fiscal year ended March 31, 2022 to ₹ 17,993.49 Lakhs in the fiscal year ended March 31, 2023. Other Income

Other Income increased by ₹ 156.29 Lakhs and 34.24%, from ₹ 456.50 Lakhs in the fiscal year ended March 31, 2022 to ₹ 612.79 Lakhs in the fiscal year ended March 31, 2023. This increase was mainly due to export incentives of ₹ 104.24 Lakhs in fiscal year 2023.

Expense

Total Expense increased by ₹ 1,597.00 Lakhs and 9.80% from ₹ 16,288.38 Lakhs in the fiscal year ended March 31, 2022 to ₹ 17,885.38 Lakhs in the fiscal year ended March 31, 2023. This increase was mainly due to increase in volume of operation and expense incurred for future growth during the Fiscal Year. Total expenses slightly reduced as a % of total revenue from 96.72% in fiscal year ended March 31, 2022 to 96.13% in fiscal year ended March 31, 2023.

Cost of Material Consumed

Cost of Material Consumed decreased by ₹ 1,836.20 Lakhs and (19.71%) from ₹ 9,316.62 Lakhs in the fiscal year ended March 31, 2022 to ₹ 7,480.42 Lakhs in the fiscal year ended March 31, 2023. This significant reduction in costs was primarily attributed to the commencement of in-house assembling of Transformers. By bringing the assembly process in-house, the company was able to streamline production, reduce outsourcing expenses, and achieve greater control over the cost structure. This shift allowed the company to expand profit margins while also optimizing material usage, leading to a decrease in the overall material cost consumed. Additionally, the negative impact of the Covid-19 pandemic which resulted in an increase in cost of components, caused due to shortage of supply during the pandemic was significantly reduced, thus contributing to a further reduction in the cost of materials consumed.

Purchase of stock in trade

Purchase of stock in trade increased by ₹ 3,332.28 Lakhs and 77.06% from ₹ 4,324.03 Lakhs in the fiscal year ended March 31, 2022 to ₹ 7,656.31 Lakhs in the fiscal year ended March 31, 2023. This increase was primarily driven by the rise in the prices of Batteries and Solar Panels, which led to higher procurement costs. In addition to price increases, the management made higher purchases of stock in anticipation of further price hikes.

Changes in Inventories

Changes in Inventories was at ₹ (750.96) Lakhs in the fiscal year ended March 31, 2023, compared to ₹ (143.00) Lakhs in the fiscal year ended March 31, 2022, reflecting a significant decrease of 425.15%. Primarily this increase in inventory was due to finished goods held in closing stock was in preparation of demand for the peak summer season.

Employee Benefit Expenses

Employee Benefit Expenses increased by ₹ 260.61 Lakhs and 28.43% from ₹ 916.77 Lakhs in the fiscal year ended March 31, 2022 to ₹ 1,177.38 Lakhs in the fiscal year ended March 31, 2023. The overall Employee Benefit Expenses increased due to the increase in number of our employees as a result of growth in our business and annual increments given to our employees. Our number of employees increase to 180 employees as of March 31, 2023, from 142 employees as of March 31, 2022

This being an initial public offer of the Equity Shares of our Company, the Equity Shares are not listed on any stock exchange and accordingly, no stock market data is available for the Equity Shares.

MECHANISM FOR REDRESSAL OF INVESTOR GRIEVANCES

The Registrar Agreement provides for retention of records with the Registrar to the Offer for a period of three years from the date of listing and commencement of trading of the Equity Shares to enable the Bidders to approach the Registrar to the Offer for redressal of their grievances. The Registrar to the Offer shall obtain the required information from the SCSBs for addressing any clarifications or grievances of ASBA Bidders.

All grievances, other than of Anchor Investors may be addressed to the Registrar to the Offer with a copy to the relevant Designated Intermediary with whom the ASBA Form was submitted, giving full details such as name of the sole or First Bidder, ASBA Form number, Bidder's DP ID, Client ID, PAN, address of Bidder, number of Equity Shares applied for, ASBA Account number in which the amount equivalent to the Bid Amount was blocked or the UPI ID (for UPI Bidders who make the payment of Bid Amount through the UPI Mechanism), date of ASBA Form and the name and address of the relevant Designated Intermediary where the Bid was submitted. Further, the Bidder shall enclose the Acknowledgment Slip or the application number from the Designated Intermediary in addition to the documents or information mentioned hereinabove. All grievances relating to Bids submitted through Registered Brokers may be addressed to the Stock Exchange with a copy to the Registrar to the Offer.

All grievances of the Anchor Investors may be addressed to the Registrar to the Offer, giving full details such as the name of the sole or First Bidder, Bid cum Application Form number, Bidders' DP ID, Client ID, PAN, date of the Bid cum Application Form, address of the Bidder, number of the Equity Shares applied for, Bid Amount paid on submission of the Bid cum Application Form and the name and address of the Lead Manager where the Bid cum Application Form was submitted by the Anchor Investor.

In case of any delay in unblocking of amounts in the ASBA Accounts exceeding four Working Days from the Bid / Offer Closing Date, the Bidder shall be compensated at a uniform rate of ₹ 100 per day for the entire duration of delay exceeding four Working Days from the Bid / Offer Closing Date by the intermediary responsible for causing such delay in unblocking. The Lead Manager shall, in their sole discretion, identify and fix the liability on such intermediary or entity responsible for such delay in unblocking.

In terms of SEBI circular SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021, as amended pursuant to SEBI circular SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, the SEBI circular SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022, and SEBI master circular no. SEBI/HO/CFD/PoD-2/P/CIR/2023/00094 dated June 21, 2023, and subject to applicable law, any ASBA Bidder whose Bid has not been considered for Allotment, due to failure on the part of any SCSB, shall have the option to seek redressal of the same by the concerned SCSB within three months of the date of listing of the Equity Shares. SCSBs are required to resolve these complaints within 15 days, failing which the concerned SCSB would have to pay interest at the rate of 15% per annum for any delay beyond this period of 15 days. Further, the investors shall be compensated by the SCSBs in accordance with SEBI circular SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021 in the events of delayed unblock for cancelled/withdrawn/deleted applications, blocking of multiple amounts for the same UPI application, blocking of more amount than the application amount, delayed unblocking of amounts for nonallotted/partially-allotted applications, for the stipulated period. In an event there is a delay in redressal of the investor grievance in relation to unblocking of amounts, the Lead Manager shall compensate the investors at the rate higher of ₹100 or 15% per annum of the application amount for the period of such delay. Further, in terms of SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022, the payment of processing fees to the SCSBs shall be undertaken pursuant to an application made by the SCSBs to the Lead Manager, and such application shall be made only after (i) unblocking of application amounts for each application received by the SCSB has been fully completed, and (ii) applicable compensation relating to investor complaints has been paid by the SCSB.

The following compensation mechanism has become applicable for investor grievances in relation to Bids made through the UPI Mechanism for public issues opening on or after May 1, 2021, for which the relevant SCSBs shall be liable to compensate the investor:

Scenario	Compensation amount	Compensation period
Delayed unblock for cancelled / withdrawn / deleted applications	₹100 per day or 15% per annum of the Bid Amount, whichever is higher	From the date on which the request for cancellation / withdrawal / deletion is placed on the bidding platform of the Stock Exchange till the date of actual unblock

Blocking of multiple amounts for the same Bid made through the UPI Mechanism	Instantly revoke the blocked funds other than the original application amount and ₹100 per day or 15% per annum of the total cumulative blocked amount except the original Bid Amount, whichever is higher	From the date on which multiple amounts were blocked till the date of actual unblock
Blocking more amount than the Bid Amount	Instantly revoke the difference amount, i.e., the blocked amount less the Bid Amount and ₹100 per day or 15% per annum of the difference amount, whichever is higher	From the date on which the funds to the excess of the Bid Amount were blocked till the date of actual unblock
Delayed unblock for non – Allotted / partially Allotted applications	₹100 per day or 15% per annum of the Bid Amount, whichever is higher	From the Working Day subsequent to the finalisation of the Basis of Allotment till the date of actual unblock

Further, in the event there are any delays in resolving the investor grievance beyond the date of receipt of the complaint from the investor, for each day delayed, the Lead Manager shall be liable to compensate the investor ₹ 100 per day or 15% per annum of the Bid Amount, whichever is higher. The compensation shall be payable for the period ranging from the day on which the investor grievance is received till the date of actual unblock.

Our Company, the Selling Shareholders, the Lead Manager and the Registrar to the Offer accept no responsibility for errors, omissions, commission or any acts of SCSBs including any defaults in complying with its obligations under applicable SEBI ICDR Regulations. In terms of SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2018/22, dated February 15, 2018, any ASBA Bidder whose Bid has not been considered for Allotment, due to failure on the part of any SCSB, shall have the option to seek redressal of the same by the concerned SCSB within three months of the date of listing of the Equity Shares. SCSBs are required to resolve these complaints within 15 days, failing which the concerned SCSB would have to pay interest at the rate of 15% per annum for any delay beyond this period of 15 days.

For helpline details of the Lead Manager pursuant to the SEBI/HO/CFD/DIL-2/OW/P/2021/2481/1/M dated March 16, 2021, see “*General Information*” on page 67.

Further, the Bidder shall also enclose a copy of the Acknowledgment Slip duly received from the concerned Designated Intermediary in addition to the information mentioned hereinabove.

All grievances relating to Bids submitted with Registered Brokers may be addressed to the Stock Exchanges with a copy to the Registrar to the Offer. The Registrar to the Offer shall obtain the required information from the SCSBs and Sponsor Banks for addressing any clarifications or grievances of ASBA Bidders. Our Company, the Selling Shareholders, the Lead Manager and the Registrar to the Offer accept no responsibility for errors, omissions, commission or any acts of SCSBs including any defaults in complying with its obligations under the SEBI ICDR Regulations.

Anchor Investors are required to address all grievances in relation to the Offer to the Lead Manager.

Further, the Bidder shall also enclose a copy of the Acknowledgment Slip duly received from the concerned Designated Intermediary in addition to the information mentioned herein.

Our Company has also appointed Rajbir Sharma as Company Secretary and Compliance officer for the Offer. For further details, see “*General Information*” on page 67.

Pursuant to Section 29 of the Companies Act and the SEBI ICDR Regulations, the Equity Shares shall be Allotted only in dematerialised form. As per the SEBI ICDR Regulations, the trading of Equity Shares shall only be in dematerialised form. In this context, two agreements have been signed amongst our Company, the respective Depositories and the Registrar to the Offer:

1. Tripartite agreement dated December 26, 2024 amongst our Company, CDSL and Registrar to the Offer.
2. Tripartite agreement dated September 06, 2024 amongst our Company, NSDL and Registrar to the Offer.

Minimum Application Value, Market Lot And Trading Lot

The trading of the Equity Shares will happen in the minimum contract size of [●] Equity Shares and the same may be modified by the Emerge Platform of NSE from time to time by giving prior notice to investors at large. Allocation and allotment of Equity Shares through this Offer will be done in multiples of [●] Equity Shares and is subject to a minimum allotment of [●] Equity Shares to the successful applicants in terms of the SEBI circular No CIR/MRD/DSA/06/2012 dated February 21, 2012.

Further, in accordance with SEBI ICDR Regulations the minimum application size in terms of number of specified securities shall not be less than ₹1.00 Lakh per application.

Minimum Number of Allottees

The minimum number of allottees in the Offer shall be 50 shareholders in case the number of prospective allottees is less than 50, no allotment will be made pursuant to this Offer and the amounts in the ASBA Account shall be unblocked forthwith.

Joint holders

Where two or more persons are registered as the holders of the Equity Shares, they will be deemed to hold such Equity Shares as joint tenants with benefits of survivorship.

Jurisdiction

Exclusive jurisdiction for the purpose of this Offer is with the competent courts/authorities in Gurgaon, Haryana.

The Equity Shares have not been and will not be registered under the U.S. Securities Act or any state securities laws in the United States and may not be offered or sold within the United States, except pursuant to an exemption from or in a transaction not subject to, registration requirements of the Securities Act. Accordingly, the Equity Shares are only being offered or sold outside the United States in compliance with Regulation S under the Securities Act and the applicable laws of the jurisdictions where those offers and sales occur.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

Nomination facility to Investors

In accordance with Section 72 of the Companies Act, 2013, the sole or first applicant, along with other joint applicant, may nominate any one person in whom, in the event of the death of sole applicant or in case of joint applicant, death of all the applicants, as the case may be, the Equity Shares allotted, if any, shall vest. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall in accordance with Section 72 (3) of the Companies Act, 2013, be entitled to the same advantages to which he or she would be entitled if he or she were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in accordance to Section 72 (4) of the Companies Act, 2013, any person to become entitled to Equity Share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale of equity share(s) by the person nominating. A buyer will be entitled to make a fresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at the Registered Office of our Company or to the Registrar and Transfer Agents of our Company.

In accordance with Articles of Association of the Company, any Person who becomes a nominee by virtue of Section 72 of the Companies Act, 2013, shall upon the production of such evidence as may be required by the Board, elect either:

- a) to register himself or herself as the holder of the Equity Shares; or
- b) to make such transfer of the Equity Shares, as the deceased holder could have made

Further, the Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the Equity Shares, and if the notice is not complied with within a period of ninety days, the Board may thereafter withhold payment of all dividends, bonuses or other moneys payable in respect of the Equity Shares, until the requirements of the notice have been complied with.

Since the Allotment of Equity Shares in the Offer will be made only in dematerialised mode there is no need to make a separate nomination with our Company. Nominations registered with respective Depository Participant of the Applicant would prevail. If the Applicant wants to change the nomination, they are requested to inform their respective Depository Participant.

Withdrawal of the Offer

Our Company and the Selling Shareholders in consultation with the Lead Manager, reserve the right not to proceed with the Offer at any time before the Offer Opening Date without assigning any reason thereof.

If our Company withdraws the Offer any time after the Offer Opening Date but before the allotment of Equity Shares, a public notice within 2 (two) working days of the Offer Closing Date, providing reasons for not

proceeding with the Offer shall be issued by our Company. The notice of withdrawal will be issued in the same newspapers where the pre-Offer advertisements have appeared and the Stock Exchange will also be informed promptly. The Lead Manager, through the Registrar to the Offer, will instruct the SCSBs to unblock the ASBA Accounts within 1 (one) Working Day from the day of receipt of such instruction.

If our Company withdraws the Offer after the Offer Closing Date and subsequently decides to proceed with an Offer of the Equity Shares, our Company will have to file a fresh Draft Prospectus with the stock exchange where the Equity Shares may be proposed to be listed.

Notwithstanding the foregoing, the Offer is subject to obtaining the final listing and trading approval of the Stock Exchange with respect to the Equity Shares Issued through the Prospectus, which our Company will apply for only after Allotment.

In terms of Regulation 265 of SEBI ICDR Regulations, the Offer shall be open after at least three (3) working days from the date of filing the Prospectus with the Registrar of Companies.

In terms of Regulation 266 (3) of SEBI ICDR Regulations, in case of force majeure, banking strike or similar circumstances, our Company may, for reasons to be recorded in writing, extend the Offer Period disclosed in the Prospectus, for a minimum period of three (3) working days, subject to the provisions of Regulation 266(1).

The above timetable is indicative and does not constitute any obligation on our Company or the Lead Manager.

Whilst our Company shall ensure that all steps for the completion of the necessary formalities for the listing and the commencement of trading of the Equity Shares on the Stock Exchange are taken within 6 Working Days of the Offer Closing Date, the timetable may change due to various factors, such as extension of the Offer Period by our Company and Selling Shareholders, or any delays in receiving the final listing and trading approval from the Stock Exchange. The Commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchange and in accordance with the applicable laws. The commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchanges and in accordance with the applicable laws.

Each of the Selling Shareholders confirms that it shall extend such reasonable support and co-operation in relation to its respective portion of the Offered Shares for completion of the necessary formalities for listing and commencement of trading of the Equity Shares at the Stock Exchanges within Six Working Days from the Offer Closing Date or such other period as may be prescribed by SEBI.

Applications and any revision to the same shall be accepted only between 10.00 a.m. and 5.00 p.m. (IST) during the Offer Period (except for the Offer Closing Date). On the Offer Closing Date, the Applications and any revision to the same shall be accepted between 10.00 a.m. and 3.00 p.m. (IST) or such extended time as permitted by the Stock Exchanges, in case of Applications by Retail Individual Investors after taking into account the total number of applications received up to the closure of timings and reported by the Lead Manager to the Stock Exchanges. It is clarified that Applications not uploaded on the electronic system would be rejected. Applications will be accepted only on Working Days, i.e., Monday to Friday (excluding any public holiday).

Due to limitation of time available for uploading the Applications on the Offer Closing Date, the Applicants are advised to submit their applications one day prior to the Offer Closing Date and, in any case, no later than 3.00 p.m. (IST) on the Offer Closing Date. All times mentioned in this Draft Prospectus are Indian Standard Times. Applicants are cautioned that in the event a large number of Applications are received on the Offer Closing Date, as is typically experienced in public offerings, some Applications may not get uploaded due to lack of sufficient time. Such Applications that cannot be uploaded will not be considered for allocation under the Offer. Applications will be accepted only on Business Days. Neither our Company nor the Lead Manager is liable for any failure in uploading the Applications due to faults in any software/hardware system or otherwise.

In accordance with the SEBI ICDR Regulations, QIBs and Non-Institutional Investors are not allowed to withdraw or lower the size of their applications (in terms of the quantity of the Equity Shares or the Applications Amount) at any stage. Retail Individual Investors can revise or withdraw their Applications prior to the Offer Closing Date. Except Allocation to Retail Individual Investors, Allocation in the Offer will be on a proportionate basis.

In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical or the electronic Application Form, for a particular Applicant, the details as per the file received from the Stock Exchange may be taken as the final data for the purpose of Allotment. In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical or electronic Application Form, for a particular ASBA Applicant, the Registrar to the Offer shall ask the relevant SCSB or the member of the Syndicate for rectified data.

It is clarified that applications not uploaded on the electronic bidding system or in respect of which the full application Amount is not blocked by SCSBs or under the UPI Mechanism, as the case may be, would be rejected.

Minimum subscription

In accordance with Regulation 260 (1) of the SEBI ICDR Regulations, our Offer shall be hundred percent underwritten. Thus, the underwriting obligations shall be for the entire hundred percent of the offer through the draft Prospectus and shall not be restricted to the minimum subscription level. Further, in accordance with

Regulation 267 (2) of the SEBI ICDR Regulations, our Company shall ensure that the minimum application size shall not be less than ₹ 1,00,000 (Rupees One Lakh) per application.

This Offer is not restricted to any minimum subscription level. This Offer is 100% underwritten per Regulation 260(1) of SEBI ICDR Regulations.

As per Section 39 of the Companies Act, 2013, if the “stated minimum amount” has not been subscribed and the sum payable on application is not received within a period of 30 days from the date of Prospectus, the application money has to be returned within such period as may be prescribed. If our Company does not receive the 100% subscription of the Offer through the Offer Document including devolvment of Underwriters, our Company shall forthwith refund the entire subscription amount received within 15 days from the closure of the Offer, if there is a delay beyond such time, our Company and every officer in default will, on and from the expiry of this period, be jointly and severally liable to repay the money, with interest as prescribed under the SEBI ICDR Regulations, the Companies Act, 2013 and applicable laws.

The minimum number of allottees in this Offer shall be 50 shareholders. In case the minimum number of prospective allottees is less than fifty (50), no allotment will be made pursuant to this Offer and the monies blocked by the SCSBs shall be unblocked within four (4) working days of closure of Offer.

In accordance with Regulation 260 (1) of the SEBI ICDR Regulations, our Offer shall be hundred percent underwritten. Thus, the underwriting obligations shall be for the entire hundred percent of the Offer through this Draft Prospectus and shall not be restricted to the minimum subscription level. Further, in accordance with Regulation 267 (2) of the SEBI ICDR Regulations, our Company shall ensure that the minimum application size shall not be less than ₹ 1,00,000 (Rupees One Lakh) per application.

The Equity Shares have not been and will not registered, listed or otherwise qualified in any other jurisdiction outside India and may not be issued or sold, and applications may not be made by persons in any such jurisdiction, except in compliance with the application law of such jurisdiction.

Arrangements for disposal of odd lots

The trading of the Equity Shares will happen in the minimum contract size of [●] shares in terms of the SEBI circular No. CIR/MRD/DSA/06/2012 dated February 21, 2012. However, the Market Maker shall buy the entire shareholding of a shareholder in one lot, where value of such shareholding is less than the minimum contract size allowed for trading on the NSE Emerge.

Application by Eligible NRIs, FPIs or VCFs registered with SEBI

It is to be understood that there is no reservation for Eligible NRIs, FPIs or VCF registered with SEBI. Such Eligible NRIs, FPIs or VCF registered with SEBI will be treated on the same basis with other categories for the purpose of Allocation.

SEBI vide the UPI Circulars, has introduced an alternate payment mechanism using Unified Payments Interface (“**UPI**”) and consequent reduction in timelines for listing in a phased manner. SEBI vide the UPI Circulars, has introduced an alternate payment mechanism using UPI and consequent reduction in timelines for listing in a phased manner. From January 1, 2019, the UPI mechanisms for RIIs applying through Designated Intermediaries have been made effective along with the existing process and existing timeline of T+6 days (“**UPI Phase I**”). The same was applicable until June 30, 2019.

With effect from July 1, 2019, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/76 dated June 28, 2019, read with circular bearing number SEBI/HO/CFD/DIL2/CIR/P/2019/85 dated July 26, 2019 with respect to Applications by RIIs through Designated Intermediaries (other than SCSBs), the existing process of physical movement of forms from such Designated Intermediaries to SCSBs for blocking of funds has been discontinued and only the UPI Mechanism for such Applications with existing timeline Of T+6 days will continue for a period of three months or launch of five main board public offers, whichever is later (“**UPI Phase II**”), Further pursuant to SEBI circular SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020 extended the timeline for implementation of UPI Phase II till further notice. However, given the prevailing uncertainty due to the COVID-19 pandemic, SEBI vide its circular no. The final reduced timeline of T+3 days be made effective using the UPI Mechanism for applications by RIIs (“**UPI Phase III**”), and modalities of the implementation of UPI Phase III was notified by SEBI vide its circular no. SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 09, 2023 and made effective on a voluntary basis for all issues opening on or after September 01, 2023 and on a mandatory basis for all issues opening on or after December 01, 2023 (“**T+3 SEBI Circular**”). The Offer will be undertaken pursuant to the processes and procedures under UPI Phase III, subject to any circulars, clarification or notification issued by the SEBI from time to time.

Further, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021 as amended pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022 and SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2022/75 dated May 30, 2022 has introduced certain additional measures for

streamlining the process of initial public offers and redressing investor grievances. This circular shall come into force for initial public offers opening on/or after May 01, 2021, except as amended pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, and the provisions of this circular, are deemed to form part of the Prospectus. Furthermore, pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/P/2022/45 dated April 5, 2022, all individual applicants in initial public offerings (opening on or after May 1, 2022) whose application sizes are up to ₹500,000 shall use the UPI Mechanism. Subsequently, pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2022/75 dated May 30, 2022, applications made using the ASBA facility in initial public offerings (opening on or after September 1, 2022) shall be processed only after application monies are blocked in the bank accounts of investors (all categories). These circulars are effective for initial public offers opening on/or after May 1, 2021, and the provisions of these circulars, as amended, are deemed to form part of this Draft Prospectus.

Accordingly, the Offer will be made under UPI Phase III on a mandatory basis, subject to any circulars, clarification or notification issued by the SEBI from time to time.

In case of any delay in unblocking of amounts in the ASBA Accounts (including amounts blocked through the UPI Mechanism) exceeding Two (2) Working Days from the Offer Closing Date, the Applicant shall be compensated at a uniform rate of ₹100 per day for the entire duration of delay exceeding Two (2) Working Days from the Offer Closing Date by the intermediary responsible for causing such delay in unblocking. The Lead Manager shall, in their sole discretion, identify and fix the liability on such intermediary or entity responsible for such delay in unblocking. Further, SEBI vide its circular no. SEBI/HO/CFD/DIL1/CIR/P/2021/47 dated March 31, 2021, has reduced the timelines for refund of Application money to four days.

Our Company, Selling Shareholders and Lead Manager do not accept any responsibility for the completeness and accuracy of the information stated in this section and the General Information Document and is not liable for any amendment, modification or change in the applicable law which may occur after the date of this Draft Prospectus. Applicants are advised to make their independent investigations and ensure that their applications are submitted in accordance with applicable laws and do not exceed the investment limits or maximum number of Equity Shares that can be held by them under applicable law or as specified in this Draft Prospectus and the Prospectus.

Further, the Company, Selling Shareholders and the Lead Manager are not liable for any adverse occurrences' consequent to the implementation of the UPI Mechanism for application in this Offer.

Investors must ensure that their PAN is linked with Aadhar and are in compliance with the notification by the Central Board of Direct Taxes dated February 13, 2020 read with press release dated June 25, 2021 and September 17, 2021.

Bidders should note that the Equity Shares will be Allotted to all successful Bidders only in dematerialised form. The Bid cum Application Forms which do not have the details of the Bidders' depository account, including DP ID, Client ID, PAN and UPI ID, for UPI Bidders using the UPI Mechanism, shall be treated as incomplete and will be rejected. However, they may get the Equity Share rematerialized subject to allotment of the equity shares in the Offer, subject to applicable laws.

Phased implementation of Unified Payments Interface

SEBI has issued UPI Circulars in relation to streamlining the process of public Offer of equity shares and convertibles. Pursuant to the UPI Circulars, the UPI Mechanism has been introduced in a phased manner as a payment mechanism (in addition to mechanism of blocking funds in the account maintained with SCSBs under the ASBA) for applications by RIIs through intermediaries with the objective to reduce the time duration from public Offer closure to listing from six working days to up to three working days. Considering the time required for making necessary changes to the systems and to ensure complete and smooth transition to the UPI payment mechanism, the UPI Circular proposes to introduce and implement the UPI payment mechanism in three phases in the following manner:

Phase I: This phase has become applicable from January 1, 2019 and will continue till June 30, 2019. Under this phase, a Retail Individual Investor would also have the option to submit the Application Form with any of the intermediary and use his / her UPI ID for the purpose of blocking of funds. The time duration from public Offer closure to listing would continue to be six working days.

Phase II: This phase commenced on completion of Phase I, i.e., with effect from July 1, 2019 and was to be continued for a period of three months or launch of five main board public issues, whichever is later. Further, as per the SEBI circular SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 8, 2019, the UPI Phase II has been

extended until March 31, 2020. Further still, as per SEBI circular SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020, the current Phase II of Unified Payments Interface with Application Supported by Blocked Amount be continued till further notice. Under this phase, submission of the Application Form by a Retail Individual Investor through intermediaries to SCSBs for blocking of funds will be discontinued and will be replaced by the UPI Mechanism. However, the time duration from public Offer closure to listing would continue to be six working days during this phase.

Phase III: The commencement period of Phase III is yet to be notified. In this phase, the time duration from public Offer closure to listing is proposed to be reduced to three working days.

Pursuant to the UPI Circulars, SEBI has set out specific requirements for redressal of investor grievances for applications that have been made through the UPI Mechanism. The requirements of the UPI Circulars include, appointment of a nodal officer by the SCSB and submission of their details to SEBI, the requirement for SCSBs to send SMS alerts for the blocking and unblocking of UPI mandates, the requirement for the Registrar to submit details of cancelled, withdrawn or deleted applications, and the requirement for the bank accounts of unsuccessful applicants to be unblocked no later than one day from the date on which the Basis of Allotment is finalised. Failure to unblock the accounts within the timeline would result in the SCSBs being penalised under the relevant securities law. Additionally, if there is any delay in the redressal of investors' complaints, the relevant SCSB as well as the post-Offer LM will be required to compensate the concerned investor.

The Offer will be made under UPI Phase II of the UPI Circular, unless UPI Phase III of the UPI Circular becomes effective and applicable on or prior to the Offer Opening Date. All SCSBs offering facility of making application in public Offers shall also provide facility to make application using UPI.

Our Company and the Selling Shareholders will be required to appoint one or more of the SCSBs as a Sponsor Bank(s) to act as a conduit between the Stock Exchanges and NPCI in order to facilitate collection of requests and / or payment instructions of the UPI Investors.

The processing fees may be released to the remitter banks (SCSBs) only after an application is made by the SCSBs to the Lead Manager with a copy to the Registrar, and such application shall be made only after (i) unblocking of application amounts for each application received by the SCSB has been fully completed, and (ii) applicable compensation relating to investor complaints has been paid by the SCSB in accordance with April 20, 2022 Circular.

For further details, refer to the General Information Document available on the websites of the Stock Exchange and the Lead Manager.

Fixed Price Offer Procedure

The Offer is being made in compliance with the provisions of Chapter IX of SEBI ICDR Regulations through a Fixed Price Process wherein 50% of the Net Offer is allocated for Retail Individual Investors and the balance shall be offered to individual applicants other than Retail Individual Investors and other investors including Corporate Bodies or Institutions, QIBs and Non-Institutional Investors. However, if the aggregate demand from the Retail Individual Investors is less than 50%, then the balance Equity Shares in that portion will be added to the non-retail portion offered to the remaining investors including QIBs and NIIs and vice-versa subject to valid Applications being received from them at or above the Offer Price.

Additionally, if the Retail Individual Investors category is entitled to more than 50% on proportionate basis, the Retail Individual Investors shall be allocated that higher percentage.

Subject to the valid Applications being received at the Offer Price, allocation to all categories in the Net Offer, shall be made on a proportionate basis, except for the Retail Portion where Allotment to each Retail Individual Investors shall not be less than the minimum lot, subject to availability of Equity Shares in Retail Portion, and the remaining available Equity Shares, if any, shall be allotted on a proportionate basis. Under subscription if any, in any category, except in the QIB Portion, would be allowed to be met with spill over from any other category or a combination of categories at the discretion of our Company in consultation with the Lead Manager and the Stock Exchange.

Investors should note that according to section 29(1) of the Companies Act, 2013, allotment of Equity Shares to all successful Applicants will only be in the dematerialised form. The Application Forms which do not have the details of the Applicant's depository account including DP ID, PAN and Beneficiary Account

Number/UPI ID (for RII Applicants using the UPI Mechanism), shall be treated as incomplete and rejected. In case DP ID, Client ID and PAN mentioned in the Application Form and entered into the electronic system of the stock exchanges, do not match with the DP ID, Client ID and PAN available in the depository database, the application is liable to be rejected. Applicants will not have the option of getting allotment of the Equity Shares in physical form. The Equity Shares on allotment shall be traded only in the dematerialised segment of the Stock Exchange.

Applicants are advised to make their independent investigations and ensure that the number of Equity Shares applied for do not exceed the applicable limits under laws or regulations.

BASIS OF ALLOTMENT

Allotment will be made in consultation with the Designated Stock Exchange i.e. National Stock Exchange of India Limited ("NSE"). In the event of oversubscription, the allotment will be made on a proportionate basis in marketable lots as set forth here:

1. The total number of Shares to be allocated to each category as a whole shall be arrived at on a proportionate basis i.e., the total number of Shares applied for in that category multiplied by the inverse of the over subscription ratio (number of applicants in the category X number of Shares applied for).
2. The number of Shares to be allocated to the successful applicants will be arrived at on a proportionate basis in marketable lots (i.e., Total number of Shares applied for into the inverse of the over subscription ratio). For applications where the proportionate allotment works out to less than [●] Equity shares the allotment will be made as follows:
 - (a) Each successful applicant shall be allotted [●] Equity shares; and
 - (b) The successful applicants out of the total applicants for that category shall be determined by the drawl of lots in such a manner that the total number of Shares allotted in that category is equal to the number of Shares worked out as per (2) above.
3. If the proportionate allotment to an applicant works out to a number that is not a multiple of [●] Equity shares, the applicant would be allotted Shares by rounding off to the nearest multiple of [●] Equity shares subject to a minimum allotment of [●] Equity shares.
4. If the Shares allotted on a proportionate basis to any category is more than the Shares allotted to the applicants in that category, the balance available Shares for allocation shall be first adjusted against any category, where the allotted Shares are not sufficient for proportionate allotment to the successful applicants in that category, the balance Shares, if any, remaining after such adjustment will be added to the category comprising of applicants applying for the minimum number of Shares. If as a result of the process of rounding off to the nearest multiple of [●] Equity shares, results in the actual allotment being higher than the shares offered, the final allotment may be higher at the sole discretion of the Board of Directors, up to 110% of the size of the Offer specified under the Capital Structure mentioned in this Draft Prospectus.
5. The above proportionate allotment of shares in an Offer that is oversubscribed shall be subject to the reservation for small individual applicants as described below:
 - (a) As the retail individual investor category is entitled to more than fifty percent on proportionate basis, the retail individual investors shall be allocated that higher percentage.
 - (b) The balance net Offer of shares to the public shall be made available for allotment to:
 - i) Individual applicants other than retails individual investors; and
 - ii) Other investors, including Corporate Bodies/ Institutions irrespective of number of shares applied for.
 - (c) The unsubscribed portion of the net Offer to any one of the categories specified in a) or b) shall/may be made available for allocation to applicants in the other category, if so required.

Retail Individual Investors' means an investor who applies for shares of value of not more than ₹2,00,000/- . Investors may note that in case of over subscription allotment shall be on proportionate basis and will be finalized in consultation with Stock Exchange.

The Executive Director / Managing Director of Stock Exchange in addition to Lead Manager and Registrar to the Public Offer shall be responsible to ensure that the basis of allotment is finalized in a fair and proper manner in

accordance with the SEBI ICDR Regulations.

Pursuant to NSE circular number NSE/CML/2024/40, dated December 10, 2024, a concurrent auditor from the NSE empanelled auditors list would be appointed, who would provide a certificate confirming adherence to the process as specified in Regulation 268(4) of SEBI ICDR Regulations and that the allocation has been made by the Registrar based on the random number generated by NSE.

PARTICIPATION BY ASSOCIATES/AFFILIATES OF LEAD MANAGER, PROMOTERS, PROMOTER GROUP AND PERSONS RELATED TO PROMOTERS/ PROMOTER GROUP

The Lead Manager shall not be entitled to subscribe to this Offer in any manner except towards fulfilling their underwriting obligations. However, associates and affiliates of the Lead Manager may subscribe to Equity Shares in the Offer, either in the QIB Portion and Non-Institutional Portion where the allotment is on a proportionate basis. The Promoters, the Selling Shareholders, Promoter Group, Lead Manager and any persons related to the Lead Manager (except Mutual Funds sponsored by entities related to the Lead Manager) cannot apply in the Offer.

APPLICATIONS BY FPIs AND FIIs

In terms of the SEBI FPI Regulations, the investment in Equity Shares by a single FPI or an investor group (which means multiple entities registered as FPIs and directly or indirectly having common ownership of more than 50% or common control) must be below 10% of our post-Offer Equity Share capital. Further, in terms of the FEMA Non-Debt Instruments Rules, the total holding by each FPI or an investor group shall be below 10% of the total paid-up Equity Share capital of our Company and the total holdings of all FPIs put together with effect from April 1, 2020, can be up to the sectoral cap applicable to the sector in which our Company operates (i.e., up to 100%). In terms of the FEMA Non-Debt Instruments Rules, for calculating the aggregate holding of FPIs in a company, holding of a ll registered FPIs shall be included.

Additionally, the aggregate foreign portfolio investment up to 49% of the paid-up capital on a fully diluted basis or the sectoral / statutory cap, whichever is lower, does not require Government approval or compliance of sectoral conditions as the case may be, if such investment does not result in transfer of ownership and control of the resident Indian company from resident Indian citizens or transfer of ownership or control to persons resident outside India. Other investments by a person resident outside India will be subject to conditions of Government approval and compliance with sectoral conditions as laid down in these regulations.

In case of Applications made by FPIs, a certified copy of the certificate of registration issued under the SEBI FPI Regulations is required to be attached to the Application Form, failing which our Company and Selling Shareholders reserves the right to reject any application without assigning any reason.

To ensure compliance with the above requirement, SEBI, pursuant to its circular dated July 13, 2018, has directed that at the time of finalization of the Basis of Allotment, the Registrar shall (i) use the PAN issued by the Income Tax Department of India for checking compliance for a single FPI; and (ii) obtain validation from Depositories for the FPIs who have invested in the Offer to ensure there is no breach of the investment limit, within the timelines for Offer procedure, as prescribed by SEBI from time to time.

A FPI may purchase or sell equity shares of an Indian company which is listed or to be listed on a recognized stock exchange in India, and/ or may purchase or sell securities other than equity instruments FPIs are permitted to participate in the Offer subject to compliance with conditions and restrictions which may be specified by the Government from time to time.

Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 21 of the SEBI FPI Regulations, an FPI, may Offer, subscribe to or otherwise deal in offshore derivative instruments (as defined under the SEBI FPI Regulations as any instrument, by whatever name called, which is offered overseas by a FPI against securities held by it in India, as its underlying) directly or indirectly, only in the event (i) such offshore derivative instruments are offered only by persons registered as Category I FPIs; (ii) such offshore derivative instruments are offered only to persons eligible for registration as Category I FPIs; (iii) such offshore derivative instruments are offered after compliance with ‘know your client’ norms; and (iv) such other conditions as may be specified by SEBI from time to time.

In case the total holding of an FPI increases beyond 10% of the total paid-up Equity Share capital, on a fully diluted basis or 10% or more of the paid-up value of any series of debentures or preference shares or share warrants offered that may be issued by our Company, the total investment made by the FPI will be re-classified as FDI subject to the conditions as specified by SEBI and the RBI in this regard and our Company and the investor will be required to comply with applicable reporting requirements.

An FPI issuing offshore derivative instruments is also required to ensure that any transfer of offshore derivative instrument is made by, or on behalf of it subject to, inter alia, the following conditions:

- (a) each offshore derivative instruments are transferred to persons subject to fulfilment of SEBI FPI Regulations; and
- (b) prior consent of the FPI is obtained for such transfer, except when the persons to whom the offshore derivative instruments are to be transferred to are pre-approved by the FPI.

The FPIs who wish to participate in the Offer is advised to use the Application Form for non-residents.

Further, Applications received from FPIs bearing the same PAN will be treated as multiple Applications and are liable to be rejected, except for Applications from FPIs that utilize the multiple investment manager structure in accordance with the Operational Guidelines for Foreign Portfolio Investors and Designated Depository Participants which were issued in November 2019 to facilitate implementation of SEBI FPI Regulations (such structure “MIM Structure”) provided such application have been made with different beneficiary account numbers, Client IDs and DP IDs. Accordingly, it should be noted that multiple application received from FPIs, who do not utilize the MIM Structure, and bear the same PAN, are liable to be rejected. In order to ensure valid application, FPIs making multiple applications using the same PAN, and with different beneficiary account numbers, Client IDs and DP IDs, were required to provide a confirmation along with each of their Application Forms that the relevant FPIs making multiple Applications utilize the MIM Structure and indicate the names of their respective investment managers in such confirmation. In the absence of such confirmation from the relevant FPIs, such multiple Applications will be rejected.

APPLICATIONS BY SEBI REGISTERED AIF, VCF AND FVCI

The SEBI VCF Regulations, the SEBI FVCI Regulations and the SEBI AIF Regulations inter-alia prescribe the investment restrictions on the VCFs, FVCIs and AIFs registered with SEBI. Further, the SEBI AIF Regulations prescribe, among others, the investment restrictions on AIFs.

The holding by any individual VCF or FVCI registered with SEBI in one venture capital undertaking should not exceed 25% of the corpus of the VCF. Further, VCFs and FVCIs can invest only up to 33.33% of the investible funds by way of subscription to an initial public offering.

The category I and II AIFs cannot invest more than 25% of the corpus in one Investee Company. A category III AIF cannot invest more than 10% of the corpus in one Investee Company. A venture capital fund registered as a category I AIF, as defined in the SEBI AIF Regulations, cannot invest more than 1/3rd of its corpus by way of subscription to an initial public offering of a venture capital undertaking. Additionally, the VCFs which have not re-registered as an AIF under the SEBI AIF Regulations shall continue to be regulated by the VCF Regulation until the existing fund or scheme managed by the fund is wound up and such funds shall not launch any new scheme after the notification of the SEBI AIF Regulations.

All FIIs and FVCIs should note that refunds, dividends and other distributions, if any, will be payable in Indian Rupees only and net of Bank charges and commission.

Our Company, Selling Shareholders or the Lead Manager will not be responsible for loss, if any, incurred by the Applicant on account of conversion of foreign currency.

All non-resident investors should note that refunds, dividends and other distributions, if any, will be payable in Indian Rupees only and net of bank charges and commission.

There is no reservation for Eligible NRIs, FPIs and FVCIs and all Applicants will be treated on the same basis with other categories for the purpose of allocation.

3. If such money is not repaid within prescribed time from the date our Company becomes liable to repay it, then our Company and every officer in default shall, on and from expiry of prescribed time, be liable to repay such application money, with interest as prescribed under SEBI ICDR Regulations, the Companies Act, 2013 and

applicable law. The Company shall use best efforts to adhere to the timelines as prescribed under SEBI Circular No. SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 09, 2023.

Grounds for Refund

Non Receipt of Listing Permission

An Issuer makes an Application to the Stock Exchange(s) for permission to deal in/list and for an official quotation of the Equity Shares. All the Stock Exchanges from where such permission is sought shall be disclosed in Prospectus. The designated Stock Exchange shall be as disclosed in the Prospectus with which the Basis of Allotment may be finalised.

If the permission to deal in and official quotation of the Equity Shares are not granted by any of the Stock Exchange(s), the Issuer may forthwith repay, without interest, all money received from the Applicants/Applicants in pursuance of the Prospectus.

In the event that the listing of the Equity Shares does not occur in the manner described in the Prospectus, then the entire subscription amount received will be refunded/unblocked within the time prescribed under applicable law. If there is delay beyond the prescribed time, our Company shall pay interest prescribed under the Companies Act, 2013, the SEBI ICDR Regulations and applicable law for the delayed period.

Mode of Refunds

a) In case of ASBA Applicants: Within such timelines as may be prescribed by SEBI, the Registrar to the Offer may give instructions to SCBs for unblocking the amount in ASBA Account on unsuccessful Application, for any excess amount blocked on Application, for any ASBA application withdrawn, rejected or unsuccessful or in the event of withdrawal or failure of the Offer

b) In the case of Applications from Eligible NRIs and FPIs, refunds, if any, may generally be payable in Indian Rupees only and net of bank charges and/ or commission. If so desired, such payments in Indian Rupees may be converted into U.S. Dollars or any other freely convertible currency as may be permitted by the RBI at the rate of exchange prevailing at the time of remittance and may be dispatched by registered post. The Company may not be responsible for loss, if any, incurred by the Applicant on account of conversion of foreign currency.

c) In case of Other Investors: Within such timelines as may be prescribed by SEBI, the Registrar to the Offer may dispatch the refund orders for all amounts payable to unsuccessful Investors. In case of Investors, the Registrar to the Offer may obtain from the depositories, the Applicants' bank account details, including the MICR code, on the basis of the DP ID, Client ID and PAN provided by the Investors in their Investor Application Forms for refunds. Accordingly, Investors are advised to immediately update their details as appearing on the records of their depositories. Failure to do so may result in delays in dispatch of refund orders or refunds through electronic transfer of funds, as applicable, and any such delay may be at the Investors' sole risk and neither the Issuer, the Registrar to the Issue, the Escrow Collection Banks, may be liable to compensate the Investors for any losses caused to them due to any such delay, or liable to pay any interest for such delay.

Interest in Case of Delay in Allotment or Refund

Our Company shall allot securities offered to the public within the period prescribed by SEBI. Our Company further agrees that it shall pay interest at the rate of 15% per annum if the allotment letters or refund orders/ unblocking instructions have not been despatched to the applicants or if, in a case where the refund or portion thereof is made in electronic manner, the refund instructions have not been given to the clearing system in the disclosed manner within 2 working days from the date of the closure of the issue.

AT PAR FACILITY

RESTRICTIONS ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991 of the Government of India and FEMA. While the Industrial Policy, 1991 prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. Under the Industrial Policy, unless specifically restricted, foreign investment is freely permitted in all sectors of the Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. The RBI and the concerned ministries/departments are responsible for granting approval for foreign investment. The Government has from time to time made policy pronouncements on FDI through press notes and press releases. The DPIIT issued the Consolidated FDI Policy Circular of 2020 (“**FDI Policy**”), which, with effect from October 15, 2020, subsumes and supersedes all press notes, press releases, clarifications, circulars issued by the DPIIT, which were in force as on October 15, 2020. The FDI Policy will be valid until the DPIIT issues an updated circular.

The transfer of shares between an Indian resident and a non-resident does not require the prior approval of the RBI, provided that: (i) the activities of the investee company are under the automatic route under the foreign direct investment policy and transfer does not attract the provisions of the SEBI SAST Regulations; (ii) the non-resident shareholding is within the sectoral limits under the FDI policy; and (iii) the pricing is in accordance with the guidelines prescribed by the SEBI/RBI.

On October 17, 2019, Ministry of Finance, Department of Economic Affairs, had notified the FEMA Rules, which had replaced the Foreign Exchange Management (Transfer and Offer of Security by a Person Resident Outside India) Regulations 2017. Foreign investment in this Offer shall be on the basis of the FEMA Rules. Further, in accordance with Press Note No. 3 (2020 Series), dated April 17, 2020 issued by the DPIIT and the Foreign Exchange Management (Nondebt Instruments) Amendment Rules, 2020 which came into effect from April 22, 2020, any investment, subscription, purchase or sale of equity instruments by entities of a country which shares land border with India or where the beneficial owner of an investment into India is situated in or is a citizen of any such country, will require prior approval of the Government, as prescribed in the Consolidated FDI Policy and the FEMA Rules. Further, in the event of transfer of ownership of any existing or future foreign direct investment in an entity in India, directly or indirectly, resulting in the beneficial ownership falling within the aforesaid restriction/ purview, such subsequent change in the beneficial ownership will also require approval of the Government. Pursuant to the Foreign Exchange Management (Non-debt Instruments) (Fourth Amendment) Rules, 2020 issued on December 8, 2020, a multilateral bank or fund, of which India is a member, shall not be treated as an entity of a particular country nor shall any country be treated as the beneficial owner of the investments of such bank or fund in India.

As per the FDI policy, the sector in which our Company operates, is permitted up to 100% of the paid-up share capital of such company under the automatic route.

As per the existing policy of the Government of India, OCBs cannot participate in this Offer. For further details, see “*Offer Procedure*” on page 247. Each Applicant should seek independent legal advice about its ability to participate in the Offer. In the event such prior approval of the Government of India is required, and such approval has been obtained, the Applicant shall intimate our Company and the Registrar in writing about such approval along with a copy thereof within the Offer Period.

The Equity Shares issued in the Offer have not been and will not be registered under the U.S. Securities Act or any state securities laws of the United States and, unless so registered, may not be issued or sold within the United States, except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable state securities laws of the United States. Accordingly, the Equity Shares are only being issued and sold only outside the United States in offshore transactions in compliance with Regulation S under the U.S. Securities Act and the applicable laws of the jurisdictions where those issues and sales occur.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be issued or sold, and Application may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

SECTION VIII- MAIN PROVISIONS OF THE ARTICLES OF ASSOCIATION

Pursuant to Schedule I of the Companies Act, 2013 and the SEBI ICDR Regulations, the Main provisions of the Articles of Association relating to voting rights, dividend, lien, forfeiture, restrictions on transfer and Transmission of equity shares or debentures, their consolidation or splitting are as provided below. Each provision below is numbered as per the corresponding article number in the articles of association and defined terms herein have the meaning given to them in the Articles of Association.

Article No.	Description
	Interpretation
I	<p>The regulations contained in Table 'F' in the Schedule I to the Companies Act, 2013 shall not apply to the Company except so far as the same are repeated, contained or expressly made applicable in these Articles or by the Act. The regulations for the management of the Company and for the observance thereof by the members thereto and their representatives, shall, subject to any exercise of the statutory powers of the Company with reference to the repeal or alteration of, or addition to, the regulations by special resolution, as prescribed or permitted by the Companies Act, 2013, be such as are contained in these Articles.</p> <p>INTERPRETATION</p> <p>1. In these regulations—</p> <p>(a) “the Act” means the Companies Act, 2013,</p> <p>(b) “the Articles” means the Articles of Association of the Company,</p> <p>(c) “the Board” means the Board of Directors of the Company,</p> <p>(d) “the Company” means Smarten Power Systems Limited</p> <p>(e) “the Director(s)” means the members of the Board of Directors of the Company.</p> <p>2. Unless the context otherwise requires, words or expressions contained in these regulations shall bear the same meaning as in the Act or any statutory modification thereof in force at the date at which these regulations become binding on the Company.</p> <p>PUBLIC COMPANY</p> <p>The Company is a ‘public company’ within the meaning of Section 2(71) of the Act.</p>
	<i>Share Capital and Variation of rights</i>
II 1	<p>i. The authorised share capital of the Company shall be such amount and be divided into such shares as may from time to time, as may be provided in Clause V of Memorandum of Association of the Company with power to Board to reclassify, subdivide, consolidate and increase and with power from time to time, to issue any shares of the original capital or any new capital with and subject to any preferential, qualified or special rights, privileges, or conditions may be, thought fit and upon the sub-division of shares to apportion the right to participate in profits, in any manner as between the shares resulting from sub-division.</p> <p>ii. Subject to the provisions of the Act and these Articles, the shares in the capital of the Company shall be under the control of the Directors who may issue, allot or otherwise dispose of the same or any of them to such persons, in such proportion and on such terms and conditions and either at a premium or at par and at such time as they may from time to time think fit and with the sanction of an ordinary resolution in a general meeting of the Company, give any person the right to call on any shares either at par or at a premium, during such time and for such consideration that the Board may deem fit.</p>
2	<p>i. Every person whose name is entered as a member in the register of members shall be entitled to receive within two months after incorporation, in case of subscribers to the memorandum or after allotment or within one month after the application for the registration of transfer or transmission or within such other period as the conditions of issue shall be provided:</p>

	<p>(a) one certificate for all his shares without payment of any charges; or (b) several certificates, each for one or more of his shares, upon payment of twenty rupees for each certificate after the first.</p> <p>However, the aforesaid time limit may be extended by the Board by way of a resolution thereto.</p> <p>ii. Every certificate shall specify the shares to which it relates and the amount paid-up thereon and shall be signed by two Directors or by a Director and the company secretary of the Company.</p> <p>iii. In respect of any share or shares held jointly by several persons, the Company shall not be bound to issue more than one certificate, and delivery of a certificate for a share to one of several joint holders shall be sufficient delivery to all such holders.</p>
3	<p>i. If any share certificate be worn out, defaced, mutilated or torn or if there be no further space on the back for endorsement of transfer or if there is sub-division or consolidation of shares, then upon production and surrender thereof to the Company, a new certificate may be issued in lieu thereof, and if any certificate is lost or destroyed then upon proof thereof to the satisfaction of the Company and on execution of such indemnity as the Company deem adequate, a new certificate or an addendum to the original certificate in lieu thereof shall be given. Every certificate under this Article shall be issued on payment of an amount not exceeding twenty rupees for each certificate.</p> <p>ii. The provisions of Articles (2) and (3) shall <i>mutatis mutandis</i> apply to debentures of the Company.</p>
4	<p>i. Except as required by law, no person shall be recognized by the Company as holding any share upon any trust, and the Company shall not be bound by, or be compelled in any way to recognize (even when having notice thereof) any equitable, contingent, future or partial interest in any share, or any interest in any fractional part of a share, or (except only as by these regulations or by law otherwise provided) any other rights in respect of any share except an absolute right to the entirety thereof in the registered holder.</p> <p>ii. No notice of any trust, express, implied or constructive shall be entered on the register of members or of debenture holders of the Company.</p>
5	<p>i. The Company may exercise the powers of paying commissions conferred by sub-section (6) of Section 40, provided that the rate per cent or the amount of the commission paid or agreed to be paid shall be disclosed in the manner required by that section and rules made thereunder.</p> <p>ii. The rate or amount of the commission shall not exceed the rate or amount prescribed in rules made under sub-section (6) of Section 40.</p> <p>iii. The commission may be satisfied by the payment of cash or the allotment of fully or partly paid shares or partly in the one way and partly in the other.</p>
6	<p>i. If at any time the share capital is divided into different classes of shares, the rights attached to any class (unless otherwise provided by the terms of issue of the shares of that class) may, subject to the provisions of Section 48, and whether or not the Company is being wound up, be varied with the consent in writing of the holders of three-fourths of the issued shares of that class, or with the sanction of a special resolution passed at a separate meeting of the holders of the shares of that class.</p> <p>ii. To every such separate meeting, the provisions of these regulations relating to general meetings shall <i>mutatis mutandis</i> apply, but so that the necessary quorum shall be at least two persons holding at least one-third of the issued shares of the class in question. However, in the event that all shares are held by a single person or member, the quorum shall be of one person.</p>
7	The rights conferred upon the holders of the shares of any class issued with preferred or other rights shall not, unless otherwise expressly provided by the terms of issue of the shares of that class, be deemed to be varied by the creation or issue of further shares ranking <i>pari passu</i> therewith.
8	Subject to the provisions of Section 55, any preference shares may, with the sanction of an ordinary resolution, be issued on the terms that they are to be redeemed on such terms and in such manner as the Company before the issue of the shares may, by special resolution, determine.

	<i>Lien</i>
9	<p>i. The Company shall have a first and paramount lien:</p> <p>(a) on every share (not being a fully paid share), for all monies (whether presently payable or not) called, or payable at a fixed time, in respect of that share; and</p> <p>(b) on all shares (not being fully paid shares) standing registered in the name of a single person, for all monies presently payable by him or his estate to the Company:</p> <p>Provided that the Board may at any time declare any share to be wholly or in part exempt from the provisions of this clause.</p> <p>ii. The Company's lien, if any, on a share shall extend to all dividends payable and bonuses declared from time to time in respect of such shares.</p> <p>iii. The fully paid-up shares shall be free from all lien and in the case of partly paid-up shares, the Company's lien shall be restricted to monies called or payable at a fixed time in respect of such shares.</p>
10	<p>The Company may sell, in such manner as the Board thinks fit, any shares on which the Company has a lien:</p> <p>Provided that no sale shall be made—</p> <p>(a) unless a sum in respect of which the lien exists is presently payable; or</p> <p>(b) until the expiration of fourteen days after a notice in writing stating and demanding payment of such part of the amount in respect of which the lien exists as is presently payable, has been given to the registered holder for the time being of the share or the person entitled thereto by reason of his death or insolvency.</p>
11	<p>i. To give effect to any such sale, the Board may authorise some person to transfer the shares sold to the purchaser thereof.</p> <p>ii. The purchaser shall be registered as the holder of the shares comprised in any such transfer.</p> <p>iii. The purchaser shall not be bound to see to the application of the purchase money, nor shall his title to the shares be affected by any irregularity or invalidity in the proceedings in reference to the sale.</p>
12	<p>i. The proceeds of the sale shall be received by the Company and applied in payment of such part of the amount in respect of which the lien exists as is presently payable.</p> <p>ii. The residue, if any, shall, subject to a like lien for sums not presently payable as existed upon the shares before the sale, may be retained by the Company to be treated as capital reserve of the Company.</p>
	<i>Call on Shares</i>
13	<p>i. The Board may, from time to time, make calls upon the members in respect of any monies unpaid on their shares (whether on account of the nominal value of the shares or by way of premium) and not by the conditions of allotment thereof made payable at fixed times:</p> <p>Provided that no call shall exceed one-fourth of the nominal value of the share or be payable at less than fifteen days from the date fixed for the payment of the last preceding call.</p> <p>ii. Each member shall, subject to receiving at least fourteen days' notice specifying the time or times and place of payment, pay to the Company, at the time or times and place so specified, the amount called on his shares.</p> <p>iii. A call or a condition of allotment for payment of call may be revoked or postponed or altered at the discretion of the Board.</p>
14	A call shall be deemed to have been made at the time when the resolution of the Board or any committee thereof authorizing the call was passed and may be required to be paid by instalments.

15	The joint holders of a share shall be jointly and severally liable to pay all calls in respect thereof.
16	<p>i. If a sum called in respect of a share is not paid before or on the day appointed for payment thereof, the person from whom the sum is due shall pay interest thereon from the day appointed for payment thereof to the time of actual payment at ten per cent per annum or at such lower rate, if any, as the Board may determine.</p> <p>ii. The Board shall be at liberty to waive payment of any such interest wholly or in part.</p>
17	<p>i. Any sum which by the terms of issue of a share becomes payable on allotment or at any fixed date, whether on account of the nominal value of the share or by way of premium, shall, for the purposes of these regulations, be deemed to be a call duly made and payable on the date on which by the terms of issue such sum becomes payable.</p> <p>ii. In case of non-payment of such sum, all the relevant provisions of these regulations as to payment of interest and expenses, forfeiture or otherwise shall apply as if such sum had become payable by virtue of a call duly made and notified.</p>
18	<p>The Board:</p> <p>i. may, if it thinks fit, receive from any member willing to advance the same, all or any part of the monies uncalled and unpaid upon any shares held by him; and</p> <p>ii. upon all or any of the monies so advanced, may (until the same would, but for such advance, become presently payable) pay interest at such rate not exceeding, unless the Company in general meeting shall otherwise direct, twelve percent per annum, as may be agreed upon between the Board and the member paying the sum in advance.</p> <p>Provided any amount paid up in advance of calls on any share shall not in respect thereof confer on the holder of such share the right to receive any dividends subsequently declared or to participate in profits of the Company.</p>
	<i>Transfer on Shares</i>
19	<p>i. The instrument of transfer of any share in the Company shall be executed by or on behalf of both the transferor and transferee.</p> <p>ii. The transferor shall be deemed to remain a holder of the share until the name of the transferee is entered in the register of members in respect thereof.</p> <p>iii. The Company shall use a common form of transfer of shares.</p>
20	<p><i>Directors may refuse to register any transfer</i></p> <p>i. The Board may, subject to the right of appeal conferred by Section 58 decline to register:</p> <p>(a) the transfer of a share, not being a fully paid share, to a person of whom they do not approve; or</p> <p>(b) any transfer of shares on which the Company has a lien.</p> <p>ii. The Directors may decline to register the transfer of any share if a call on such a share has been made unless and until the amount of such call together with the amount of all overdue calls, if any on such and on all other shares registered in the name of the member, either, solely or jointly with any other person and the amount of all interest, if any, in respect of overdue calls and costs shall have been first paid to the Company and notwithstanding that the time appointed for the payment of the call may not have arrived, but these Articles shall not apply to any transfer which may have been actually lodged with the Office previous to the resolution for the call having been passed by the Directors.</p> <p>Provided the registration of transfer shall not be refused on the ground that the transferor is either alone or jointly with another person or persons indebted to the Company on any account whatsoever, except a lien on shares.</p> <p>iii. If the Board of Directors refuse to register any transfer of share they shall, within one month from the date on which the instrument of transfer or the intimation of such transmission was delivered to the Company, send notice of the refusal to the transferee and the transferor or to the person giving intimation of such transmission as the case may be.</p> <p>iv. Every endorsement upon the certificate of any share in favour of any transferee shall be signed by a person duly authorised by the Board in that behalf. In case of any transferee of a share applying for a new certificate in lieu of the old or existing certificate, he shall be entitled to receive a new certificate on payment by him (in addition to the transfer fee) of a sum of one rupee for every such certificate of share in respect of which the said transfer has been applied for, and upon his delivering up every cancelled old or existing certificate which is to be replaced by new one.</p> <p>v. The Company shall incur no liability or responsibility whatever in consequence of their registering or giving effect to any transfer of shares made or purporting to be made by any</p>

	<p>apparent legal owners (as shown or appearing in the register of members) to the prejudice of persons having or claiming any equitable rights, title or interest to or in the same shares notwithstanding that the Company may have had notice of such equitable right or title or interest prohibiting registration of such transfer and may have entered such notice or referred thereto in any book of the Company and the Company shall not be bound by or required to regard or attend to or give effect to any notice which may be given to it of any equitable right title or interest or be under any liability whatsoever for refusing or neglecting so to do though it may have been entered to referred to in the books of the Company, by the Company shall nevertheless be at liberty to have regard and attend to any such notice and give effect thereto, if the Board shall think fit.</p>
21	<p>The Board may decline to recognise any instrument of transfer unless—</p> <ol style="list-style-type: none"> the instrument of transfer is in the form as prescribed in rules made under sub-section (1) of Section 56; the instrument of transfer is accompanied by the certificate of the shares to which it relates, and such other evidence as the Board may reasonably require to show the right of the transferor to make the transfer; and the instrument of transfer is in respect of only one class of shares.
22	<p>On giving not less than seven days' previous notice in accordance with Section 91 and rules made thereunder, the registration of transfers may be suspended at such times and for such periods as the Board may from time to time determine:</p> <p>Provided that such registration shall not be suspended for more than thirty days at any one time or for more than forty-five days in the aggregate in any year.</p>
	<i>Transmission of Shares</i>
23	<ol style="list-style-type: none"> On the death of a member, the survivor or survivors where the member was a joint holder, and his nominee or nominees or legal representatives where he was a sole holder, shall be the only persons recognised by the Company as having any title to his interest in the shares. Nothing in clause (i) shall release the estate of a deceased joint holder from any liability in respect of any share which had been jointly held by him with other persons.
24	<ol style="list-style-type: none"> Any person becoming entitled to a share in consequence of the death or insolvency of a member may, upon such evidence being produced as may from time to time properly be required by the Board and subject as hereinafter provided, elect, either: <ol style="list-style-type: none"> to be registered himself as holder of the share; or to make such transfer of the share as the deceased or insolvent member could have made. The Board shall, in either case, have the same right to decline or suspend registration as it would have had, if the deceased or insolvent member had transferred the share before his death or insolvency. The provisions of clause 20 shall apply <i>mutatis mutandis</i>
25	<ol style="list-style-type: none"> If the person so becoming entitled shall elect to be registered as holder of the share himself, he shall deliver or send to the Company a notice in writing signed by him stating that he so elects. If the person aforesaid shall elect to transfer the share, he shall testify his election by executing a transfer of the share All the limitations, restrictions and provisions of these regulations relating to the right to transfer and the registration of transfers of shares shall be applicable to any such notice or transfer as aforesaid as if the death or insolvency of the member had not occurred and the notice or transfer were a transfer signed by that member. The Company shall use a common form of transmission of shares.
26	<p>A person becoming entitled to a share by reason of the death or insolvency of the holder shall be entitled to the same dividends and other advantages to which he would be entitled if he were the registered holder of the share, except that he shall not, before being registered as a member in respect of the share, be entitled in respect of it to exercise any right conferred by membership in relation to meetings of the Company:</p> <p>Provided that the Board may, at any time, give notice requiring any such person to elect either to be registered himself or to transfer the share, and if the notice is not complied with within ninety days, the Board may thereafter withhold payment of all dividends, bonuses or other monies payable in respect of the share, until the requirements of the notice have been complied with.</p>
27	Fee on Transfer or Transmission

	i. No fee shall be charged for registration of transfer of Shares/Debentures or for effecting transmission or for registering any letters of probate, letters of administration and similar other documents.
	<i>Forfeiture of shares</i>
28	If a member fails to pay any call, or installment of a call, on the day appointed for payment thereof, the Board may, at any time thereafter during such time as any part of the call or installment remains unpaid, serve a notice on him requiring payment of so much of the call or installment as is unpaid, together with any interest which may have accrued.
29	The notice aforesaid shall— <ul style="list-style-type: none"> i. name a further day (not being earlier than the expiry of fourteen days from the date of service of the notice) on or before which the payment required by the notice is to be made; and ii. state that, in the event of non-payment on or before the day so named, the shares in respect of which the call was made shall be liable to be forfeited.
30	If the requirements of any such notice as aforesaid are not complied with, any share in respect of which the notice has been given may, at any time thereafter, before the payment required by the notice has been made, be forfeited by a resolution of the Board to that effect.
31	<ul style="list-style-type: none"> i. A forfeited share may be sold or otherwise disposed of on such terms and in such manner as the Board thinks fit. ii. At any time before a sale or disposal as aforesaid, the Board may cancel the forfeiture on such terms as it thinks fit.
32	<ul style="list-style-type: none"> i. A person whose shares have been forfeited shall cease to be a member in respect of the forfeited shares, but shall, notwithstanding the forfeiture, remain liable to pay to the Company all monies which, at the date of forfeiture, were presently payable by him to the Company in respect of the shares. ii. The liability of such person shall cease if and when the Company shall have received payment in full of all such monies in respect of the shares.
33	<ul style="list-style-type: none"> i. A duly verified declaration in writing that the declarant is a Director, the manager or the secretary, of the Company, and that a share in the Company has been duly forfeited on a date stated in the declaration, shall be conclusive evidence of the facts therein stated as against all persons claiming to be entitled to the share. ii. The Company may receive the consideration, if any, given for the share on any sale or disposal thereof and may execute a transfer of the share in favour of the person to whom the share is sold or disposed of. iii. The transferee shall thereupon be registered as the holder of the share; and iv. The transferee shall not be bound to see to the application of the purchase money, if any, nor shall his title to the share be affected by any irregularity or invalidity in the proceedings in reference to the forfeiture, sale or disposal of the share.
34	The provisions of these regulations as to forfeiture shall apply in the case of nonpayment of any sum which, by the terms of issue of a share, becomes payable at a fixed time, whether on account of the nominal value of the share or by way of premium, as if the same had been payable by virtue of a call duly made and notified.
	<i>Alteration of Capital</i>
35	The Company may, from time to time, by ordinary resolution increase the share capital by such sum, to be divided into shares of such amount, as may be specified in the resolution.
36	Subject to the provisions of Section 61, the Company may, by ordinary resolution: <ul style="list-style-type: none"> i. consolidate and divide all or any of its share capital into shares of larger amount than its existing shares; ii. convert all or any of its fully paid-up shares into stock, and reconvert that stock into fully paid-up shares of any denomination iii. sub-divide, reclassify the shares in different classes or its existing shares or any of them into shares of smaller amount than is fixed by the memorandum; iv. cancel any shares which, at the date of the passing of the resolution, have not been taken or agreed to be taken by any person.

	<i>Dividends and Reserve</i>
78	The Company in general meeting may declare dividends, but no dividend shall exceed the amount recommended by the Board.
79	Subject to the provisions of Section 123, the Board may from time to time pay to the members such interim dividends as appear to it to be justified by the profits of the Company.
80	<p>i. The Board may, before recommending any dividend, set aside out of the profits of the Company such sums as it thinks fit as a reserve or reserves which shall, at the discretion of the Board, be applicable for any purpose to which the profits of the Company may be properly applied, including provision for meeting contingencies or for equalizing dividends; and pending such application, may, at the like discretion, either be employed in the business of the Company or be invested in such investments (other than shares of the Company) as the Board may, from time to time, think fit.</p> <p>ii. The Board may also carry forward any profits which it may consider necessary not to divide, without setting them aside as a reserve.</p>
81	<p>i. Subject to the rights of persons, if any, entitled to shares with special rights as to dividends, all dividends shall be declared and paid according to the amounts paid or credited as paid on the shares in respect whereof the dividend is paid, but if and so long as nothing is paid upon any of the shares in the Company, dividends may be declared and paid according to the amounts of the shares.</p> <p>ii. No amount paid or credited as paid on a share in advance of calls shall be treated for the purposes of this regulation as paid on the share.</p> <p>iii. All dividends shall be apportioned and paid proportionately to the amounts paid or credited as paid on the shares during any portion or portions of the period in respect of which the dividend is paid; but if any share is issued on terms providing that it shall rank for dividend as from a particular date such share shall rank for dividend accordingly.</p>

82	The Board may deduct from any dividend payable to any member all sums of money, if any, presently payable by him to the Company on account of calls or otherwise in relation to the shares of the Company.
83	<p>i. Any dividend, interest or other monies payable in cash in respect of shares may be paid by cheque or warrant sent through the post directed to the registered address of the holder or, in the case of joint holders, to the registered address of that one of the joint holders who is first named on the register of members, or to such person and to such address as the holder or joint holders may in writing direct.</p> <p>ii. Every such cheque or warrant shall be made payable to the order of the person to whom it is sent.</p>
84	Any one of two or more joint holders of a share may give effective receipts for any dividends, bonuses or other monies payable in respect of such share.
85	Notice of any dividend that may have been declared shall be given to the persons entitled to share therein in the manner mentioned in the Act.
86	<p>i. No dividend shall bear interest against the Company.</p> <p>Unclaimed Dividend</p> <p>ii. The Company shall not forfeit any unclaimed dividend before the claim becomes barred by law. Such unclaimed dividend shall be disposed of in the manner prescribed under Section 124 of the Act.</p>
	<i>Accounts</i>
87	<p>i. The Board shall from time to time determine whether and to what extent and at what times and places and under what conditions or regulations, the accounts and books of the Company, or any of them, shall be open to the inspection of members not being Directors.</p> <p>ii. No member (not being a Director) shall have any right of inspecting any account or book or document of the Company except as conferred by law or authorised by the Board or by the Company in general meeting.</p>
	<i>Winding up</i>
88	<p>Subject to the applicable provisions of the Act and the rules framed thereunder:</p> <p>i. If the Company shall be wound up, the liquidator may, with the sanction of a special resolution of the Company and any other sanction required by the Act, divide amongst the members, in specie or kind, the whole or any part of the assets of the Company, whether they shall consist of property of the same kind or not.</p> <p>ii. For the purpose aforesaid, the liquidator may set such value as he deems fair upon any property to be divided as aforesaid and may determine how such division shall be carried out as between the members or different classes of members.</p> <p>iii. The liquidator may, with the like sanction, vest the whole or any part of such assets in trustees upon such trusts for the benefit of the contributories if he considers necessary, but so that no member shall be compelled to accept any shares or other securities whereon there is any liability.</p>
	<i>Indemnity</i>
89	Every officer of the Company shall be indemnified out of the assets of the Company against any liability incurred by him in defending any proceedings, whether civil or criminal, in which judgment is given in his favour or in which he is acquitted or in which relief is granted to him by the court or the Tribunal.
	<i>Others</i>

Every shareholder or debenture holder or depositor of the Company, may at any time, nominate a person to whom his shares or debentures or deposits shall vest in the event of his death in such manner as may be prescribed under the Act.</p> <p>iii. Where the shares or debentures or deposits of the Company are held by more than one person jointly, joint holders may together nominate a person to whom all the rights in the shares or debentures or deposits, as the case may be shall vest in the event of death of all the joint holders in such manner as may be prescribed under the Act.</p>

	<p>iv. Notwithstanding anything contained in any other law for the time being in force or in any disposition, whether testamentary or otherwise, where a nomination made in the manner aforesaid purports to confer on any person the right to vest the shares or debentures or deposits, the nominee shall, on the death of the shareholder or debenture holder or depositor or as the case may be on the death of the joint holders become entitled to all the rights in such shares or debentures or deposits or, as the case may be, all the joint holders, in relation to such shares or debentures or deposits, to the exclusion of all other persons, unless the nomination is varied or cancelled in the manner as may be prescribed under the Act.</p> <p>v. Where the nominee is a minor, it shall be lawful for the holder of the shares or debentures or deposits, to make the nomination to appoint any person to become entitled to shares in or debentures of or deposits of the Company in the manner prescribed under the Act, in the event of his death, during the minority.</p> <p>vi. A nominee, upon production of such evidence as may be required by the Board and subject as hereinafter provided, elect, either (i) register himself as holder of the share or debenture or deposit, as the case may be; or (ii) to make such transfer of the share or debenture or deposit, as the deceased shareholder or debenture holder or deposit holder, as the case may be, could have made.</p> <p>vii. If the nominee elects to be registered as holder of the share or debenture or deposit himself as the case may be, he shall deliver or send to the Company, a notice in writing signed by him stating that he so elects and such notice shall be accompanied with the death certificate of the deceased shareholder or debenture holder or deposit holder, as the case may be.</p> <p>viii. A nominee shall be entitled to the share dividend, interest on debentures, deposits and other advantages to which he would be entitled if he were the registered holder of the share or debenture or deposit. Provided that he shall not before being registered as a member, be entitled to exercise any right conferred by membership in relation to meeting of the Company.</p> <p>ix. Provided further that the Board may, at any time, give notice requiring any such person to elect either to be registered himself or to transfer the share or debenture or deposit, and if the notice is not complied with within ninety days, the Board may hereafter withhold payment of all dividends, interest, bonuses or other moneys payable in respect of the share or debenture or deposit, until the requirements of the notice have been complied with.</p> <p>General Authority</p> <p>If the Act or any rules framed thereunder requires any specific permission in these Articles for carrying out the mentioned activity by the Board, general meeting or the Company, than it will be deemed that the same is authorised by these Articles, unless and until specifically prohibited by these Articles.</p> <p>Borrowing Powers</p> <p>i. Subject to the provisions of Sections 73, 179 and 180, and other applicable provisions of the Act and these Articles, the Board may, from time to time, at its discretion by resolution passed at the meeting of a Board: (I) accept or renew deposits from Shareholders; (II) borrow money by way of issuance of Debentures ; (III) borrow money otherwise than on Debentures; (IV) accept deposits from Shareholders either in advance of calls or otherwise; and (V) generally raise or borrow or secure the payment of any sum or sums of money for the purposes of the Company. Provided, however, that where the money to be borrowed together with the money already borrowed (apart from temporary loans obtained from the Company's bankers in the ordinary course of business) exceed the aggregate of the Paid-up capital of the Company and its free reserves (not being reserves set apart for any specific purpose), the Board shall not borrow such money without the consent of the Company by way of a Special Resolution in a General Meeting.</p> <p>ii. Subject to the provisions of these Articles, the payment or repayment of money borrowed as aforesaid may be secured in such manner and upon such terms and conditions in all respects as the resolution of the Board (not by circular resolution) shall prescribe including by the issue of bonds, perpetual or redeemable Debentures or debenture-stock, or any mortgage, charge, hypothecation, pledge, lien or other security on the undertaking of the whole or any part of the property of the Company (including its uncalled Capital), both present and future. and Debentures and other Securities may be assignable free from any equities between the Company and the Person to whom the same may be issued.</p>
