#### SMART STORE INTERNATIONAL PRIVATE LIMITED 374, 2ND FLOOR, PACE CITY 2, SECTOR 37, GURGAON-122001, HARYANA

Notes to the financial statements for the Quarter ended 31st March, 2025

#### Significant accounting policies and Notes to Accounts:

#### A Significant accounting policies

#### (a) Basis of accounting and preparation of financial statements

The financial statements of the Company have been prepared on going concern basis under the historical cost convention on an accrual basis in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards specified under Section 133 of the Companies Act, 2013 and the relevant provisions of the Companies Act, 2013. The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year.

#### (b) Use of estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions considered in the reported amounts of assets, liabilities, income, expenses and disclosure of contingent liabilities on the date of the financial statements and the results of operations during the year. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Differences between the actual results and the estimates are recognised in the periods in which the results are known/ materialise. Any revision to accounting estimates is recognised in accordance with the requirements of the respective accounting standard

#### (c) Inventory

Inventories are valued at the lower of cost and net realisable value and adjusted for obsolescence, if any. Cost is determined on a weighted average basis and includes all applicable costs incurred in bringing goods to their present location and condition. Cost of work-in-progress and finished goods include all applicable manufacturing overheads.

### (d) Tangible Assets - Property, Plant and Equipment and Intangible Assets

#### Tangible assets

Property, plant and equipment are stated at cost of acquisition or construction less accumulated depreciation and impairment, if any.

Cost is inclusive of inward freight, duties and taxes and incidental expenses related to acquisition. In respect of major projects involving construction, related pre-operational expenses form part of the value of assets capitalised. Expenses capitalised also include applicable borrowing costs for qualifying assets, if any. All upgradation/enhancements are charged off as revenue expenditure unless they bring similar significant additional benefits. An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the Statement of Profit and Loss.

#### Depreciation and amortisation

Depreciation is provided on Written down value method in accordance with the useful life of assets estimated by the management, which is the more than rate prescribed under schedule II of the Companies Act, 2013, except in case of Leasehold improvements. The estimate of useful lives of fixed assets followed by the Company in preparing the financial statements is disclosed below:

#### Deferred tax

Deferred tax assets are recognized only to the extent that there is reasonable certainty that the assets can be realized in future except for deferred tax assets arising from unabsorbed depreciation or business losses brought forward from prior years that are recognized only if there is a virtual certainty of realization of such assets. Deferred tax assets are reviewed as at each Balance Sheet date and written up or down to reflect the amount that is reasonably / virtually certain (as the case may be) to be realized.

#### (i) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.
